Number	Name	Description	Benefit / Value
1	Change the heading on applicant E&D gender page	The heading has been changed from 'Are you?' to 'What is your gender?'.	This is clearer for the applicant and ensures consistency across the board.
2	No validation on start and finish date on the job history page	Improvements made to the validation on this page to prevent conflicting dates being entered by an applicant.	This will improve the experience for user and will present clearer error messages when validation isn't met.

3	Update to the banner text	The banner text has been updated to inform users when the NHS Jobs website will be unavailable every Thursday during deployment of releases and essential service updates.	This will improve the user experience and reduce contact from users unable to access the service during these times.
