

NHS Jobs System Release for Applicants

Release date
June-2020

Number	Name	Description	Benefit / value
1	Increase character count on adding an academic qualification type.	The character count on the academic qualification type has been increased from 18 to 50.	An increased character count for 'Academic qualification type' allowing applicants to input their full qualification name.
2	Update the E&D pause page content	The Equality and Diversity pause page content has been updated.	Improved Equality & Diversity pause page to provide more clarity to applicants for why data is collected.
3	Improvement to the application sent page	The application sent page now has one green call to action button, rather than two, which takes the applicant to the "Do you want to save your application?" question page.	Improved journey on the 'Application sent' page for applicants to continue and save their application information.
