

NHS Jobs System Release for Employers

Release date
June-2020

Number	Name	Description	Benefit / value
1	Pre-employment checks	Employers have the ability to input pre-employment check details for applicants including home address details, identity and right to work confirmation.	Employers can input pre-employment checks including home address details, identity and right to work confirmation.
2	Shortlist live application	Employers can now score applications as they are submitted, before the advert closes.	Employers can score applications as they're submitted before an advert is closed.
3	Auto chase referee email	The system will automatically send an email to chase the referee for the reference details requested.	Automatic 'chase' emails will be sent to referees saving time for employers.
4	Validation of closing date on a draft vacancy when the vacancy closing date is in the past	Employers will now be taken to edit the closing date on a draft vacancy if the closing date originally entered is before current date.	Validation of closing date on a draft vacancy will prompt employers if the closing date is in the past.
