## Finding the Contract Overview Reports

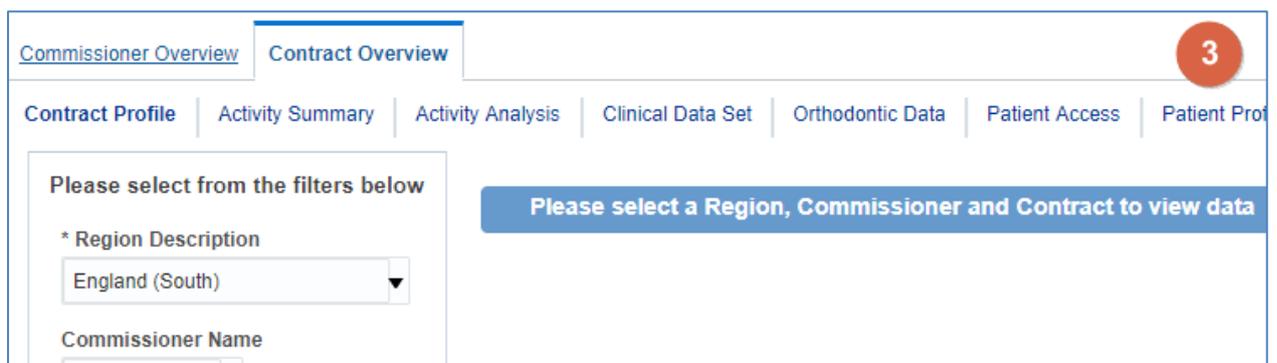

- From the landing page select the Dentistry Dashboard icon.

- The Commissioner Overview reports will be displayed, select the 'Contract Overview' page.

- The Contract Overview page will now be displayed, and you will be prompted to select the relevant filters.

## Using the Contract Overview reports

The Contract Overview report is split into nine separate tabs the report will default to land on the 'Contract Profile' tab.

The screenshot shows the 'Contract Overview' tab selected. Below the navigation tabs, there is a filter section titled 'Please select from the filters below' with the following options:

- \* Region Description: England (South)
- Commissioner Name: Surrey and Sus
- \* Contract Number: --Select Value--
- Reporting Year: 2019/2020

Buttons for 'Apply' and 'Reset' are visible. A blue prompt box says 'Please select a Region, Commissioner and Contract to view data'. A link for 'Download FP17 form detail' is at the bottom.

The Contract Overview report is designed to look at data for individual contracts, with each of the nine tabs showing a different subset of data for the contract you select.

The first thing you must do is use the prompts to select the contact you want to view data for.

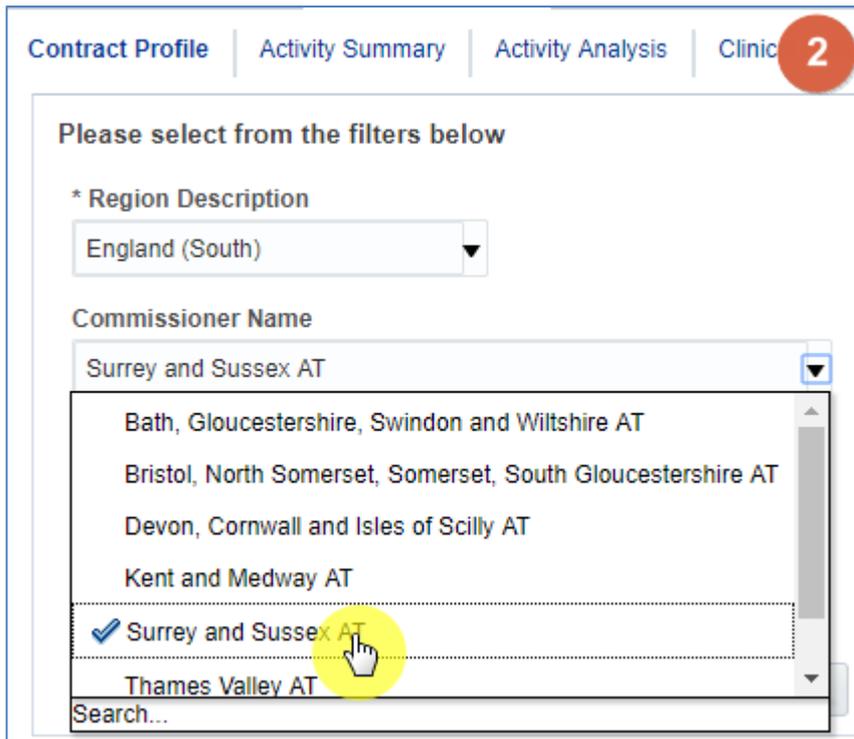

1. Select Region

This close-up shows the 'Region Description' dropdown menu open. The options are:

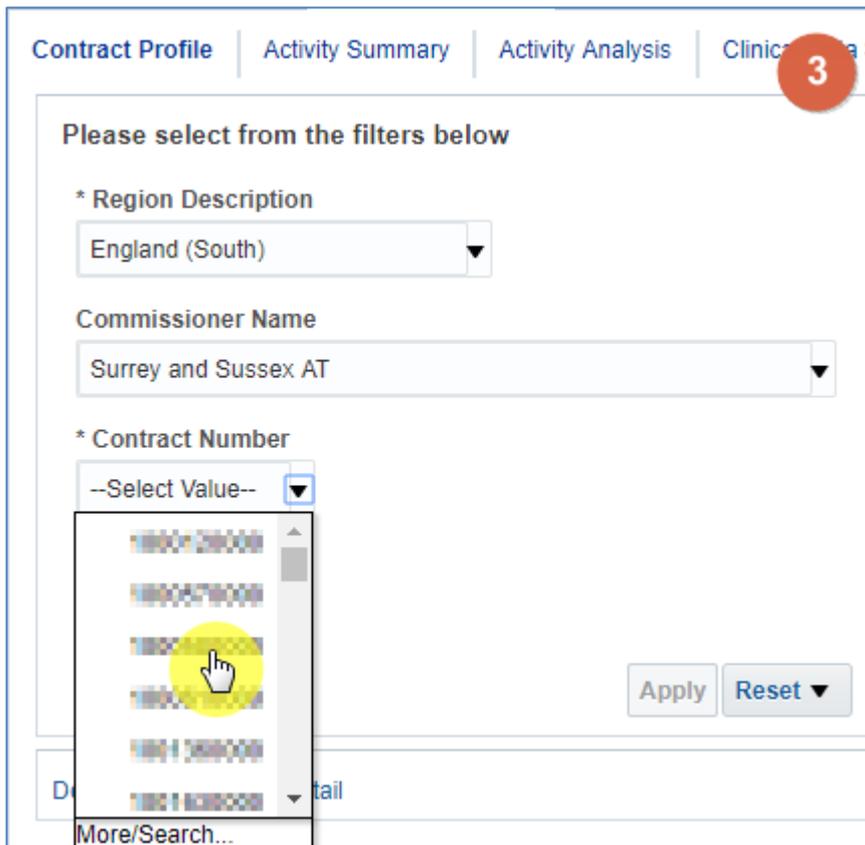

- England (London)
- England (Midlands and East)
- England (North)
- England (South) (highlighted with a yellow circle and a hand cursor)

Below the dropdown is a search bar and the 'Reporting Year' dropdown set to 2019/2020. 'Apply' and 'Reset' buttons are at the bottom. A red circle with the number '1' is in the top right corner of the filter area.

2. Select Commissioner Name

3. Select the 'Contract Number'

4. Click 'Apply' the dashboard will update to show your data

Contract Profile | Activity Summary | Activity Analysis | Clinical **4**

2019/2020 ▼

Apply Reset ▼

## Contract Profile

### Contract Information

The contract information table will show Contract details as entered by commissioners on CoMPASS.

| Provider Name            | Provider Number | Provider Start | Provider End date ▲▼ | Contract Type | Contract Start Date | Contract End Date | Contract Paid by NHS BSA |
|--------------------------|-----------------|----------------|----------------------|---------------|---------------------|-------------------|--------------------------|
| Mindsey Dental Care (20) | 1000001         | Mar 2017       |                      | GDS           | Apr 2017            |                   | Y                        |

### Services Delivered

The services delivered has three performance tiles

% Annual UDA Services Delivered shows the percentage of annual UDA services delivered for the selected time period and contract.

% Annual UOA Services Delivered shows the percentage of annual UOA services delivered for the selected time period and contract.

% Annual COT Services Delivered shows the percentage of annual COT services delivered for the selected time period and contract.

## Delivery of UDA and UOA Services Contracted

There are two graphs within this section, one showing UDA Services, and the other showing for UOA services delivered.

If the selected contractor has not provided either of these services the chart will show as blank, as is shown highlighted below:

*This contract has provided UDA services, but has not provided UOA services hence the UOA services chart is blank.*

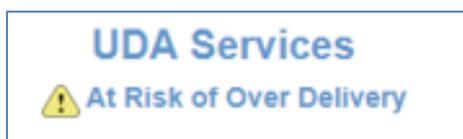

On each of these charts you will see a message regarding the expected delivery of the services:

No delivery, this message will show if there has been no delivery of this service.

'Within Expected Delivery Parameters', this will show when the service is within the expected parameters.

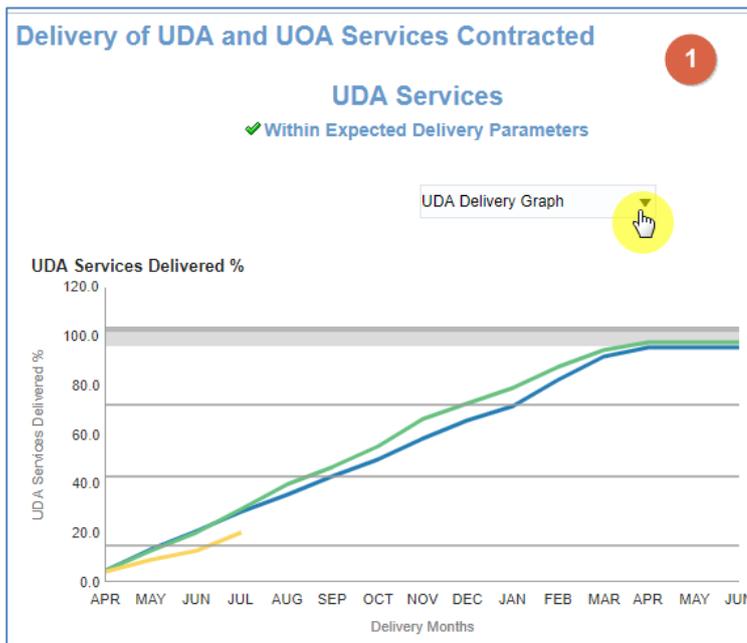

At Risk of Over Delivery, by looking at the previous year national monthly delivery percentage profile and benchmarking for current year. At Risk of Over Delivery is the contracts falling in the 95th percentile.

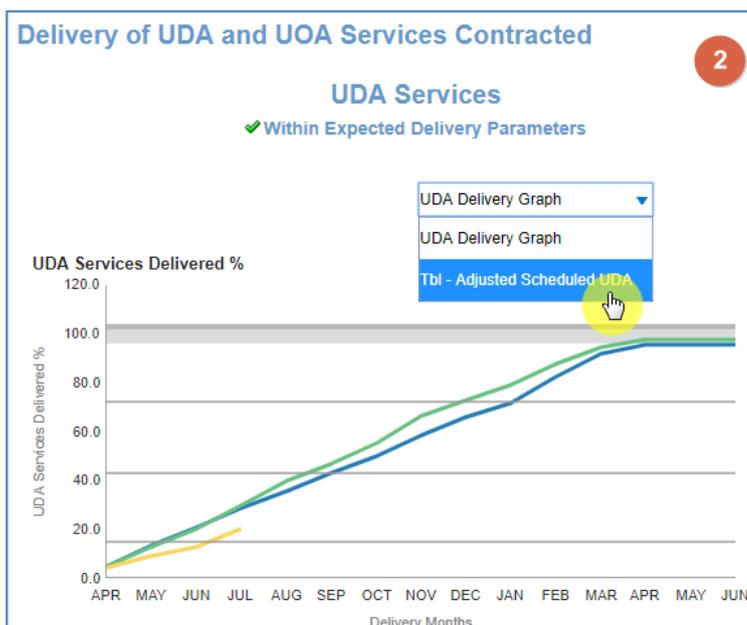

'At Risk of Under Delivery', looking at the previous year National monthly delivery percentage profile and set to benchmark for current year, under delivery for contracts falling in the 5th percentile.

## Update view to display table of data

1. Select the drop-down prompt on the graph.

2. Select 'Tbl - Adjusted Scheduled UDA'.

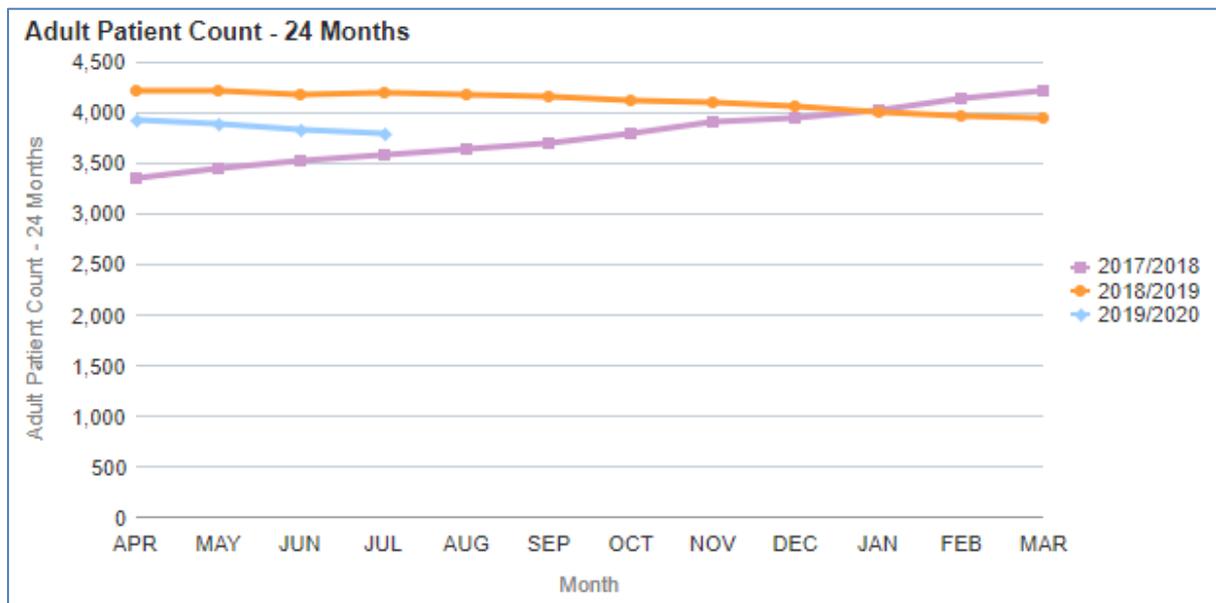

- The view will then update to display a table of data.

Tbl - Adjusted Scheduled UDA 3

|                 |             | Adjusted Scheduled Activity (UDA) |           |           |
|-----------------|-------------|-----------------------------------|-----------|-----------|
| Contract Number | Description | 2017/2018                         | 2018/2019 | 2019/2020 |
| 1000570000      | APR         | 777                               | 835       | 666       |
|                 | MAY         | 2,201                             | 2,096     | 1,466     |
|                 | JUN         | 3,392                             | 3,332     | 2,067     |
|                 | JUL         | 4,677                             | 4,897     | 3,335     |
|                 | AUG         | 5,845                             | 6,497     |           |
|                 | SEP         | 7,038                             | 7,616     |           |
|                 | OCT         | 8,164                             | 9,000     |           |
|                 | NOV         | 9,569                             | 10,786    |           |

## Patient Access

The Patient access has two line charts, displaying a count of unique patients. One chart shows the Adult patient count over the previous 24 months and the other shows the count for children over the previous 12 months.

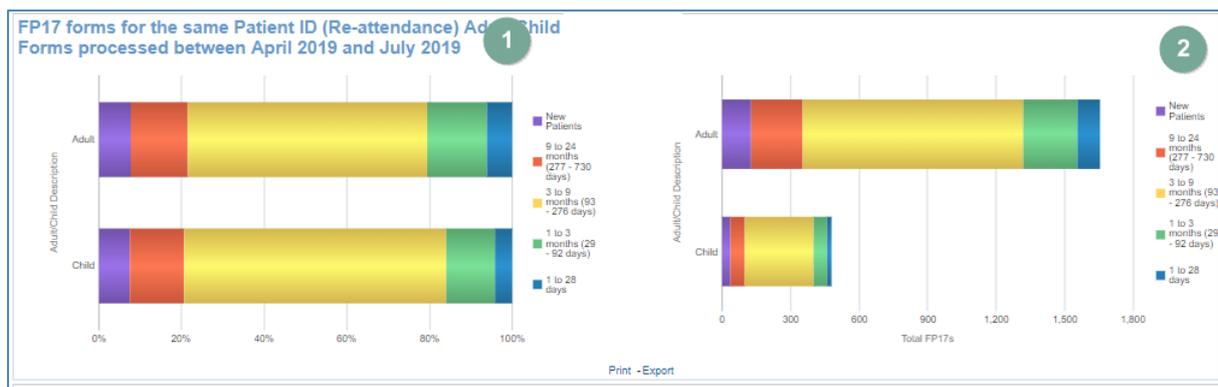

## FP17 forms for the same Patient ID (Re-attendance)

Data displayed for FP17 forms for the same patient ID, for selected contractor.

1. showing data broken down by patient groupings and shows data in a percentage format.
2. showing data broken down by patient groupings and shows the total number of FP17's
3. shows the percentage of FP17 figures for each grouping of the Country
4. shows the percentage of FP17 Figures for the region.

Charts 3 and 4 allows you to easily compare how the selected contract is doing compared to the region or country figures.

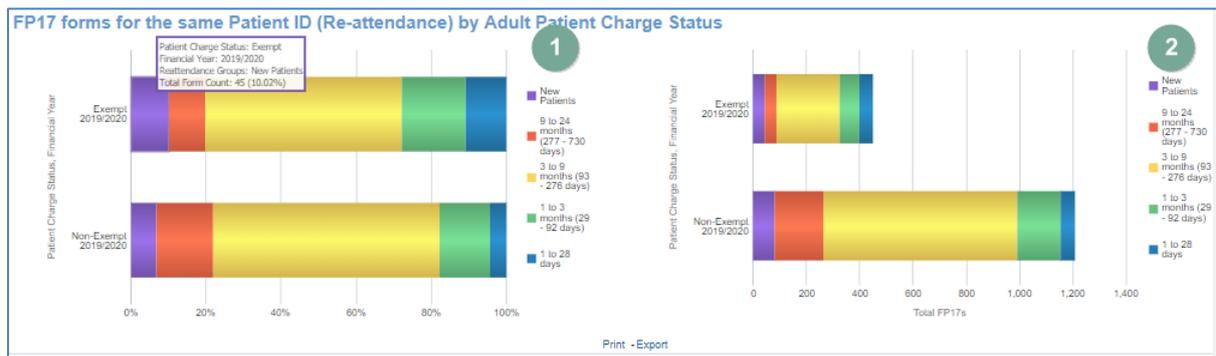

## FP17 forms for the same Patient ID (Re-attendance) by Adult Patient Charge Status.

Data displayed for FP17 forms for the same patient ID, by patient charge status.

1. showing data broken down by patient groupings and shows data in a percentage format.
2. showing data broken down by patient groupings and shows the total number of FP17's split by patient charge status.
3. shows the percentage of FP17 figures for each grouping of the Country
4. shows the percentage of FP17 Figures for the region.

Charts 3 and 4 allows you to easily compare how the selected contract is doing compared to the region or country figures.

## Activity Summary

The activity summary tab will provide a summary of the activity of the selected contract.

## Contract UDA Service Delivery Comparison

Allows the comparison of the % of UDA Services delivered of the select contract against all other contracts within the Area Team.

## Dental Services – General

Table of data – showing Reporting Year Contract Number, UDA financial value, UDA services Contracted, UDA carry forwards, UDA provided to date, Balance of UDA, % of UDA Services Provided.

| Dental Services - General |                |                     |                         |                   |                      |                |                            |
|---------------------------|----------------|---------------------|-------------------------|-------------------|----------------------|----------------|----------------------------|
| Contract Number           | Reporting Year | UDA Financial Value | UDA Services Contracted | UDA Carry Forward | UDA Provided to date | Balance of UDA | % of UDA Services Provided |

## Activity Analysis

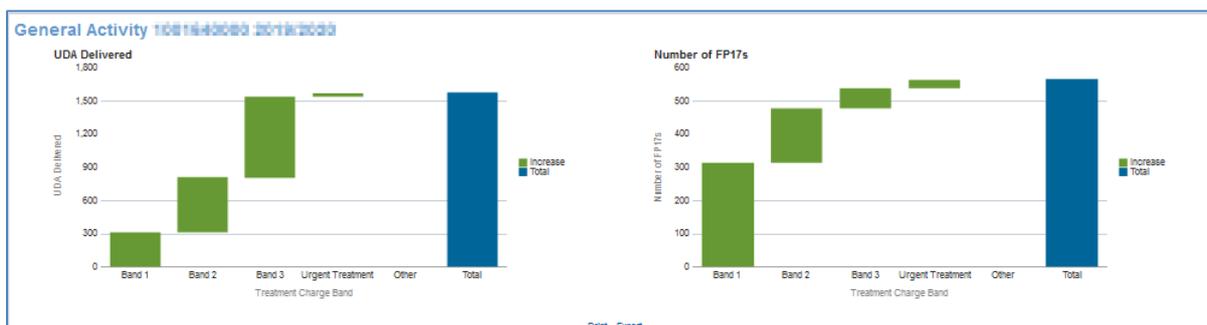

Provides further breakdown of the activity of the contract selected.

### General Activity

Stacked bar charts – showing data for selected time period and contract number.

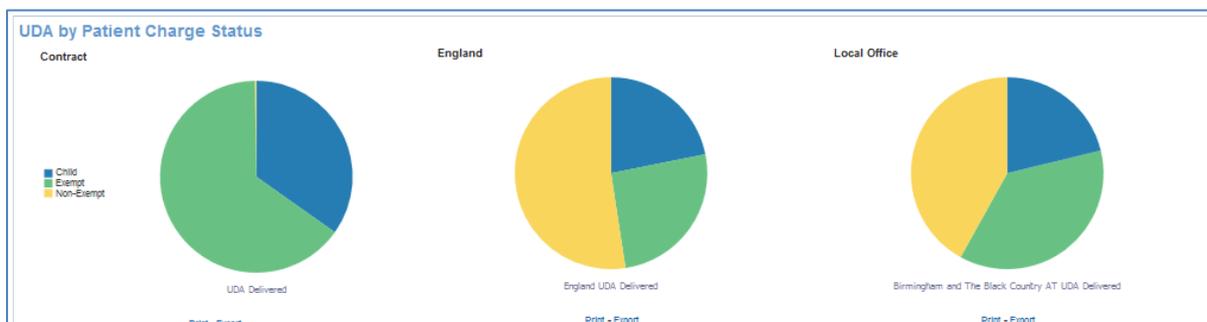

UDA delivered graph shows UDA's delivered by band, urgent treatment and others represented by the green bars, the blue bar shows the total UDA's delivered.

Number of FP17s graph shows number of FP17's provided by band, urgent treatment and others represented by the green bars, the blue bar shows the total FP17's provided.

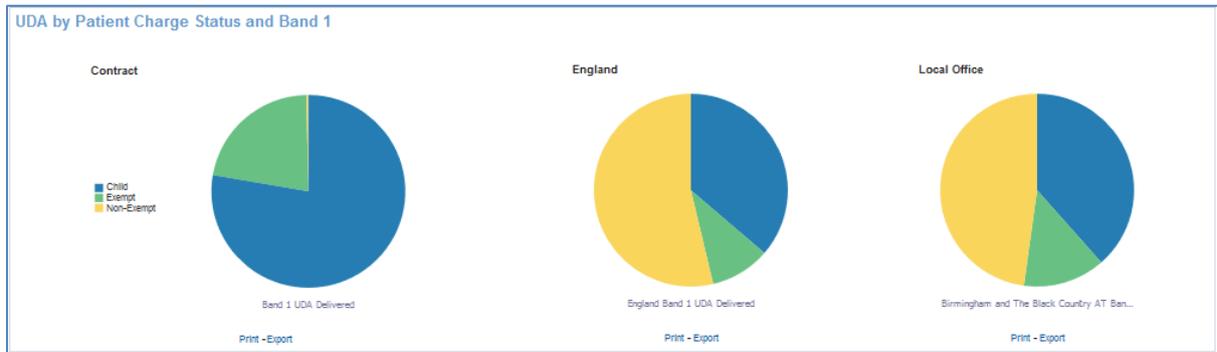

### UDA by Patient Charge Status

Pie charts – showing breakdown of patient charge status for the selected time period and contract number, England or the Local Office. Pie charts are broken into three slices, Blue = Child, Green = Exempt and Yellow = Non-Exempt

## UDA by Patient Charge Status and Band 1

Pie charts – showing breakdown of patient charge status for the selected charge band, time period and contract number, England or Local Office. Pie charts are broken into three slices, Blue = Child, Green = Exempt and Yellow = Non-Exempt

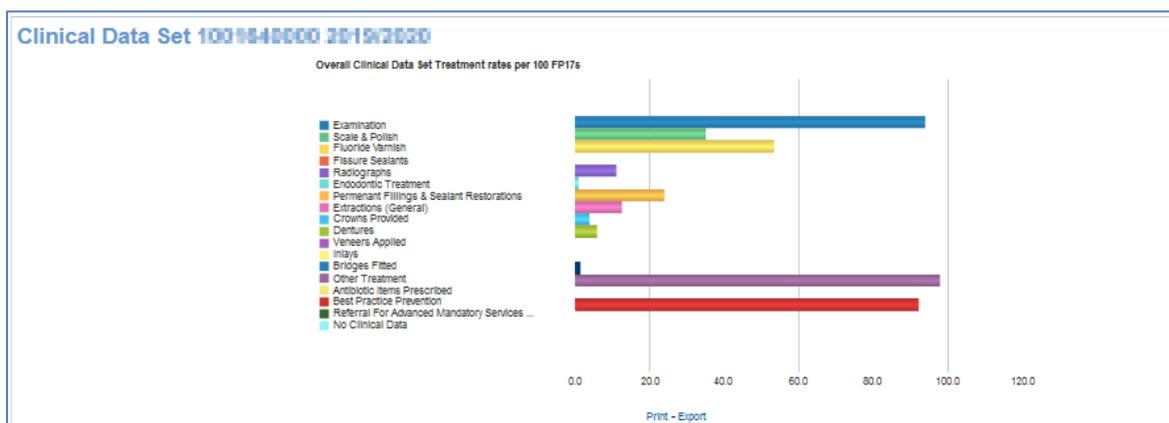

## Clinical Data Set

Provides a breakdown of the clinical data set

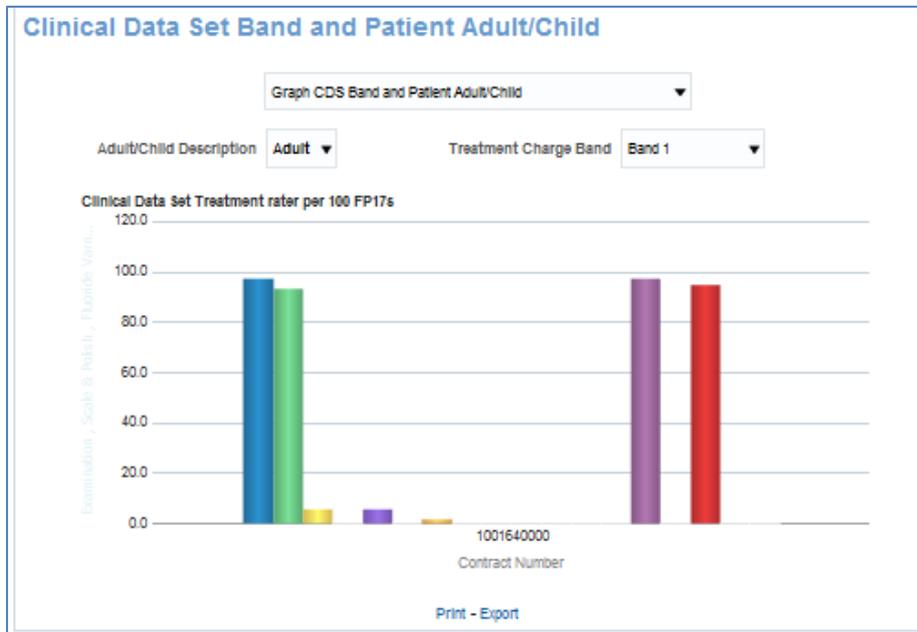

## Clinical Data Set

Horizontal bar chart – showing the overall clinical data set treatment rates per 100 FP17's, for the selected time period and contract

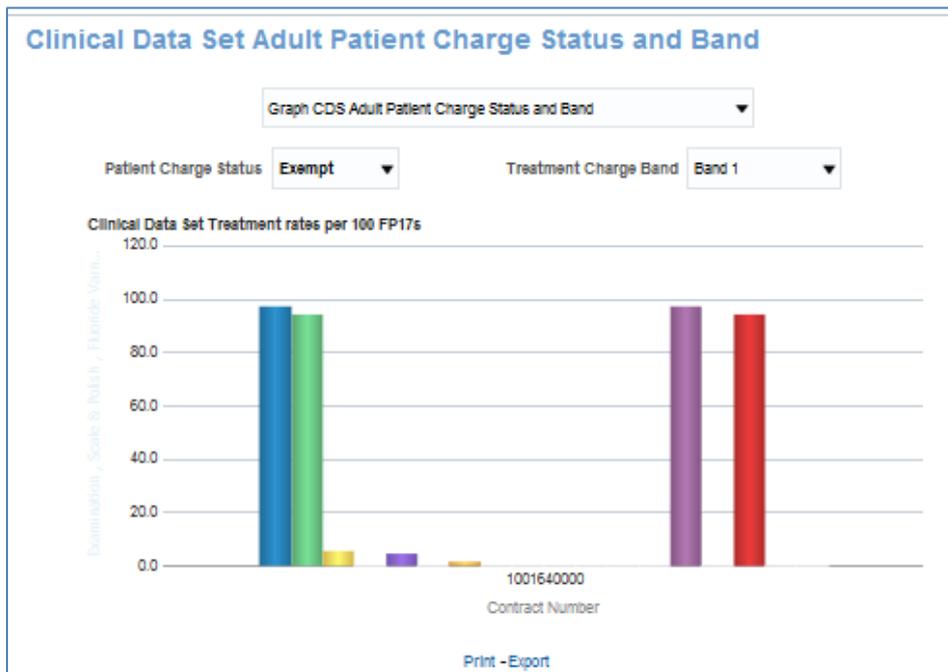

## Clinical Data Set Band and Patient Adult/Child

Vertical bar chart – showing clinical data set treatment rates per 100 FP17's, for the selected time period, adult/child description, treatment charge band and contract

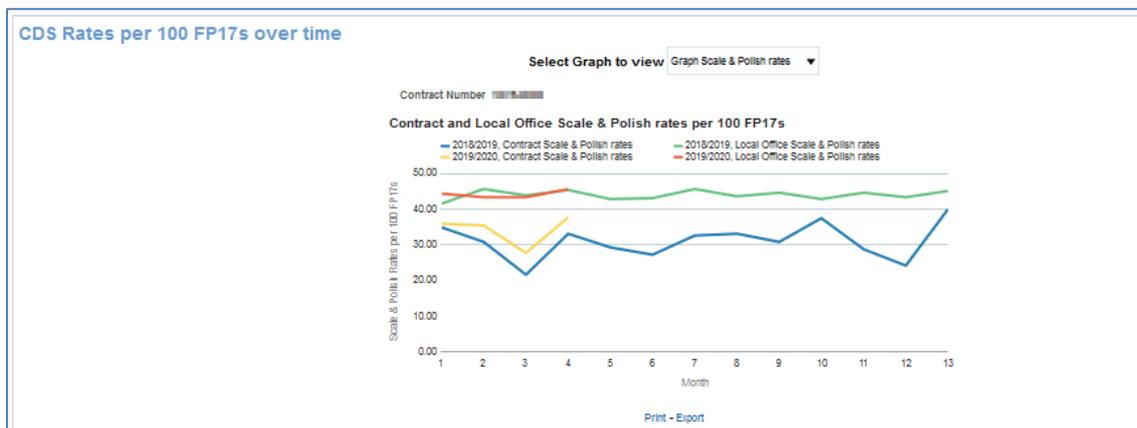

## Clinical Data Set Adult Patient Charge Status and Band

Vertical bar chart – showing clinical data set treatment rates per 100 FP17's, for the selected time period, patient charge status, treatment charge band and contract

## CDS Rates per 100 FP17s over time

Line chart – showing CDS Rates per 100 FP17s over time for the latest 15 months by month. Three views to choose from: Scale and Polish, Radiograph or Fluoride Varnish rates.

## Orthodontic Data

### Orthodontic FP17s

Stacked bar chart – showing number of FP17s for the selected contractor and time period. Green bars represent assessment type blue bar shows the total.

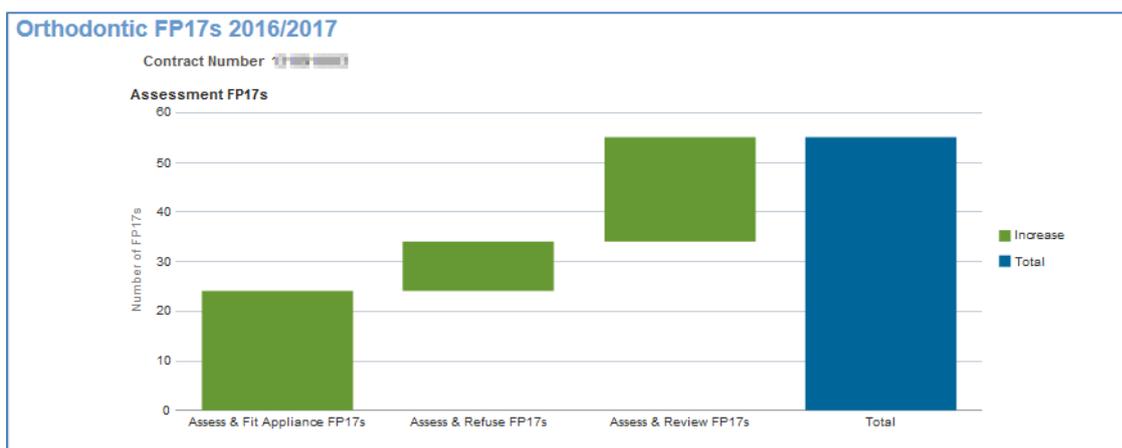

Table of data – showing Assessment FP17s, % of all assessments that were assess and fit appliance (case starts), % of all assessments that were assess and review, % of all assessments that were assess and refuse.

| Assessment FP17s | % of all assessments that were assess and fit appliance (case starts) | % of all assessments that were assess and review | % of all assessments that were assess and refuse |
|------------------|---|--|--|
| 16               | 62.5  | 25.0   | 12.5   |

## Patient Access

During the last 12 or 24 months. Patients have been identified by using surname, first initial, gender and date of birth. No other identifiers have been used. This is a pragmatic compromise between undercounting patients with common identifiers and over-counting where there are slight differences in recorded details.

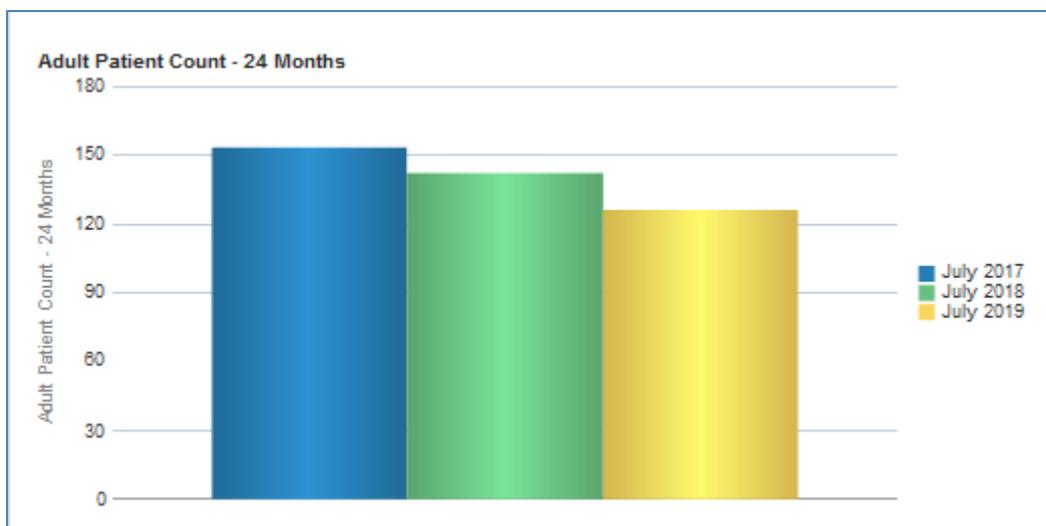

Each unique patient ID is counted against the dentist contract against which the most recent claim was recorded in the 12 or 24 month period, with the following exceptions. If the most recent claim is for urgent treatment, orthodontic treatment, free treatment or treatment on referral the ID remains with the previous contract, if there is one within the 12 or 24 month period. If the claim for the previous contract occurred before the 12 or 24 month period, the ID is allocated to the most recent contract.

## Patient Access

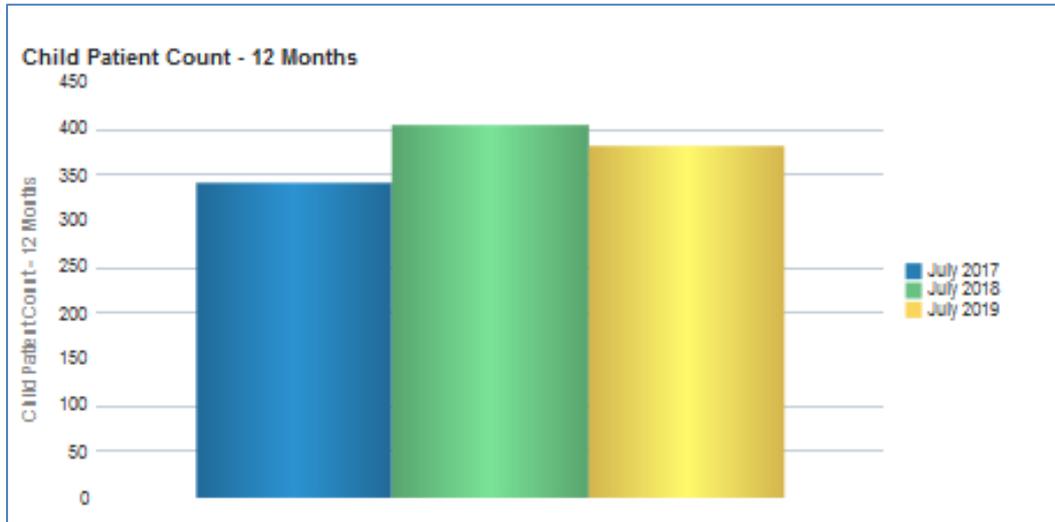

Table – Showing 12 month and 24 month patient counts by adult/child. For the selected contract.

| Snapshot Month | Adult Patient Count - 24 Months | Child Patient Count - 12 Months |
|----------------|---------------------------------|---------------------------------|
| July 2017      | 153                             | 341                             |
| July 2018      | 142                             | 403                             |
| July 2019      | 126                             | 380                             |

Vertical bar chart – Showing 24 month adult patient count up to the time period indicated, i.e. Yellow indicates the adult patient count for the 24 months up to March 2019.

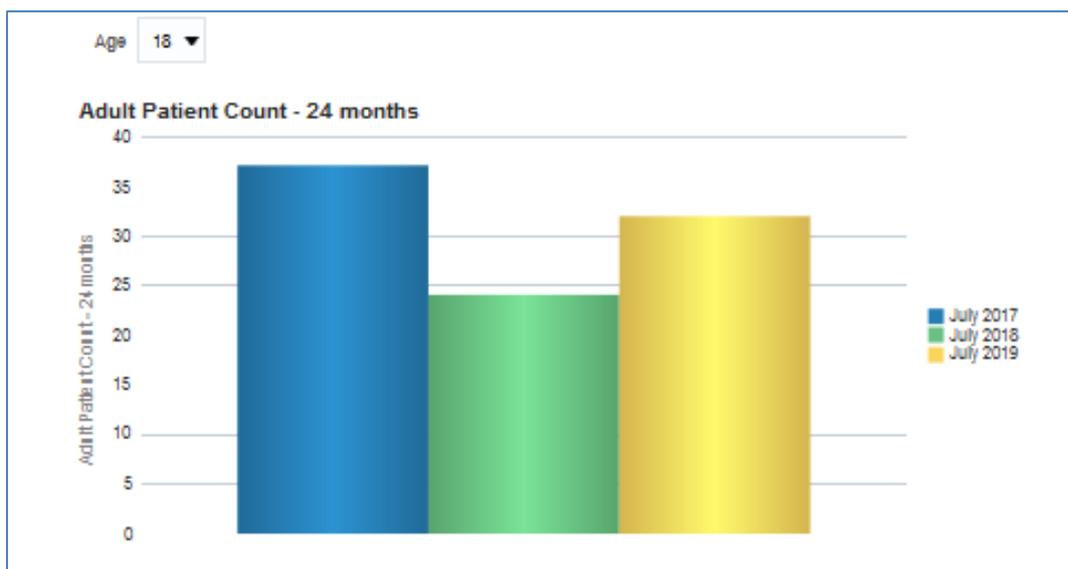

Vertical bar chart – Showing 12 month child patient count up to the time period indicated, i.e. Yellow indicates the child patient count for the 12 months up to March 2019.

## Patient Access – By Age

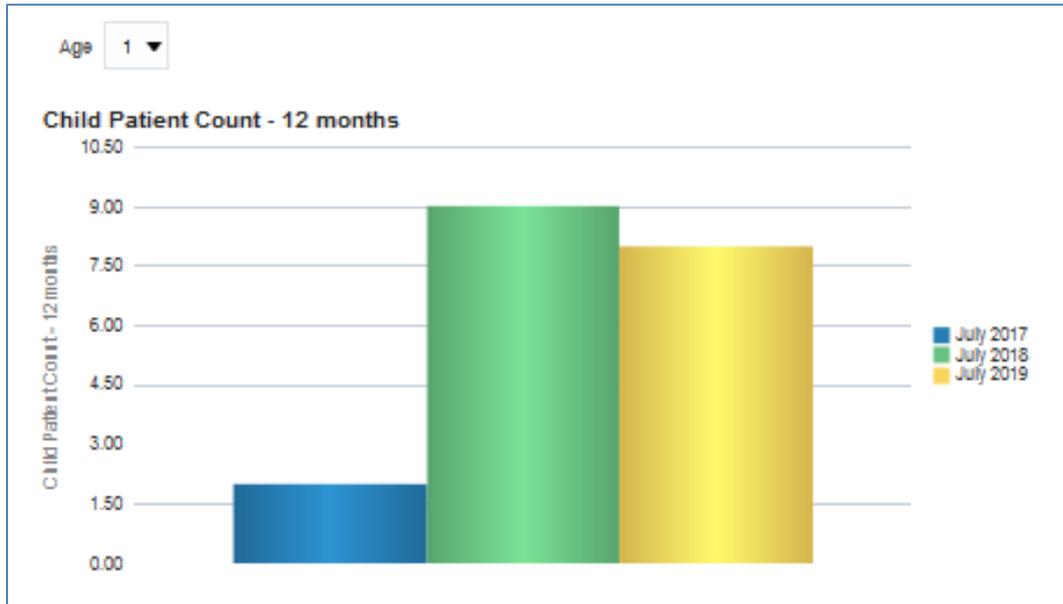

Vertical bar chart – Showing 24 month adult patient count up to the time period indicated for the selected patient age band, i.e. Yellow indicates the adult patient count for the 24 months up to March 2019.

A drop-down list allows the selection of a specific age group.

Vertical bar chart – Showing 12 month child patient count up to the time period indicated for the selected child age band, i.e. Yellow indicates the child patient count for the 12 months up to March 2019.

A drop-down list allows the selection of a specific age group.
