AMENDMENTS TO THE DRUG TARIFF

April 2022

1. In accordance with regulation 89(3) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 ("the 2013 Regulations"), the Secretary of State for Health as respects England and in accordance with regulation 41(4) of the National Health Service (Pharmaceutical Services) (Wales) Regulations 2013, the Welsh Ministers* as respects Wales have amended the Drug Tariff and determinations made in respect of the amendments to the Drug Tariff shall have effect from 1 August 2015.

For England, by virtue of regulation 91(1) of the 2013 Regulations, the NHS Commissioning Board ("the Board") has been appointed as a determining authority in relation to the pharmaceutical remuneration listed Schedule 8 to the 2013 Regulations (ie types of service remuneration) and remuneration for advanced services. This means that both the Secretary of State and the Board are able to determine remuneration in these areas, although if the Secretary of State determines remuneration in these areas, he is required to notify the Board of his intention to do so before doing so. As part of a phased transfer of responsibilities between the Secretary of State and the Board, the Board will be acting as the lead determining authority in relation to the following Parts:

- Part IIIA
- Part IIIB
- Part VIA
- Part VIB
- Part VIC (up to Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013)

By virtue of Part VIE, the Board is also a determining authority for England for the remuneration for enhanced services and acts as the lead determining authority in that area.

The Secretary of State is the sole determining authority for all other Parts.

Part XI, XIVD, XVIIIID and XXI are rescinded in this edition of the Drug Tariff.

Before the Secretary of State, NHS Commissioning Board and the Welsh Ministers make further determinations they will consult with such organisations as appear to be representative of persons to whose remuneration the determination would relate and such other persons as they consider appropriate in respect of determinations which relate to persons providing pharmaceutical services, or a category of such services in accordance with section 165 of the National Health Service Act 2006 and section 89 of the National Health Service (Wales) Act 2006, regulations made under those sections and under section 164 of the National Health Service Act 2006 and section 88 of the National Health Service (Wales) Act 2006.

PREFACE

2. Please note that you are now being supplied each month with the Drug Tariff which incorporates all amendments to date and this will continue until April 2021, when the Drug Tariff will no longer be printed and distributed (please see paragraph 4 for further information regarding these changes to the circulation of the Drug Tariff). All entries showing a change in price are not specifically included in this preface but are indicated in the Drug Tariff by ∇ for price reduction and \triangle for price increase; changes to the text relating to code, product description, or the inclusion of a new product are indicated by a vertical line in the margin.
3. While every effort is made to ensure that each monthly publication of the Drug Tariff includes all amendments made by the Secretary of State and the Welsh Ministers to the price applicable to the relevant period, the need to observe publishing deadlines sometimes defeats those efforts. Any omitted amendments will be effective from the date on which they came into force, even if publication of the details is unavoidably delayed.

* Functions of the National Assembly for Wales have transferred to Welsh Ministers in accordance with section 162 of and paragraph 30 of Schedule 11 to the Government of Wales Act 2006.

4. ADVANCE NOTICE

Information for England only.

Dispensing contractors should note that from April 2021 the Drug Tariff will no longer be printed and distributed. March 2021 will be the final month in which a printed Drug Tariff will be circulated. The Drug Tariff will continue to be published on a monthly basis and accessible at the following website link: <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/drug-tariff>. All of the online resources will remain accessible as they are now. Where dispensing contractors have a registered email address with the NHS Business Services Authority, from January 2021 a link to the PDF copy will be supplied each month to that address. Where any issues arise in obtaining the link to the PDF copy of the Drug Tariff, dispensing contractors can contact the NHS Business Services Authority at the following email address: nhsbsa.drugtariff@nhs.net. This email address can also be used should contractors wish to request that their email address be added to the circulation list. Dispensing contractors should note that this mailbox will not be monitored until January 2021.

DEFINITIONS

- (a) Except where the context otherwise requires, the terms to which a meaning is assigned by the Regulations or the Terms of Service have the same meaning in this Tariff.
- (b) The term 'contractor' has for Wales the same meaning as 'chemist' as defined in the National Health Service (Pharmaceutical Services) Regulations 1992 and for England the same meaning as 'NHS chemist' as defined in the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013. LPS chemists will also need to be paid at least part of their remuneration (depending on the terms of their scheme) in accordance with the Drug Tariff, and so at least some references to 'contractor' will apply equally to them.
- (c) A pharmacy contractor is a person with whom the NHS Commissioning Board (NHSCB) for England and Local Health Board (LHB) for Wales has made arrangements for the provision of pharmaceutical services in respect of the supply of drugs, appliances and chemical reagents.
- (d) An appliance contractor is a person with whom the NHSCB for England and LHB for Wales has made arrangements for the provision of pharmaceutical services so far as it relates to the supply of appliances included within Part IXA/B/C of this Tariff.
- (e) The term persons includes a body of persons corporate or unincorporate.
- (f) The term Pricing Authority means, as the case may require, the NHS Business Services Authority (NHSBSA) or the NHS Wales Shared Services Partnership (NWSSP).
- (g) The term appliances as used in this Tariff includes dressings.
- (h) The term prescription refers to an item on a prescription form or dispensed in accordance with a repeatable prescription.
- (i) The term prescription form includes, where appropriate, a repeatable prescription.
- (j) The term pharmacy means any premises where drugs are provided by a pharmacist or pharmacy business as part of pharmaceutical services under section 126 (arrangements for pharmaceutical services) for England of the National Health Service Act 2006 and Section 80 of the National Health Service (Wales) Act 2006.
- (k) Specials are unlicensed medicinal products manufactured in the UK for human use which have been specially prepared to meet a prescription ordered for individual patients without the need for the manufacturer to hold a marketing authorisation for the medicinal product concerned.
- (l) Imported products are unlicensed medicinal products sourced from outside the UK under an importers licence issued by the MHRA. These products have been specially sourced to meet a prescription ordered for individual patients without the need for the importer to hold a marketing authorisation for the medicinal product concerned.

In the preparation of this Tariff the Secretary of State for Health and the Welsh Ministers have consulted the Pharmaceutical Services Negotiating Committee.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

CLAUSE 1 DRUGS

Any drug included in this Tariff or in the British National Formulary including the Nurse Prescribers' Formulary, Dental Practitioner's Formulary, European Pharmacopoeia, British Pharmacopoeia or the British Pharmaceutical Codex, supplied as part of pharmaceutical services, must comply with the standard or formula specified therein unless the prescriber has indicated to the contrary. Any drug supplied which is not so included must be of a grade or quality not lower than that ordinarily used for medicinal purposes.

CLAUSE 2 APPLIANCES

The only appliances which may be supplied as part of the pharmaceutical services are those listed in Part IXA/ B/C, and Part X (see Clause 4 below), of the Tariff and which comply with the specifications therein. The items within Part IXA which are **not** prescribable on Forms FP10(CN) and FP10(PN) are annotated ☒

CLAUSE 3 CHEMICAL REAGENTS

The only chemical reagents which may be supplied as part of the pharmaceutical services are those listed in Part IXR of the Tariff. The items within Part IXR which are **not** prescribable on forms FP10(CN) and FP10(PN) are annotated ☒

CLAUSE 4 DOMICILIARY OXYGEN THERAPY SERVICE

The requirements for the supply of domiciliary oxygen and its associated appliances together with the arrangements for reimbursement of those contractors included on the CCG's for England and LHB's for Wales lists of contractors authorised to provide this service, are set out in Part X of the Tariff.

CLAUSE 5 PAYMENTS FOR PROVIDING PHARMACEUTICAL SERVICES**CLAUSE 5A CLAIMS FOR PAYMENTS****Claims for payment for England only up until March 2022 (February 2022 prescriptions)**

1. Paper prescriptions - contractors must:
 - (a) Endorse prescription forms¹ as required in Clause 9 (Endorsement Requirements) of this Tariff; and
 - (b) Dispatch the prescription forms to the relevant division of the NHS Business Service Authority: NHS Prescription Services for England:
 - (i) with the appropriate claim form (also referred to as the FP34C form²);
 - (ii) sorted as appropriate;
 - (iii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iv) not later than the 5th day of the month following that in which the supply was made³.

¹ For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage Protocol (SSP).

² Contractors should note that the FP34C is available online on the Manage Your Service (MYS) portal and in paper form. However, from April 2022 the form will be available online only. Contractors, who use the MYS portal, must print off the populated FP34C from the portal and dispatch it alongside the batch of paper prescriptions.

³ Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month.

Note: for contractors, who use the FP34C on MYS, they must complete and submit it by the 6th of the month including where needed printing the populated FP34C and dispatching it alongside the batch of paper prescriptions.

2. Repeat dispensing services - contractors must:
 - (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.
 - (b) dispatch the batch issues (in the same parcel as per Clause 5A 1) relating to drugs, appliances or chemical reagents which have been dispensed to the NHS Prescription Services for England:

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

 - (i) not later than the 5th day of the month following that in which the supply was made³.
- (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
- (d) retain repeatable prescriptions until they have expired or are no longer required and then dispatch them to the NHS Prescription Services for England:
- (i) sorted as appropriate separate from the batch issues;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) in the month following that in which they expired, or the contractor became aware that they were no longer required.

 - (b) Dispatch the prescription forms to the relevant division of the Primary Care Services (PCS):
 - (i) with the appropriate claim form;
 - (ii) sorted⁵ as appropriate;
 - (iii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iv) for receipt by no later than the 8th working day of the month following that in which the supply was made.
4. Repeat dispensing services - contractors must:
- (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.

 - (i) with the appropriate claim form;
 - (i) sorted⁵ as appropriate;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) for receipt by no later than the 8th working day of the month following that in which the supply was made.
 - (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
 - (d) retain repeatable prescriptions until they have expired or are no longer required and then dispatch them to the PCS for Wales:
 - (i) sorted⁵ as appropriate separate from the batch issues;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) in the month following that in which they expired, or the contractor became aware that they were no longer required.

⁴ For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage protocol (SSP).

⁵ Minimum Standard for Submission of Monthly Account.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

1. To ensure the accurate and timely payment of accounts each month prescriptions must meet minimum submission standards. Details of minimum submission standards can be found on the Shared Services Partnership website.
2. Contractors are responsible for training staff involved in the preparation of prescriptions for transit and submission. Further supporting information and training material can be found on the Shared Services Partnership website.

Failure to submit accounts in a timely manner may result in advance payments not being processed. In addition, accounts that fail to meet the minimum standards set out at 1 above may be subject to financial penalty.

5. England only - Prescriptions via the Electronic Prescription Service (EPS) - contractors must:
 - (a) ensure the Electronic Reimbursement Endorsement Messages (EREMs)⁶ include endorsement requirements as required by Clause 9, Part II, and submit the EREMs via EPS to NHS Prescription Services for England for receipt at the Pricing Authority no later than by the 5th of the following month in which supply was made⁷ to secure payment for the current month. Contractors should note that any EREMs sent after the 5th of the following month in which supply was made will be priced with next month's claim. EREMs sent later than 180 days after the dispense notification was sent, will not be subject to payment;
 - (b) annotate the number of submitted EREMs on the appropriate claim form as per Clause 5A 1b(i)³; and
 - (c) all EPS tokens must be:
 - (i) sorted separately from FP10 paper prescription forms with the exception of age exempt tokens and any other tokens specified on the FP34C which must not be submitted (unless there is an exemption under Part XVI), and
 - (ii) dispatched in the same parcel as per Clause 5A 1.

Contractors should note that EPS Tokens may be checked against claims for payment for audit purposes and possible enforcement action. The legal position is that payment will be made against the EREM, not the EPS token, and so prescription charges will be deducted, even if there is a failure to properly record an exemption that the patient can properly claim in the EREM, and if the EPS Token correctly records this, unless contractors request a recheck under Part XIVB.

It is a condition of entitlement to exemption from prescription charges that the patient or their representative claiming exemption must make and duly complete a declaration of entitlement unless an automatic exemption applies⁸. Where applicable, the contractor must ensure that the patient declaration is recorded on the system.

In the case of automatic exemptions⁸, electronic prescriptions and paper prescriptions are similar, in that regardless of the exemption or charge information populated either by the patient/representative or the contractor, it will be disregarded (i.e. even if there is an error on the EREM, or where the paper prescription states that a prescription charge was taken or if it is on a prescription with an additional chargeable item, the charge will not be deducted).

⁶ Pharmacy contractors should note that the Dispense Notification must be sent before the EREM.

⁷ Pharmacy contractors are encouraged to submit EREMs throughout the month.

⁸ This includes age exempt prescriptions, prescription forms with only free-of-charge sexual health medication and/or contraceptives, where Real Time Exemption Checking (RTEC) confirms an exemption and where a smaller quantity (in comparison with the prescription) of a drug is supplied in accordance with an SSP.

 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) not later than the 5th day of the month following that in which the supply was made¹¹.
 - (c) Populate the appropriate claim form on the Manage Your Service (MYS) platform to reflect claims for paper prescription and submit it electronically by no later than the 5th day of the following month in which the supply was made¹². Contractors must also print the populated FP34C form from the MYS platform and dispatch it alongside the paper prescriptions as per Clause 5A 6 (b).
7. Repeat dispensing services - contractors must:
- (a) endorse batch issues as required in Clause 9 (Endorsement Requirements) of this Tariff. In addition, batch issues relating to drugs, appliances or chemical reagents which have been dispensed must be stamped with the contractor's stamp and dated with the date on which the items were dispensed.
 - (b) dispatch the batch issues relating to drugs, appliances or chemical reagents which have been dispensed to the NHS Prescription Services for England:
 - (i) sorted as appropriate;
 - (ii) in a secure manner that enables tracking and tracing of the delivery; and
 - (iii) by no later than the 5th day of the month following that in which the supply was made¹³;
 - (c) destroy any batch issues relating to drugs, appliances or chemical reagents which are not required, or which should not be dispensed because the contractor has been notified to that effect by the doctor who issued them or because the relevant repeatable prescription has expired; and
 - (d) populate the appropriate claim form on the Manage Your Service (MYS) platform to reflect repeat dispensing services and submit it by no later than the 5th day of the following month in which the supply was made¹⁴. Contractors must also print the populated FP34C from the MYS platform and submit it alongside paper prescriptions as per Clause 5A 6 and 7.

⁹ Pharmacy contractors should note that until March 2022 two systems will be run concurrently – for those pharmacy contractors who wish to continue to use paper FP34C and receive payment as per Clause 5C1(a) and for those who wish to use MYS platform to populate their FP34C and receive payment as per Clause 5C1(d). From April 2022, only the timetable outlined in Clause 5C1(d) will be in place (i.e. all pharmacy contractors will have to use MYS).

¹⁰ For the purpose of Part I of the Drug Tariff, wherever prescriptions, prescription forms or batch issues are mentioned, this includes prescription forms where supply was made in accordance with a Serious Shortage Protocol (SSP).

¹¹ Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month. Note: The requirement to submit EREMs within the first 5 days remains unchanged.

¹² Where one or more bank holiday occurs within the first five days of the month, MYS submission must be completed and submitted by the 6th of the month.

¹³ Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month. Note: The requirement to submit EREMs within the first 5 days remains unchanged.

¹⁴ Where one or more bank holiday occurs within the first five days of the month, MYS submission must be completed and submitted by the 6th of the month.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

-
8. Prescriptions via the Electronic Prescription Service - contractors must:
- (a) ensure that the Electronic Reimbursement Endorsement Messages (EREMs)¹⁵ include the endorsement requirements as required by Clause 9, Part II, and submit the EREMs via EPS to NHS Prescription Services for England for receipt at the Pricing Authority by no later than the 5th day of the month following that in which the supply was made¹⁶.
Contractors should note that any EREMs sent after the 5th of the following month in which supply was made will be priced with next month's claim. EREMs sent later than 180 days after the Dispense Notification was sent, will not be subject to payment; and
 - (b) annotate the number of submitted EREMs on the appropriate claim form on the Manage Your Service (MYS) platform as per Clause 5A 6 and 7¹⁷; and
 - (c) all EPS tokens must be:
 - (i) sorted separately from FP10 paper prescription forms with the exception of age exempt and any other tokens specified on the FP34C which must not be submitted (unless there is an exemption under Part XVI); and
 - (ii) dispatched in the same parcel as per Clause 5A 6 and 7.

Contractors should note that EPS Tokens may be checked against claims for payment for audit purposes and possible enforcement action. The legal position is that payment will be made against the EREM, not the EPS token, and so prescription charges will be deducted, even if there is a failure to properly record an exemption that the patient can properly claim in the EREM, and if the EPS token correctly records this, unless contractors request a recheck under Part XIVB.

It is a condition of entitlement to exemption from prescription charges that the patient or their representative claiming exemption must make and duly complete a declaration of entitlement unless an automatic exemption applies¹⁸. Where applicable, the contractor must ensure that the patient declaration is recorded on the system.

In the case of automatic exemptions¹⁸, electronic prescriptions and paper prescriptions are similar, in that regardless of the exemption or charge information populated either by the patient/representative or the contractor, it will be disregarded (i.e. even if there is an error on the EREM, or the paper prescription states that a prescription charge was taken or if it is on a prescription with an additional chargeable item, the charge will not be deducted).

9. Claims in exceptional circumstances preventing the contractor from submitting the FP34C form as outlined in Clause 5A 6, 7 and 8.
- (a) In exceptional circumstances, where the contractor through no fault of their own, is unable to submit the FP34C form through the MYS portal, contractors are advised to contact the NHSBSA either through email nhsbsa.mys@nhs.net or by contacting the MYS helpdesk number (0300 330 1368). Contractors should note that this route is available only for emergencies, which are directly related to the contractor (for example internet outage in the contractor's area) and not related to the MYS platform itself (in case of the MYS platform being down there will be instructions for contractors on the NHSBSA's website on what to do);
 - (b) Contractors, who will be using the email route, are advised that they must apply an advanced electronic signature to the email to secure payment; and
 - (c) Contractors, who will be using the telephone route, are advised that the NHSBSA will contact the contractor via a preferred email address for the contractor, which the contractor has shared with them during the phone call conversation, for them to confirm that the claim the NHSBSA noted via the phone call was correct, and the contractor must apply an advanced electronic signature to the confirmation email to secure payment.

¹⁵ Pharmacy contractors should note that the Dispense Notification must be sent before the EREM.

¹⁶ Pharmacy contractors are encouraged to submit EREMs throughout the month.

¹⁷ Where one or more bank holiday occurs within the first five days of the month, dispatch must be secured by the 6th of that month. Note: The requirement to submit EREMs within the first 5 days remains unchanged.

¹⁸ This includes age exempt prescriptions, prescription forms with only free-of-charge sexual health medication and/or contraceptives, where Real Time Exemption Checking (RTEC) confirms an exemption and where a smaller quantity (in comparison with the prescription) of a drug is supplied in accordance with an SSP.

Where evidence is submitted, no administrative deduction will be made. If no evidence is provided within this time, then the administrative deduction will be made from the next Schedule of Payment.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**CLAUSE 5C TIMETABLE FOR PAYMENTS FOR ENGLAND****1. Pharmacy Contractors****Wales and England (England only up until March 2022 (February 2022 prescriptions))¹⁷**

Pharmacy Contractors will be paid monthly via NHSBSA. Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

(a) Payments will be made monthly and comprise of the following elements:

1. An estimated 100% advance payment for prescriptions submitted one month earlier (dispensed two months earlier). This payment is based on the total items declared on the paper FP34C submission document (note - FP34C submitted via MYS applies to this payment timetable up to and including October 2021 claims) and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document;

Formula for calculating estimated advance payment

Average Net Ingredient Cost of the prescriptions * x number of items declared on submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing

2. plus the full value of the priced prescriptions submitted two months earlier (dispensed three months earlier);
3. minus the recovery of the estimated 100% advance payment paid the previous month related to the prescriptions submitted two months earlier (dispensed three months earlier).

For example, August's payment will comprise the 100% advance payment for prescriptions submitted in July (dispensed in June) with the full value of the priced prescriptions less the recovery of the estimated 100% advance payment for prescriptions submitted in June (dispensed in May).

NOTE: for the purposes of explanation, part 1 of the payment will be called 'the advance payment' and parts 2 and 3 together will be called the 'reconciliation'.

- (b) From April 2013, contractors will be paid according to either of two payment timetables available. All pharmacy contractors will be paid to timetable outlined in Table 1 unless they have enrolled in the Pharmacy Earlier Payment Scheme.

Timetable A:

Pharmacy contractors will be paid a single payment, which will comprise of all the elements outlined above.

Table 1 Payment timetable for July 2021 to April 2022

Payment month	July 2021	Aug 2021	Sept 2021	Oct 2021	Nov 2021	Dec 2021	Jan 2022	Feb 2022	Mar 2022	Apr 2022

¹⁷ Pharmacy contractors should note that until March 2022 two systems will be run concurrently – for those pharmacy contractors who wish to continue to use paper FP34C and receive payment as per Clause 5C1(a) and for those who wish to use MYS platform to populate their FP34C and receive payment as per Clause 5C1(d). From April 2022, only the timetable outlined in Clause 5C1(d) will be in place (i.e. all pharmacy contractors will have to use MYS).

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

(c) Pharmacy Earlier Payment Scheme (PEPS)

- (i) Pharmacy contractors, that are signed up to the Pharmacy Earlier Payment Scheme (the 'Scheme'), should note that the Scheme will be terminated on 1 November 2021. Their last PEPS payment as outlined in Clause 5C1(c)(iii) will be paid on 1 October 2021.
- (ii) On 1 November 2021 a period of a 12-month transition arrangement will start for pharmacy contractors, who are signed up to PEPS, to bring them over to the timetable outlined in Clause 5C (d) or (e). As part of the transition arrangement pharmacy contractors, who are signed up to the Scheme, will receive on 1 November 2021 a one-off payment to bridge the gap between the current PEPS payment timetable and the timetable outlined in Clause 5C (d) or (e). The one-off payment will be set at 92% of the PEPS pharmacy contractor's payment which the contractor will have received on 1 October 2021. This one-off payment will be recovered in equal parts over 11 months, i.e. the last recovery will be on 30 September 2022.

PEPS pharmacy contractors, who want to opt out from the above described transition arrangements, must notify the NHSBSA of this by 15 October 2021 by emailing nhsbsa.pepscontractorpayments@nhs.net requesting to opt out.

- (iii) Pharmacy contractors, who are enrolled on the Scheme will receive the following payment up until October 2021:
- The NHSBSA will calculate a 100% advance payment to be paid to pharmacy contractors on the 1st of the month in respect of the items they expect to dispense in that month. This calculation will be based on the average number of items over the latest available 5 months, the average item value over the latest available 12 months and the prescription charge proportion from the latest available month (i.e. the percentage amount by which that month's payment is reduced due to prescription charges).

For example, April's advance notice will be calculated using the average number of items from September 2020 to January 2021; the average item value from February 2020 to January 2021 and the prescription charge proportion from January 2021.
 - Batches must be received by the 5th day of the following month after dispensing as outlined in Clause 5A 1. For example, April's batch must be sent to the NHSBSA by the 5th May. Failure to send a batch as described above may result in the contractor being removed from the PEPS Scheme and being therefore transferred to Timetable A.
 - Pharmacy contractors must immediately notify the NHSBSA of any adverse or anticipated changes pertaining to the pharmacy business.
 - Reconciliation payment – Pharmacy contractors will be paid the reconciliation payment according to Timetable A outlined above.

Table 2 This table provides an overview of payment and reconciliation that will apply for the PEPS Scheme from July 2021.

Dispensing month	July 2021	Aug 2021	Sept 2021	Oct 2021
Advance payment*	1 July	2 Aug	1 Sept	1 Oct
Reconciliation for dispensed prescriptions	1 Oct	1 Nov	1 Dec	31 Dec

* If days referred to above fall on a weekend or bank holiday, the next available working day will be applied.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS**England only - From November 2021 (October 2021 prescriptions)¹⁸**

Pharmacy Contractors will be paid monthly via NHSBSA. Payments will be detailed in the FP34 Schedule of Payment, which pharmacy contractors will receive approximately 5 working days before payment.

- (d) Payment timetable for pharmacy contractors that submit their batches and where the FP34C declaration is submitted via MYS by no later than the 5th of the month following that in which the supply was made.

Pharmacy contractors will receive:

- (i) Advance Payment – 100% advance payment for prescriptions dispensed one month earlier paid from day 8 of the month the prescriptions and the appropriate claim form are submitted for pricing as per Clause 5A 6, 7 and 8 (see Table 3 below).

This payment is based on the total items declared on the FP34C submission document and the latest available average Net Ingredient Cost (NIC) for that pharmacy, less the value of prescription charges collected and declared on the FP34C submission document.

Formula for calculating estimated advance payment:

Average Net Ingredient Cost of the prescriptions * x number of items declared on the submission document less the value of prescription charges declared as collected at the rate payable on the date of dispensing.

- (ii) Reconciliation Payment –

- Positive reconciliation – pharmacy contractors will be paid the reconciliation payment on the 1st working day of the month two months after they have submitted the appropriate claim form and prescriptions for pricing.
- Negative reconciliation – NHSBSA will recover the value of the overestimate from the 100% advance payment paid circa 6 working days later than the positive reconciliation (for exact dates see Table 3 below).

*Note - Where one or more bank holiday occurs within the first five days of the month, dispatch / submission must be secured by the 6th of that month. As a consequence, this will have an impact on the payment date, i.e. it will be 4 working days from the submission / dispatch date deadline.

**Negative reconciliation will be recovered from the next advance payment due.

¹⁸ Pharmacy contractors should note that until March 2022 two systems will be run concurrently – for those pharmacy contractors who wish to continue to use paper FP34C and receive payment as per Clause 5C1(a) and for those who wish to use MYS platform to populate their FP34C and receive payment as per Clause 5C1(d). From April 2022, only the timetable outlined in Clause 5C1(d) will be in place (i.e. all pharmacy contractors will have to use MYS).

Pharmacy contractors will receive payment with the next reconciliation payment (i.e. there will be no advance payment). For example:

Example 1 - for prescriptions dispensed in November if the FP34C was submitted on 29 December, the pharmacy contractor would not receive the advance payment for November's prescriptions on 1 January instead they would receive the reconciliation payment for November's prescriptions on 1 February.

Example 2 - for prescriptions dispensed in November if the paper prescriptions arrive at the NHSBSA on 29 December the pharmacy contractor would receive payment for these paper prescriptions according to the payment timetable for the reconciliation payment for December's prescriptions i.e. on 1 March.

REQUIREMENTS FOR THE SUPPLY OF DRUGS, APPLIANCES AND CHEMICAL REAGENTS

2. Appliance Contractors

Appliance contractors will be paid as outlined in Clause 5B(ii) on the first day of every month unless the payment date falls on a weekend or bank holiday. In these instances, the payment date is brought forward to the nearest working day except when 1 April falls on a weekend or bank holiday. In this instance, the payment date is moved to be the first working day of April.

3. Uplift to Advance Payment between 1 April 2020 and 1 July 2020

- (i) On 1 April 2020 pharmacy contractors received an uplift of 30.1% to their February's advance payment which across all pharmacy contractors amounted to a figure in excess of £200 million. Pharmacies, which submitted their February's batches late, might have had their uplift calculated based on January's batch. Pharmacies, which closed in March, did not receive the payment on 1 April. Pharmacies, which opened in March, but did not receive the uplift in subsequent months in line with Table 1, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). This appeal process will be open until 5 November 2020. Forms put forward by contractors will be considered by the Secretary of State on a monthly basis to the following schedule: if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.
- (ii) On 1 May 2020 pharmacy contractors received an uplift of 13.2% to their March's advance payment, which across all pharmacy contractors amounted to a figure in excess of £100 million. Pharmacies, which submitted their March's batches late, might have had their uplift calculated based on February's batch. Pharmacies, which closed in April, did not receive the payment. Pharmacies, which opened in April, but did not receive the uplift in subsequent months in line with Table 1, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). Any missing information on the form may cause delay to the process / payment by a month.
- (iii) On 1 June 2020 pharmacy contractors received an uplift of 6.71% to their April's advance payment which across all pharmacy contractors amounted to a figure in excess of £50 million. Pharmacies, which submitted their April's batches late, might have had their uplift calculated based on March's batch. Pharmacies, which closed in May, did not receive the payment. Pharmacies, which opened in May, but did not receive the uplift in subsequent months in line with Table 2, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment, or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). Any missing information on the form may cause delay to the process / payment by a month.
- (iv) On 1 July 2020 pharmacy contractors received an uplift of 2.82% to their May's advance payment which across all pharmacy contractors amounted in excess of £20 million. Pharmacies, which submitted their May's batches late might have had their uplift calculated based on April's batch. Pharmacies, which closed in June, did not receive the payment. Pharmacies, which opened in June, but did not receive the uplift in subsequent months in line with Table 3, should contact the NHSBSA by using the following form: <https://www.nhsbsa.nhs.uk/sites/default/files/2020-07/Uplift%20to%20advance%20claim%20form.docx>, to make representations as to why they think they should have received the payment or as to why they think the payment which they have received, has not been sufficient (for example mergers, i.e. F-code of a pharmacy with a lower dispensing volume was retained). following schedule: if a form is submitted by 5 August it will be considered during the month of August for payment to be made on 1 September, if appropriate. Any missing information on the form may cause delay to the process / payment by a month.

- (v) The £370 million uplift will not be reconciled out until further notice.
- (vi) The payments have not been separately itemised on the FP34 Schedule of Payments. However, the NHSBSA has sent out letters to pharmacy contractors to inform them of the payment made to them.

APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 6 INFORMATION RELATING TO THE IDENTIFICATION OF THE PRESCRIBER

Where a contractor provides the drugs or appliances ordered on any NHS prescription form, except forms issued by a Dental Practitioner, the Pricing Authority may return the prescription form to the contractor (as a referred back) if there is no prescriber code(s) present on the prescription form and request that the contractor seek the appropriate code(s).

Where the contractor is able to identify the appropriate code(s), they shall endorse the prescription with the code and return it to the Pricing Authority. Where the contractor is unable to identify the appropriate code(s), they shall endorse the prescription to indicate that they have been unable to locate the code and return it to the Pricing Authority to be paid. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription is returned to the Pricing Authority.

CLAUSE 7 PAYMENTS FOR DRUGS, APPLIANCES AND CHEMICAL REAGENTS

- A The price on which payment is based for a quantity of a drug, appliance or chemical reagent supplied is calculated proportionately from the basic price (see Clause 8 - Basic Price).
- B Subject to the provisions of Clause 10 (Quantity to be supplied) payment will be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, apart from any supply made under a Serious Shortage Protocol (SSP) for a reduced or increased quantity.
- C Where a prescription form has been returned to the contractor for endorsement or elucidation and it is returned to the Pricing Authority unendorsed, or incompletely endorsed, or without further explanation, then the price for the drug, appliance or chemical reagent which it orders shall be determined by the Secretary of State for Health and Social Care and the Welsh Ministers.

CLAUSE 8 BASIC PRICE

- A The basic price for those drugs, appliances and chemical reagents ordered by a name, or a synonym of that name, included in Parts VIII or IX shall be the price listed in the Drug Tariff.
- B In exceptional circumstances, where, in the opinion of the Secretary of State for Health and Social Care and the Welsh Ministers, there is no product available to contractors, at the price in Part VIII, claims for reimbursement for a product with a higher price than that listed may be accepted. Such claims shall be made by endorsement as set out in Clause 9C but only in the circumstances described in that Clause. If the Secretary of State for Health and Social Care and the Welsh Ministers are satisfied that the contractor was not able reasonably to obtain the product at a lower price, the basic price shall be the list price, for supplying to contractors, of the product and pack size so used, or such other price as the Secretary of State for Health and Social Care and the Welsh Ministers shall determine.
The Secretary of State for Health and Social Care and the Welsh Ministers will publish details of any preparations to which this applies and the month(s) in which it applies. The Secretary of State for Health and Social Care and the Welsh Ministers may in addition specify the products for which endorsement will be accepted.
- C The basic price for a drug which is not listed in Part VIII of the Tariff shall be the list price, for supplying to contractors, of the pack size to be used for a prescription for that quantity, published by the manufacturer, wholesaler or supplier. In default of any such list price, the price shall be determined by the Secretary of State for Health and Social Care and the Welsh Ministers.
- D For SSP reimbursement and remuneration, refer to Clause 14.

CLAUSE 9 ENDORSEMENT REQUIREMENTS

- A Contractors shall endorse prescription forms for drugs, appliances and chemical reagents listed in this Tariff as required by this Clause and when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees), Notes to Part VIII B, Notes to Part VIII D and Note 2 to Part IX A/B/C (Appliances).
- B Prescriptions for drugs not listed in Part VIII of the Tariff shall be endorsed by the contractor with the pack size from which the order was supplied and, if the order is in pharmacopoeial or 'generic' form, with the brand name or the name of the manufacturer or wholesaler from whom the supply was purchased. Where the preparation is in Part VIII A of the Tariff, endorsement of pack size is not necessary except for products in Category C that have more than one pack size listed. Where additional specific endorsement is necessary, contractors shall endorse prescription forms when so required by the provisions of Part II Clauses 10 (Quantity to be Supplied) and 11 (Broken Bulk), Part III (Fees) and Notes to Part VIII B and Part VIII D.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

- C Where the preparation is in Part VIII of the Tariff and, as described in Clause 8B, in the opinion of the Secretary of State for Health and Social Care and the Welsh Ministers there is no product available to contractors at the appropriate price, endorsements of brand name or of manufacturer or wholesaler of the product and pack size so used may be accepted. Contractors shall not so endorse unless they have made all reasonable efforts to obtain the product at the appropriate price but have not succeeded. The endorsement shall be initialled and dated by or on behalf of the contractor, and shall be further endorsed "no cheaper stock obtainable" or "NCSO" to indicate that the contractor has taken all such responsible steps.
- D Where a contractor supplies a quantity at variance with that ordered. i.e. under the provisions set out in Clause 10 (Quantity to be Supplied), the prescription shall be endorsed with the quantity supplied.
- E From February 2022 (i.e. for February's prescriptions claimed by 5 March), where a contractor supplies a product in accordance with a single dispensed product SSP (where a prescribed product is replaced by one product), the contractor must, in respect of -
- a non - electronic prescription forms - endorse the prescription form with "SSP" and the three-digit reference number of the specific SSP to indicate that a supply was made in accordance with a SSP, in addition to any other information required under Clause 9 (apart from Clause 9C); and
 - b electronic prescription forms - pharmacy contractors must indicate that a supply was made in accordance with a SSP on the Electronic Reimbursement Endorsement Message (EREM) by selecting "SSP", entering the three-digit reference number of the specific SSP and endorsing the appropriate dispensed product and quantity, in addition to any other information required under Clause 9 (apart from Clause 9C).
- From February 2022, where a contractor supplies a product in accordance with a multiple dispensed product SSP (where a prescribed product is replaced by two or more products), the contractor must, in respect of -
- c non - electronic prescription forms - endorse the prescription form with "SSP" and the three-digit reference number of the specific SSP to indicate that a supply was made in accordance with a SSP, in addition to any other information required under Clause 9 (apart from Clause 9C) for all products supplied under the SSP; and
 - d electronic prescription forms - pharmacy contractors must indicate that a supply was made in accordance with a SSP on the EREM by selecting "SSP", entering the three-digit reference number of the specific SSP endorsing the appropriate dispensed products and quantities, in addition to any other information required under Clause 9 (apart from Clause 9C), for each of the products dispensed under that SSP. Where the endorsement functionality does not allow for all replacement products to be endorsed, contractors should endorse by selecting "SSP" and entering the three-digit reference number of the specific SSP, in addition to any other information as required under Clause 9 (apart from Clause 9C), for only one product (in the event that a non-Part VIII product is one of the replacement SSP products, this product must be the one endorsed in accordance with Clause 9 - apart from Clause 9C). The Pricing Authority for England will reimburse pharmacy contractors for the remaining products in the SSP.
- F Where insufficient information is available to enable the Pricing Authority to process the prescription, including where it was submitted for a SSP payment, the form (or a copy of the original form) shall be returned to the contractor who shall endorse the prescription form (or copy) with the information requested. Returned prescriptions shall be priced using the Drug Tariff relevant to the month in which the prescription form (or copy) is returned to the Pricing Authority.

CLAUSE 10 QUANTITY TO BE SUPPLIED

- A Subject to the requirements of the Weights and Measures (Equivalents for Dealing with Drugs) Regulations, 1970, with regard to the supply in metric quantities of orders expressed in imperial quantities, payment will normally be calculated on the basis that the exact quantity ordered by the prescriber has been supplied, except only in the case of a SSP, and of those preparations referred to in B below:

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

B Drugs and Chemical Reagents in Special Containers.

Where the quantity ordered by the prescriber does not coincide with that of an original pack and the drug or chemical reagent is:

- (i) Sterile
- (ii) Effervescent or hygroscopic, or
- (iii) (a) Liquid preparations for addition to bath water
 - (b) Coal Tar preparations
 - (c) Viscous external preparations
- (iv) Packed in a castor, collapsible tube, drop-bottle, pressurised aerosol, puffer pack, roll-on bottle, sachet, shaker, spray, squeeze pack, container with an integral means of applications, or any other container from which it is not practicable to dispense the exact quantity:

the contractor shall supply in the special container or containers the quantity nearest to that ordered and endorse the prescription form with the number and size of those containers. Although payment will normally be based on the quantity nearest to that ordered, some items are available in a larger size pack or container than that normally required pursuant to orders on prescription forms. Where the amount ordered on a prescription form, or the frequency of supply, justifies supply from such larger size pack or container, payment will be based on the cost of that larger size in the absence of endorsement.

* Products included in Clause 10B(iii) are listed on page 44 and page 45.

CLAUSE 11 BROKEN BULK

- A This clause applies to drugs (including ingredients used when preparing a special under the manufacturing part of the Section 10 exemption from the Medicines Act 1968 on the pharmacy premises), incontinence and stoma appliances in Part IXB and IXC, chemical reagents, with the following exceptions: items supplied in special containers covered by Clause 10B, drugs listed in Category A and M whose smallest pack size has a price of less than £50 and specials and imported products covered by Part VIIIB.
- B When the quantity ordered on a prescription form is other than the minimum quantity the manufacturer, wholesaler or supplier is prepared to supply and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, payment will be made for the whole of the quantity purchased. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. Thereafter, contractors must endorse prescription forms to indicate when a claim for payment is being made. The prescription form must be endorsed 'BB' and with the pack size supplied to claim payment.
- C For products listed in Part VIIID, when the quantity ordered on a prescription form is other than the minimal pack size listed in the Drug Tariff and the contractor, having purchased such minimum quantity as may be necessary to supply the quantity ordered cannot readily dispose of the remainder, where the contractor endorses the prescription form 'BB', payment will be made for the nearest pack size or multiple of the pack size(s) listed in the Drug Tariff sufficient to supply the quantity prescribed. Subsequent prescriptions, received during the next six months, will be deemed to have been supplied from the remainder and no further payment will be made to drug costs other than fees and consumables and container allowances until that remainder has been or is deemed to have been used up. In exceptional circumstances, where, in the opinion of the Secretary of State for Health and Social Care, the pack size(s) listed in Part VIIID are not available to contractors for Broken Bulk claims, the Secretary of State for Health and Social Care will publish details of any pack sizes which will be accepted for Broken Bulk claims and preparations to which this applies and the month(s) in which it applies. This will not affect the basic price.

**REQUIREMENTS ENABLING PAYMENTS TO BE MADE FOR THE SUPPLY OF DRUGS,
APPLIANCES AND CHEMICAL REAGENTS**

CLAUSE 12 OUT OF POCKET EXPENSES

Where, in exceptional circumstances, out-of-pocket expenses have been incurred in obtaining a drug, appliance or chemical reagent other than those priced in Part VIIIA Category A and M, Part VIIIB, Part VIID, Part IXA, Part IXR of the Tariff and all other specials and imported products not listed and not required to be frequently supplied by the contractor, or where out-of-pocket expenses have been incurred in obtaining oxygen from a manufacturer, wholesaler or supplier specially for supply against a prescription, where such expenses on any occasion exceed 50p payment of the full amount may be made where the contractor sends a claim giving particulars to the Pricing Authority on the appropriate prescription form. The endorsement shall be 'XP' or 'OOP' to indicate the contractor has taken all reasonable steps to avoid claiming.

CLAUSE 13 RECONSTITUTION OF CERTAIN ORAL LIQUIDS

- A This clause applies to antibacterial, antiviral or antifungal preparations listed in 5.1, 5.2 and 5.3 (except 5.3.1) of the British National Formulary (BNF), which are for oral administration and requires reconstitution from granules or powder.
- B When the quantity reconstituted from an original pack or packs is unavoidably greater than the quantity ordered and it has not been possible for the contractor to use the remainder for or towards supplying against another prescription, payment will be calculated from the Basic Price of the preparation and will be based on the nearest pack or number of packs necessary to cover the quantity ordered.

CLAUSE 14 SERIOUS SHORTAGE PROTOCOL - REIMBURSEMENT AND REMUNERATION

Any drugs, appliances or chemical reagents, which are supplied in line with a Serious Shortage Protocol (SSP), are to be reimbursed and remunerated as if they were dispensed in line with a prescription with the exception that items supplied in line with a SSP will attract an additional fee as per Part IIIA and the reimbursement price will account for VAT payment. To that end where a prescription or a prescription item is referred to in the Drug Tariff in the context of reimbursement or remuneration for dispensed drugs, appliances or chemical reagents, this is to be treated as applying to supply in line with a SSP.

CONSUMABLES AND CONTAINERS

See Part I Clause 5B 1 (iii)

1. A Pharmacy Contractor shall supply in a **suitable container** any drug which he is required to supply under Part II of Schedule 2 to the Regulations.

Capsules, tablets, pills, pulvules etc shall be supplied in airtight containers of glass, aluminium or rigid plastics; card containers may be used only for foil/strip packed tablets etc.
For ointments, creams, pastes, card containers shall not be used

Eye, ear and nasal drops shall be supplied in dropper bottles, or with a separate dropper where appropriate.

2. Payment for **consumables** used when dispensing is at the average rate of **1.24p** per prescription for every prescription (except an oxygen prescription) supplied by contractors.

This payment includes

- Provision for supply of either a 5ml plastic measuring spoon (which shall comply with BS 3221:Part 6:1987), or a 1ml, 5ml or 10ml plastic oral syringe measure with every oral liquid medicine, except where the manufacturer's pack includes one. Plastic oral syringe measures must be clearly labelled 'oral' and/or 'enteral' in a large font size, comply with appropriate British or European Standards (BS 3221:Part 7:1995 or an equivalent European Standard for the 5ml syringe) and be wrapped together with a bottle adaptor and instructions. Where a staff member has multiple roles, only the number of hours spent supporting the dispensing process may be counted in the staffing declaration.

In determining the dispensing staff level to declare on the appropriate claim form the number of hours should be rounded as follows:

0.5 or less round down to the nearest whole number of hours

Above 0.5 round up to the nearest whole number of hours.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

**Pharmacy contractors will be required to employ a staff member for an extra 19 hours per week for each additional 1,500 items the pharmacy contractor dispensed per month above 11,000 items.

- 2.5 From 1 October 2005, where for any month a pharmacy contractor has declared to the Pricing Authority dispensing staff levels lower than those set out in the table in 2.4 above, the Practice Payment for the relevant month will be paid at the level that would be paid if the pharmacy only dispensed the number of items at the lowest level in the band that corresponds in the above table to its declared dispensing staff levels.
- 2.6 From 1 October 2005, where for any month a pharmacy contractor has not declared dispensing staff levels to the Pricing Authority, the Practice Payment for the relevant month will be paid at the minimum level.
- 2.7 Subject to 2.7.1 and 2.7.2, where total monthly payments in relation to prescriptions passed for pricing for the period April to March are less than the amount which would have been paid had the payment been calculated on the basis of the total of the relevant payments set out in the table in 2.2, pharmacy contractors may make a claim for a top up payment to the relevant LHB. They should submit, by 30 November, copies of WP34 statements for the relevant period (April to March) as evidence of the total number of prescription items passed for pricing during this period.
- 2.7.1 Where, in any month, Practice Payments were paid at a lower level because minimum dispensing staff levels were not met, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable.
- 2.7.2 Where, in any month, Practice Payments were paid at a lower level because a pharmacy contractor did not declare dispensing staff levels, those months shall be disregarded (in terms of both the number of items passed for pricing and the payments received) when calculating the amount of any top up payment which may be payable, unless the pharmacy contractor can satisfy the relevant LHB that their dispensing staff levels were sufficient in respect of the table in 2.4 for the relevant month.
3. **IM&T Services and Allowances (Wales)**
- 3.1 The NHS Wales Informatics Service (NWIS) sets and delivers the strategic direction and corporate IM&T policy for Community Pharmacy in Wales.
- 3.2 There are parallel strategic developments within England and Wales in relation to the technical architectures that underpin the 'NHS Care Records Service' (England) and the 'Welsh GP Record' (Wales).
- 3.3 However, differences in direction and pace of these respective programmes have meant that Wales, via a national community pharmacy IM&T programme board of representative stakeholders, has determined appropriate and comparable solutions, deliverable through a pragmatic, phased approach.
- Phase 1 - IT Infrastructure and Connectivity Services**
- 3.4 In 2005/06, two allocations of £1,300 (ie a total of £2,600) were paid to all pharmacy contractors included, at that time, in a pharmaceutical list maintained by a Local Health Board in Wales. Pharmacy contractors were directed to ensure investment in systems to support the Programme's key objectives associated with Phase 1; specifically, that funding must be targeted to ensure any investment in IT is "fit for purpose" and capable of running the latest version of the pharmacy contractors' PMR system. The allocations applied only to pharmacy contractors included, at that time, in a pharmaceutical list maintained by a Local Health Board.
- 3.5 In addition, from 2007, a recurring 'connectivity' payment of £200pcm is included within the Establishment Payment for all contractors capable of secure/managed access to the NHS Wales network and its connectivity services, such as web eMail and HOWIS (Health of Wales Information Services).
- 3.6 With effect from 30 September 2010 the recurring 'connectivity' payment of £200pcm, include Phase 1 and Phase 2 services.
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

Phase 2 - Release 1 - 3

3.7 Phase 2 is being addressed as three 'Releases', consisting of:

Release Number	Service/System	Available Date	Maximum Deployment Timescale
1	NHS Wales-compliant Email service (ENAS- <i>Electronic NHS Alerts Service</i>)	1 April 2010	30 September 2010
2	ETP - 2D-Barcoded Prescription service	30 September 2010	30 September 2011
3	Electronic Transmission of Claims service	30 April 2017	31 March 2018

3.8 With effect from 31 March 2018 all Pharmacy Contractors are required to be compliant with Phase 2 Releases 1, 2 & 3.

From June 2019, compliance with phase 2, release 3 will be assessed against the percentage of ETC claim messages submitted for qualifying prescription items. Qualifying items are defined as those prescribed on a WP10 prescription containing a 2DRx barcode. In order to retain the IM&T allowance, each contractor must submit ETC claim messages to meet the following thresholds:

Date	Qualifying items in monthly account
From 1 June 2019	40%
From 1 September 2019	55%
From 1 December 2019	70%
From 1 March 2020	80%

Pharmacy contractors will be given at least three months' notice of their pharmacy IT system's capability to access each respective release of Phase 2. The following website shows the current status for each of the accredited systems/suppliers for Wales and status of all the Phase 2 Releases:

<http://howis.wales.nhs.uk/wmss>.

- 3.9 From April 2021, the Microsoft 365 NHS Wales email service will be the only NHS Wales-compliant email service. To comply with Phase 2, release number 1, pharmacy contractors must ensure that the Microsoft 365 NHS Wales email service is adopted by 1 April 2021.
- 3.10 Appropriate arrangements must be in place to require a pharmacist or pharmacy technician to access their Microsoft 365 NHS Wales email daily, to deal appropriately and timeously with communications concerning patient safety from the Welsh Ministers, the Medicines and Healthcare products Regulatory Agency (MHRA) and NHS Wales communication issued via the NHS Wales Electronic National Alert Service (ENAS).
- 3.11 The arrangements required by 3.10 should detail the actions required by pharmacy staff to appropriately deal with all communications concerning patient safety, including keeping a record of actions undertaken to implement and/or comply with the communication. 'Appropriately' means that the Pharmacy Contractor has taken action to deal with the notice and Pharmacy Contractors are expected to meet the notice deadline in order to be considered to be acting in a 'timeously' manner, i.e. action is taken within the required timescale.
- 3.12 Pharmacy Contractors **are required** to inform the NHS-Shared Services Partnership-Contractor Services division whenever: 1) they commence connectivity to their individual premises, 2) have a change of system supplier, 3) have a change of accredited connectivity provider. This advice must be submitted using the ETP1 or ETP2 Claim Form, as appropriate.
- 3.13 A pharmacy contractor must submit the appropriately completed ETP Monthly Allowance Claim Form to **NWIS** not later than the last day of the first month that the premises can demonstrate that it is able to operate the services in Phase 2 Releases 1, 2 & 3. This will instigate receipt of the monthly allowance for that month and subsequent months. The monthly recurring payment is subject to the pharmacy premises' ongoing compliance with the

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

specified services and their terms. If at a later date a pharmacy premises becomes unable to comply with the requirements of this part they must as soon as is practicable notify their LHB and NWIS in writing of the date from which the pharmacy ceased to be compliant. The LHB may then determine whether payment of the recurring connectivity payment should be stopped on a permanent basis or suspended for a month (or period specified by the LHB). On resumption of the service, an updated ETP Monthly Allowance Claim Form should be submitted and connectivity and compliance to the services will have to be demonstrated by the pharmacy contractor.

- 3.14 LHBs may monitor and audit pharmacy contractor and individual premises compliance with the services in Phase 2 Releases 1, 2 & 3. Where NHS Wales audit and monitoring identify a pharmacy premises to be non compliant with the services in Phase 2 Releases 1, 2 & 3, and where that non compliance is within the control of the pharmacy contractor, action may result in the suspension of the recurring connectivity payment and NHS connectivity.
- 3.15 In 2007/08, to support the implementation requirements of Phase 2, an additional one-off payment of £1,000 was paid to all pharmacy contractors included, at that time, in a pharmaceutical list maintained by a LHB in Wales. The allocation applied only to pharmacy contractors included, at that time, in a pharmaceutical list maintained by a LHB.
- 3.16 Failure to place an order for respective Releases of a NHS Wales compliant system or service within three months following the maximum deployment date advised could result in the £1,000 allowance also being reclaimed.

Further Information

- 3.17 These allowances and guidelines will be published in Part VIA of the Drug Tariff, the most recent edition of which can be found online at: <http://www.nhsbsa.nhs.uk/PrescriptionServices/4940.aspx>
- 3.18 Further supplementary guidance on procedures to support the implementation of forthcoming developments will be provided, as appropriate.

4. Scheme to engage Community Pharmacy in a proportionate response to the emerging pandemic influenza infection (Wales only)

- 4.1 Pharmacy Contractors in Wales who engage in the delivery of arrangements to enable the dispensing of antiviral medication from the national stockpile will receive the fee of £4 per item of this stock dispensed. No other fees or allowances will be payable for or in respect of items dispensed under this scheme.
 - 4.2 This applies to stocks of antiviral medication delivered by LHBs to each community pharmacy across Wales in a pandemic situation namely:
 - Oseltamivir (Tamiflu) all presentations**
 - Oseltamivir Oral solution (NHS manufactured special) 15mg in 1ml**
 - Zanamivir (Relenza)**
 - 4.3 Under the scheme GPs will write WP10 prescriptions for patients as outlined in the Chief Medical Officers letter dated 2 July 2009 and community pharmacists will dispense these prescriptions in accordance with the essential services element of their contract.
 - 4.4 The prescriptions for this treatment will be processed in the usual way through the prescription pricing system.
 - 4.5 The £4 per item of stock dispensed fee has been agreed in collaboration with Community Pharmacy Wales upon the principle that participation in the scheme should not afford the pharmacy contractor any loss of income nor should participation afford an opportunity to profit as a result of assisting in the delivery of services during a pandemic.
 - 4.6 Fees and allowances as described above shall only be payable during an influenza pandemic and subject to notification of pharmacy contractors by the Welsh Government.
 - 4.7 In situations other than an influenza pandemic, where a pharmacy contractor dispenses antiviral medication in accordance with the conditions described in Part XVIII B, normal remuneration and reimbursement mechanisms shall apply. Pharmacy contractors should not normally dispense antiviral medication from the national stockpile other than in those circumstances described above.
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 4.8 This provision applies to prescriptions dispensed on or after 1 December 2010.
5. **Transitional Payments (England only)**
- 5.1 From 1 January 2022, pharmacy contractors who dispense 101 prescription items or more in any month will receive a monthly Transitional Payment which consists of two separate payments - a dispensing payment and a service payment as set out in Table 1.
- 5.2 For the pharmacy contractors to receive the monthly service payment of the transitional payment they must have:
- (i) claimed for at least one New Medicine Service (NMS) in the previous month; and
 - (ii) been registered to provide the Community Pharmacy Consultation Service (CPCS) on the Manage Your Service (MYS) platform for greater than or equal to half of the number of full days in the previous month.

Example 1

For a pharmacy contractor, who dispensed 2,000 prescription items in January 2022, to receive the service payment of £60 they must have claimed for one NMS undertaken in December by the 5 January 2022 and they must have been registered on MYS to provide CPCS for at least 16 days in December 2021.

Example 2

For a pharmacy contractor, who dispensed 6,000 prescription items in March 2022, to receive the service payment of £882 they must have claimed for one NMS undertaken in February by the 5 March 2022 and they must have been registered on MYS to provide CPCS for at least 14 days in February 2022.

- 5.3 Contractors should note that the monthly amount of Transitional Payment may change over the course of the year.

Table 1

6. **Essential pharmaceutical service – fee ensuring home delivery during the Covid-19 outbreak (England only)**
- 6.1 Pharmacy contractors, who dispense the stated number of prescription items or more in any month (regardless of how many items they actually deliver to patient's homes) and who are located in an area specified in NHS England and NHS Improvement's announcement for the relevant time period, will receive a fee based on the number of days for which they are required to ensure prescription items can be delivered to eligible patients and also adjusted for the total number of eligible patients in the announced cohorts as outlined in NHS England and NHS Improvement's announcement to the effect that eligible patients in the specified areas should stay away from pharmacies for reasons relating to the Covid-19 pandemic.
- 6.2 Pharmacy contractors, who dispense 101 prescription items or more in any month (regardless of how many items they actually deliver to patient's homes) and who are located in an area specified in NHS England and NHS Improvement's announcement for the relevant time period, will receive the following daily payment adjusted for the number of days for which they are required to ensure prescription items can be delivered to eligible patients for reasons relating to the Covid-19 pandemic and also adjusted for the number of eligible patients in the announced cohorts. For example, if the requirement was in place in their area for 5 days in a given month with the service eligibility for only Clinically Extremely Vulnerable patients and a

pharmacy contractor is in the 101 to 2,500 item band, they would receive a payment of £10.35. The daily payment corresponding to the six item bands are as follows:

19,168+	£2.87	£34.47	£37.34

- 6.3 Payments for ensuring home delivery during Covid-19 pandemic as outlined above do not apply to distance selling premises.
7. **Easter 2020 opening hours (England only)**
- 7.1 Pharmacy contractors who remained open on Good Friday 2020 and Easter Monday 2020 for 3 hours on each of these days as a direct consequence of the NHS England and NHS Improvement announcement made in accordance with paragraph 27A of Schedule 4 to the Pharmaceutical Services Regulations will be remunerated for these three hours at £250/hour. Claims for payment for this service must be made between 17 April 2020 and 5 May 2020 via the MYS platform provided by the NHSBSA
- 7.2 The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above on 1 June.
- The payment will not be separately itemised on the FP34 Schedule of Payments. However, the NHSBSA will issue letters to pharmacy contractors, who claimed as outlined above, to inform them of the payment made to them.
- 7.3 Pharmacy contractors who remained open on Good Friday 2020 and Easter Monday 2020 as per a local agreement with NHS England and NHS Improvement should only claim for payment as outlined above for up to 3 hours based on the number of hours they were opened. If they were opened for more than 3 hours, the balance must be claimed from the regional team as per local agreement. Pharmacy contractors must not duplicate claims for the same opening hours by claiming on MYS and through local arrangements.
8. **Contribution for adjustments to support social distancing during the outbreak of Covid-19 (England only)**
- 8.1 To allow pharmacy contractors to safely conduct essential services in pharmacy premises during the Covid-19 pandemic, a contribution of £300 will be payable to pharmacies towards the general costs of adjustments to support social distancing.
- 8.2 Pharmacy contractors that have temporarily closed for a period since 31 March 2020 of greater than two weeks or have applied to NHS England and NHS Improvement to be closed for a period of greater than two weeks after 31 March 2020 due to the Covid-19 pandemic will not receive the payment, unless they had installed adjustments to support social distancing prior or after the temporary closure.
- 8.3 Pharmacy contractors that have remained open from 31 March 2020 and have not applied to NHS England and NHS Improvement to be closed as described in paragraph 9.2 will not need to make a claim for payment, which will be made on 1 May 2020. The payment will not be separately itemised on the FP34 Schedule of Payments. However, the NHSBSA will issue letters to pharmacy contractors to inform them of the payment made to them.
- 8.4 Pharmacy contractors that installed adjustments prior to or after temporarily closing and do not receive payment on 1 May 2020, can claim the payment of £300 between 5 May 2020 and 5 August 2020 using the appropriate claim form available on the NHSBSA's website, at the following link: <https://www.nhsbsa.nhs.uk/contribution-adjustments-temporarily-closed-pharmacies>. The claim form must be signed by the contractor.
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 8.5 Payments for costs of adjustments during the Covid-19 pandemic as outlined above do not apply to distance selling premises.
9. **Early May Bank Holiday 2020 opening hours (England only)**
- 9.1 Pharmacy contractors who remained open on 8 May 2020, the Early May Bank Holiday 2020 for 3 hours as a direct consequence of the NHS England and NHS Improvement announcement made in accordance with paragraph 27A of Schedule 4 to the Pharmaceutical Services Regulations will be remunerated for these three hours at £250/hour. This will also be the level of remuneration for a pharmacy open on that day as per a local agreement with the regional team, but only for up to 3 of the hours for which the pharmacy is open. Claims for payment for this service must be made between 25 May 2020 and 22 June 2020 via the MYS platform provided by the NHSBSA.
- 9.2 The NHSBSA will make appropriate payments claimed by the pharmacy contractor as described above on 1 July 2020. The payment will not be separately itemised on the FP34 Schedule of Payments. However, the NHSBSA will issue letters to pharmacy contractors, who claimed as outlined above, to inform them of the payment made to them.
- 9.3 Pharmacy contractors who remained open on 8 May 2020, the Early May Bank Holiday 2020 as per a local agreement with NHS England and NHS Improvement should only claim for payment as outlined above in 9.1 for up to 3 hours based on the number of hours they were open. If they were open for more than 3 hours, the balance must be claimed from the regional team as per local agreement. Pharmacy contractors must not duplicate claims for the same opening hours by claiming on MYS and through local arrangements.
10. **Reimbursement for PPE costs incurred within community pharmacy and dispensing appliance contractors (DACs) during the Covid-19 pandemic response (England only)**
- Background**
- 10.1 Community pharmacies continued to operate throughout the Covid-19 pandemic. Guidance was issued on 19 March 2020 to advise on operating model changes to reduce the risk of transmission <https://generalpracticebulletin.cmail19.com/t/ViewEmail/d/42D38571E307F65F2540EF23F30FEDED/07BD036C356575E57EEA1DAE616D4B3C>
- 10.2 In April 2020, Public Health England (PHE) guidance on PPE for community pharmacy recommended the sessional use of Type IIR fluid-resistant surgical face masks (FRSM) where pharmacy staff are unable to maintain social distancing of 2 metres from patients (with possible or confirmed Covid-19).
- 10.3 Community pharmacies were invited to sign-up to the PPE portal from 3 August 2020 as an emergency supply route and then for all Covid-19 PPE requirements from 21 September 2020.
- Claims process**
- 10.4 Claims must be submitted through the MYS portal (with the exception of central claims made for pharmacies with six or more branches), for PPE purchased between 27 February 2020 and 31 December 2020 for use in the delivery of NHS pharmaceutical services up to 31 March 2021, as a result of Covid-19 infection control guidance. All claims must be submitted by 12 February 2021.
- 10.5 Pharmacies with six or more branches may make a single central claim that must be submitted by email to nhsbsa.pharmacy.support@nhs.net. However, this must be supported by appropriate evidence, using the assigned spreadsheet to show what PPE was sent to each branch together with a cumulative total. This is being allowed on an exceptional basis because this claiming process is being implemented retrospectively. Had pharmacies known about this claims process at the time they may have established their accounting systems differently.
- 10.6 The items that can be claimed are aprons, gloves, Type IIR masks and hand sanitiser. Between 27 February 2020 and 30 June 2020 any protective equipment used in substitution of unavailable items can be covered under standard claims. This includes visors. Where the standard claims amount does not cover the costs for standard protection, an exceptional claim should be made.
- 10.7 Each pharmacy will be able to make claims under two categories:
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- **standard claims** – set at a banded rate to cover standard PPE use from 27 February 2020 to 31 October 2020. However, this would not apply to pharmacies that were open for less than 90% of the time period, or that changed ownership during this time.
 - **exceptional claims** – to cover any PPE purchased between 27 February 2020 and 31 October 2020 in excess of the standard claim value and to be used up to 31 March 2021 and/or any PPE purchased from 1 November 2020 to 31 December 2020 and to be used up to 31 March 2021. Any pharmacies that were open for less than 90% of the time period from 27 February 2020 to 31 October 2020 or that changed ownership during this time period will also need to claim their actual costs via the exceptional claim route.
- 10.8 Distance selling pharmacies and dispensing appliance contractors will be eligible to claim the standard payment based on their dispensing volumes in the same way as bricks and mortar pharmacies. They will also be eligible to make an exceptional claim.
- Standard claim criteria*
- 10.9 Standard claims must meet the following criteria:
- a They must relate to costs incurred between 27 February 2020 and 31 October 2020;
 - b They must require the contractor to declare that -
 - (i) their claim relates to PPE purchased for use in delivery of NHS pharmaceutical services and in accordance with PHE guidance,
 - (ii) they were open for at least 90% of the period in question (under their current ODS code), and
 - (iii) whether they opened for more than 60 hours per week on average over the period; and
 - c They will be paid at the claim amounts per Table 1. These amounts allow for:
 - (i) Sessional use of masks for dispensing plus an allowance for clinical services, excluding flu vaccinations (covered under sessional use) at £30 per box of 50 masks (£0.60 per mask), and
 - (ii) One box of gloves per month for all pharmacies, one roll of aprons for February – October and hand hygiene for February – October.

Table 1. Standard claim bands

Band	Number of items per month		Standard claim, <=60 opening hours	Standard claim, >60 opening hours
1	0	100	£830	£1,650
2	101	2,500	£830	£1,650
3	2,501	5,000	£1,030	£1,850
4	5,001	12,500	£1,640	£2,460

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

Exceptional claims criteria

- 10.10 Exceptional claims must meet the following criteria:
- a they must relate to expenditure incurred during the period from 27 February 2020 to 31 October 2020 only where expenditure is in excess of the standard claim value or where the contractor has not been open for the requisite 90% of the period or has changed ownership;
 - b they must be for expenditure with an invoice date up to and including 31 December 2020 and for PPE to be used up to 31 March 2021;
 - c where they relate to expenditure incurred from 1 November 2020 to 31 December 2020, the contractor will be required to declare that they did not receive duplicative PPE from the portal during the same period;
 - d contractors must confirm that they have documentation to evidence the value of their combined standard and exceptional claims and can make this documentation available on request; and
 - e where they relate to PPE that is outside the standard list (aprons, gloves, Type IIR masks and hand sanitiser) the contractor must be able to evidence the need for that PPE if requested to do so. This evidence may take the form of a staff risk assessment or similar.
- 10.11 We intend to review the exceptional claims prior to payment on a sample/risk basis including checks of proof of purchase documentation, and, by exception, a clinical review of the appropriateness of the claim.

Additional Information

- 10.12 Where contractors have monthly dispensing volumes that apply to multiple claim bands, the mode average will be used to calculate payment. Where there are two modes, the higher claim band will be used.
- 10.13 Contractors whose exceptional claims were wholly or partly rejected may request a review of the payment by the Department of Health and Social Care.
- A contractor may request a review if:
- they wish to question how the criteria in paragraphs 10.10 or 10.11 were applied.
 - in their view an error was made in the handling of their claim.

The Department of Health and Social Care will have access to the evidence previously supplied to the NHSBSA to support the exceptional claims criteria above. If available, contractors may also supply additional information to support their claim. Please note however, that new or increased claims will not be accepted. Contractors may be contacted directly by a DHSC or NHSBSA official to discuss their claim in person and if the contractor wishes, a PSNC representative or official may also be asked to participate in the discussions.

All requests for review must be submitted to nhsbsa.pharmacysupport@nhs.net by no later than 30 September 2021 and should include 'PPE' in the email subject.

11. NHS Discharge Medicine Service (England only)

- 11.1 Pharmacy contractors will receive an upfront payment of £400 to support initial costs incurred in setting up the NHS Discharge Medicine Service (DMS) (including the development of Standard Operating Procedures and training and assessment of competence). Any pharmacy on the pharmaceutical list on 1 February 2021 will automatically receive this payment on 1 April 2021, and this payment will be itemised in the Schedule of Payments. Any new pharmacies opening after 1 February 2021 but before the end of the 2021/22 financial year (this excludes contractors changing ownership, merging or relocating) will automatically be itemised in the next applicable Schedule of Payments.
- 11.2 From 15 February 2021 pharmacy contractors will receive a fee of £35 for each completed NHS DMS (i.e. stages 1 to 3 have been completed as set out in paragraph 11.3 below). The payment must be claimed via the **Manage Your Service (MYS) portal** no later than the 5th day of the month following that in which the NHS DMS was completed. That claim must be made by somebody who is or is acting under the responsibility of a registered pharmacist or
-

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

pharmacy technician, who is responsible for maintaining the confidentiality of any personal data concerning health that is submitted as part of the claim.

- 11.3 On the rare occasion (see paragraph 11.4) that a pharmacy contractor might not be able to complete the NHS DMS in full, the contractor will be able to claim the following fees for the stages of the NHS DMS that have been completed (n.b. details on the action required by pharmacy contractors at each stage of the NHS DMS are provided in Chapter 8 of Guidance on the NHS (Charges and Pharmaceutical and Local Pharmaceutical Services) (Amendment) Regulations 2020):
- Stage 1 - £12
 - Stage 2 - £11
 - Stage 3 - £12
- 11.4 The claim for the stages of the DMS completed by the contractor must be made via the MYS portal no later than the 5th day of the month following that in which the final stage that the contractor was able to undertake was completed. Where a contractor has completed some of the stages of the NHS DMS, but not all the stages of the NHS DMS that they intend to complete, they should not yet make a claim. When a contractor does claim payment for all of the stages they provided, but not for a completed DMS referral, as part of the claim the contractor must provide one of the following reasons as to why the NHS DMS service was not provided in full to the patient. A claim for part completion of the NHS DMS may only be made where one of the reasons set out below applies:
- **Patient uncontactable or withdraws consent following completion of Stage 1:**
Where stage 1 of the service has been delivered but the patient withdraws consent to receive the service or the first prescription post-discharge is not received by the community pharmacy to complete stage 2 of the service and no contact is made by the patient, reasonable attempts must be made by the community pharmacy to contact the patient using the contact details set out in the referral. In this scenario, it is also possible that the patient has been re-admitted to hospital, has been admitted to a care home or has died. Where the community pharmacy is unable to reach the patient (or the patient has been readmitted to hospital or admitted to a care home) the community pharmacy should share any findings of concern from stage 1 of the service with the patient's general practice before claiming payment for all of the stages they provided.
 - **Patient moves community pharmacy after stage 1 of the service has been provided:**
The situation may occur where stage 1 of the service has been delivered by a community pharmacy and that community pharmacy subsequently finds out that the patient wishes to use a different community pharmacy for the provision of the service. Before claiming payment for all of the stages they provided, the first community pharmacy should contact the second community pharmacy and offer to send them via a secure electronic message (e.g. to the community pharmacy's premises specific NHSmail account) the referral information received from the NHS trust and any relevant information and/or findings identified during stage 1 of the service. In these circumstances, the second pharmacy should also only claim payment for the stages they provided, as they will not have provided all the complete service.
 - **Patient uncontactable or withdraws consent after completion of stage 1 and stage 2:**
Where stage 1 and stage 2 of the service is provided by the community pharmacy, but the patient withdraws consent to receive the service or the community pharmacy is unable to contact the patient to complete stage 3 of the service, reasonable attempts must be made by the community pharmacy to contact the patient using the contact details set out in the referral. Where the community pharmacy is unable to reach the patient, they should share any findings of concern from stage 1 and 2 of the service with the patient's general practice before claiming payment for all of the stages they provided.
 - **Temporary community pharmacy closures mean the complete service cannot be provided:**
Where a temporary community pharmacy closure of one week or more means that a community pharmacy cannot provide the service, reasonable attempts must be made by the community pharmacy to contact the patient using the contact details set out in the referral. The community pharmacy should inform the patient of the situation and identify
-

another pharmacy to refer the patient on to for completion of the service. In these circumstances, the community pharmacy should contact the identified community pharmacy and offer to share via secure electronic message (e.g. to the community pharmacy's premises specific NHSmail account) the referral information received from the NHS trust and any relevant information and/or findings identified during stage 1 or stage 2 of the service if already provided. In this scenario, both community pharmacies should only claim payment for all of the stages they provided as they will not have provided the full service.

12. Reimbursement of Covid-19 costs incurred by pharmacy contractors between 1 March 2020 and 31 March 2021 and recovery of the uplift to the advance payments received between 1 April 2020 and 1 July 2020 (England only)

- 12.1 Pharmacy contractors can claim for specific categories of Covid-19 related costs incurred between 1 March 2020 and 31 March 2021 in delivery of NHS pharmaceutical services.
- 12.2 Payments will be made on 1 October providing pharmacy contractors submit their claims as per paragraphs 12.4 and 12.5, subject to the arrangements for reviews and appeals in paragraph 12.10.
- 12.3 The uplift to the advance payments received between 1 April 2020 and 1 July 2020 (see Part I, Clause 5C paragraph 3 for detail) will be recovered as part of the monthly reconciliation from 1 October 2021 to 1 March 2022 in six equal parts. In cases of a change of ownership, the recovered payments will reflect the advance payments received by the previous owner, where the pharmacy F-code has been retained by the current owner.
- 12.4 Where there has been a change of ownership of a pharmacy after 15 August 2021, and the current owner of that pharmacy has a different pharmacy F-code as a result of that change but is, for the assessment of tax purposes, an associated company of the previous owner (for example, because the company that is current owner is under the control of the same person or persons as the company that was the previous owner), the recovered payments from the current owner will also reflect the advance payments received by the previous owner. If there is no such connection but the Secretary of State is nevertheless satisfied, from the surrounding circumstances, where ownership has changed after 15 August 2021, that the current owner could have retained the pharmacy F-code of the previous owner but has changed it wholly or partly in order to avoid liability for re-payment of the advance payments that the previous owner received, the Secretary of State may determine that current owner will be liable for the recovered payments that the current owner would have been liable for, had the current owner retained the pharmacy F-code of the pharmacy. The Secretary of State will determine such cases on referral from the NHSBSA and may ask the current and/or the previous owner to supply evidence and/or make written representations before making his determination.

Claims process for Covid-19 related costs of the four specified categories

- 12.5 All claims must be submitted to the NHSBSA between 5 July and 15 August 2021 by completing and returning the [claim form](#).
- 12.6 Pharmacies with two or more branches may make a single claim and provide documentation to evidence claims at company level.
- 12.7 There are four categories of costs that can be claimed for. These are set out in table 1.

PAYMENT FOR ESSENTIAL SERVICES (PHARMACY CONTRACTORS)

- 12.8 Each claim must -
- (a) Confirm that it is for Covid-19 related costs in the four categories in table 1, incurred between 1 March 2020 and 31 March 2021 for the delivery of NHS pharmaceutical services.
 - (b) Specify the amount claimed in each category of costs (categories 1 to 3) and the evidence available to support the claim.
 - (c) Confirm that the documentation to evidence the value of the claim will be made available to the NHSBSA on request within 5 working days upon receiving a request from the NHSBSA.
 - (d) Where a claim is made for closures agreed by NHSE&I, confirm that the closure was agreed with NHSE&I, the period of the closure, the number of days the pharmacy was closed and the name of the NHS authority that was notified of the closure. If confirmed by NHSE&I that the closure was notified and is in scope, contractors will be paid their average daily fees in 2019/20 plus their average daily number of dispensed items in 2019/20 multiplied by £0.77 to reflect medicine margin for each day they were closed between 1 March 2020 and 31 March 2021 for a maximum of 14 days.
 - (e) Be submitted by 15 August 2021.
- 12.9 Claims that do not meet the criteria set out in paragraph 12.8 will be rejected.
- 12.10 Claims will be reviewed before or following payment. Where the evidence submitted does not support the claim, the payment will either be reduced before it is made to the contractor or, if payment has taken place, the over-payment will be recovered from the contractor's next monthly payment. If a contractor does not agree with the reduction of their payment or the recovery of the difference between the amount claimed and the amount paid, then they should notify the NHSBSA that they want the amount of the claim that has not been assessed as payable, or any part of that amount, to be the subject of an independent internal review within 30 days from the date or receipt of the letter from the NHSBSA setting out the review process. A contractor should specify in the notification why they disagree with the amount of the claim not payable, including why they believe that the evidence provided supports a higher claim and/or why they believe any rejected costs are in scope of the claims process. A contractor may provide additional evidence to support the independent review. The independent review will only look at the part of the claim that the contractor states is in dispute. The NHSBSA will inform the contractor of the outcome of the independent review and will confirm the additional amount of the claim payable following independent review. If following independent review, a contractor still disagrees with the amount of the claim payable then they can appeal the disputed amount to the Secretary of State under section 9(6) of the NHS Act 2006 within 30 days from the date of receipt of the letter from the NHSBSA informing the contractor of the outcome of the independent review and setting out the appeal process.
- 12.11 Claims reviewed before payment in full will be made will include:
- (a) Claims exceeding one third of annual NHS income in 2020/21 for contractors who opened after March 2019 or an average of 2019/20 and 2020/21 income for contractors who opened before March 2019;
 - (b) Claims where initial review identifies a risk of a potential error that could result in a significant overpayment.

Partial payment to contractors whose claims fall under categories 12.11a and 12.11b will be made to ensure the recovery of Covid-19 advance during the verification of these claims does not unreasonably affect contractor's cashflow.

Contractors will not automatically receive the amount they have claimed. Once the total number of claims is in, HM Treasury will be asked to determine the funding envelope for the claims. If the envelope is the same as the amount claimed, the claims will be paid in full. If some form of capping mechanism proves necessary, then this will be set out in a Drug Tariff determination that will be published in September.

- within the first band, all Appliance Contractors will receive a fixed monthly payment of £150.00; and
 - in the remaining bands, Appliance Contractors will be paid a fee per each Part IXA, Part IXB and Part IXC item dispensed in that month

- 1.4 Appliance contractors who have been added to the pharmaceutical list following a successful application which was granted after 1 July 2010 on the basis of the exemptions set out in regulation 13 of the NHS (Pharmaceutical Services) Regulations 2005 will not receive any infrastructure payment if they dispense less than 2,240 items in any month. If they dispense 2,240 items or more, they will receive £2.40 per item for items dispensed between 2,240-35,000 and £2.30 per item for items dispensed above 35,000. Similar applications are not possible under the NHS (Pharmaceutical Services) Regulations 2012.

2. Electronic Transmission of Prescriptions Allowances

- 2.1 The Electronic Prescription Service will be deployed in phases with two releases (Release 1 and Release 2) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://www.digital.nhs.uk>.
- 2.2 In order to be able to use the Electronic Prescription Service appliance contractors will need to have:
- an ETP compliant dispensing system accredited as such by NHS Digital (either Release 1 or Release 2)
 - appropriate network connectivity to be able to operate the Electronic Prescription Service (details of connectivity arrangements for appliance contractors will be made available by NHS Digital)
 - staff operating the service who are registered users and have been issued with smart cards and PIN numbers under the NHSCB's registration authority arrangements.
- 2.3 The release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim a further Release 1 allowance for the new relocated premises
- 2.4 A further allowance of £1,000 will be paid linked to the appliance contractor deploying Release 2 of the Electronic Prescription Service. Payment will be automatically triggered, when an appliance contractor submits a synthetic reimbursement endorsement message to NHS Prescription Services. This synthetic reimbursement endorsement message must be submitted to NHS Prescription Services by a date yet to be determined of which three months notice will be given, in order for the allowance to be paid.
-

PAYMENT FOR ESSENTIAL SERVICES (APPLIANCE CONTRACTORS)

-
- 2.5 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
- 2.6 Subject to the conditions in 2.2, an appliance contractor who operates Release 1 or Release 2 of the service if an appropriate prescription is presented or requested, shall be entitled to an ETP monthly allowance of £200 per calendar month from the NHSCB for each month that he is able to operate the service.
- 2.7 A contractor must submit an ETP Monthly Allowance Claim Form (previously known as form PPAETP1) to the NHSCB by the end of the first month that he is able to operate the service to receive the monthly allowance for that month and subsequent months. If at a later date the appliance contractor becomes unable to operate the Electronic Prescription Service, the contractor must inform the NHSCB in writing immediately so that the NHSCB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the NHSCB). When the EPS service is resumed, a completed ETP Monthly Allowance Claim Form will need to be resubmitted.
3. **Electronic Transfer of Prescriptions (Wales)**
- 3.1 The Electronic Transfer of Prescription (ETP) service for Wales will be deployed in phases with two separate releases (Release 1, 2D Barcoded Prescriptions and Release 2, Electronic Transmission of Claims) of ETP compliant pharmacy systems. Further details of service implementation and deployment can be found at <http://howis.wales.nhs.uk/wmss>.
- 3.2 In order to be able to use the full Electronic Transfer of Prescription service, Dispensing Appliance Contractors will need to have:
- an ETP compliant dispensing system, accredited as such by the NHS Wales (firstly Release 1 and then Release 2)
 - appropriate NHS Wales accredited network connectivity (details of which will be made available to Dispensing Appliance Contractors by NHS Wales), to be able to operate the full Electronic Transfer of Prescription service (specifically Release 2)
 - designated staff to operate the service who are registered users and have been notified to NHS Wales authorities.
- 3.3 Any Dispensing Appliance Contractors who have dispensed more than 1200 items in the 12 months preceding 1 April 2010 will be paid an allowance of £2,600 in their June 2010 payment. Payment will automatically be triggered and no claim form needs to be submitted. If an Appliance Contractor dispenses less than 1200 items in the 12 months before 1 April 2010 or they open after 1 April 2010, if they are in a position to operate Release 1 of the Electronic Transfer of Prescription service, they may claim the allowance of £2,600 by submitting an ETP3 Claim Form to the NHS Wales Business Services Centre. Claims must be made by 31 March 2011. After this date no further payments will be made in respect of Release 1.
- 3.4 The Release 1 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been relocation, there is no right to claim a further Release 1 allowance for the new relocated Premises.
- 3.5 A further allowance of £1,000 will be paid linked to the Dispensing Appliance Contractor deploying Release 2 of the Electronic Transfer of Prescription service. Payment will be automatically triggered, when a Dispensing Appliance Contractor submits a synthetic reimbursement endorsement message to NHS Wales Prescription Services Unit. This synthetic reimbursement endorsement message must be submitted to NHS Wales Prescription Services Unit by a date yet to be determined of which three months' notice will be given, in order for the allowance to be paid.
- 3.6 The Release 2 allowance is paid only once, in relation to pharmaceutical services provided at the same premises irrespective of any subsequent merger or sale; or where there has been a relocation, there is no right to claim further Release 2 allowance for the new relocated premises.
-

If at a later date the Dispensing Appliance Contractor becomes unable to operate the Electronic Transfer of Prescription Service, the contractor must inform the LHB in writing immediately so that the LHB can determine whether payment of the ETP monthly allowance should be stopped on a permanent basis or suspended for a month (or other period as specified by the LHB). When the ETP service is resumed, a completed ETP1 Claim Form will need to be resubmitted.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

MEDICINES USE REVIEW, PRESCRIPTION INTERVENTION SERVICE, NEW MEDICINE SERVICE, STOMA CUSTOMISATION, APPLIANCE USE REVIEW, COMMUNITY PHARMACY SEASONAL INFLUENZA VACCINATION ADVANCED SERVICE AND NHS URGENT MEDICINE SUPPLY ADVANCED SERVICE PILOT SCHEME

Advanced Services (Pharmacy and Appliance Contractors)(England)

1. The Medicine Use Review and Prescription Intervention Service (MUR), New Medicine Service (NMS), Stoma Customisation, Appliance Use Review, the Community Pharmacy Seasonal Influenza Vaccination Advanced Service and the NHS Urgent Medicine Supply Advanced Service pilot scheme form part of the Advanced Services within the community pharmacy contractual framework. Stoma Customisation and Appliance Use Reviews are applicable to appliance contractors as well as pharmacy contractors. The relevant directions are now set out in the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, referred to in this Part as 'the principal Directions'.

New Medicine Service**Monthly Fee**

2. A monthly payment will be paid for each completed full service intervention. The fee per intervention will be dependent on the number of interventions achieved for the month and whether any target has been achieved based on the monthly prescription volume of the pharmacy. The amount paid per service intervention starts at £20, but will increase with the volume of interventions subject to a target level being achieved and an overall cap of 1% of monthly prescription volume.
3. Additionally, to support patients who were prescribed a new medicine during the Covid-19 pandemic, but who did not receive the New Medicine Service (NMS) at that time, a catch-up NMS may be offered to eligible patients between 1 September 2021 and 31 March 2022 in line with the service specification.
4. Contractors can offer patients meeting the following criteria a catch-up NMS:
 - The patient had a medication which falls into any of the eligible therapeutic categories listed in the service specification, newly prescribed for them between 1 April 2020 and 31 August 2021; and
 - The patient had not previously received an NMS in respect of that prescribed medicine when it was originally prescribed.
5. The payment to be made per service intervention and the number of interventions required per month to reach a target can be found in Table 1 below. Standard and catch-up NMS will count towards the target in line with the service specification. If contractors fail to reach the first target level (10%) then all full service interventions provided will be paid at £20 each.
6. Where a target level is reached, all of the full service interventions provided up to that point are paid at the rate corresponding to the target. For example, where a pharmacy with a monthly prescription volume between 3501 to 4500 delivers 10 service interventions in the month (achieving the 20% target rate) all 10 interventions will be reimbursed at the 20% rate of £26 each.
7. The claim for activity for each month must be made by submitting the appropriate form to the Pricing Authority no later than 5th of the following month. The last claim date for activity for catch-up NMS must be made no later than 5 April 2022.

Stoma Customisation

8. In England, from 1 April 2010 a fee of £4.32 is payable for every Part IXC prescription item that can be customised¹. The fee does not have to be claimed and will be paid automatically to those pharmacy and appliance contractors who in England have informed the NHSBSA of their intention to provide stoma appliance customisation services as an advanced service by the end of the month before they start providing the service.
9. Contractors are however required to meet certain preconditions, set out below in direction 9 of the principal Directions, before the NHSCB is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them by virtue of direction 10 of the principal Directions.

¹Products that qualify for the stoma customisation fee have been annotated in the Drug Tariff.

Appliance Use Review

10. In England, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in directions 11 to 13 of the principal Directions. As with the stoma customisation, there are both preconditions that the contractor has to meet before the NHSCB is able to enter into arrangements with them (set out in direction 11 of the principal Directions), and ongoing entitlement to provide the service is subject to compliance with the conditions that the NHSCB is required to impose on them (see directions 12 and 13 of the principal Directions)
11. A fee of £28 is payable for an Appliance Use Review conducted at premises or by telephone or video link managed by the pharmacy or appliance contractor. A fee of £54 is payable for a review conducted at the user's home. If, within a 24 hour period, reviews are conducted for several users living at the same location, the appliance or pharmacy contractor may claim £54 for the first review and £28 for each subsequent review.
12. In England, the total number of Appliance Use Reviews that an appliance or pharmacy contractor may claim fees for will be limited to one for every 35 Part IXA (qualifying items), Part IXB and Part IXC prescription items dispensed for the period commencing on 1 April and ending on 31 March in any one year (see direction 13 of the principal Directions).
13. In England contractors will be paid monthly, via the Pricing Authority on receipt of the appropriate claim form in the relevant month.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

Community Pharmacy Seasonal Influenza Vaccination Advanced Service

14. From 1 September 2021 a fee of £9.58 will be paid for each adult flu vaccination administered by a pharmacy contractor. This payment includes a contribution to cover training and clinical waste costs associated with the vaccination.
15. Pharmacy contractors will be reimbursed the cost of the vaccine in accordance with Part II, Clause 8C (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid.
16. The fees will be payable only to contractors meeting the requirements of the service. These are set out in directions 7A and 7B of the principal Directions and the service specification.
17. Claims for payments for this programme should be made monthly, via the Manage Your Service platform provided by the NHSBSA. Claims will be accepted by the NHSBSA within six months of administration of the vaccination or by 31 August 2022, whichever date is earlier. Later claims will not be processed. Payments to contractors will be made monthly as part of their normal payment schedule. Information on submitting a claim is available via the NHSBSA website (<https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/community-1>). When using the Manage Your Service platform provided by the NHSBSA for submitting claims, contractors should ensure that they only make a single claim for each calendar month, as subsequent submissions for that claim month will not be accepted by the Manage Your Service platform.

Claims associated with offsite provision of the Community Pharmacy Seasonal Influenza Vaccination Advanced Service

18. From the 1 September 2021, subject to the payment conditions set out in paragraphs 19 and 20, pharmacy contractors will be remunerated a contribution towards the costs deemed reasonable by NHS England and NHS Improvement (NHSE&I) to deliver adult flu vaccinations from offsite premises.
19. The conditions referred to above for claiming additional reasonable costs are:
 - (i) pre-authorisation of costs is approved by the contractor's regional NHSE&I team prior to any spend and in line with the 2021-22 Autumn and Winter Financial and Payments Guidance for NHS Regional Teams for the Covid-19 Vaccination Programme and the Advanced Flu Service (Community Pharmacies).
 - (ii) that the costs are not already covered via any other means.
20. In relation to the authorisation of venue hire, authorisation of costs will be given by regional NHSE&I teams on a first come, first served basis, from a finite budget. NHSE&I will only authorise where:
 - there is no other venue that has already been paid for either very near or at the same place, at the same time, that the contractor could make use of, and it is not possible to use existing estates or premises to deliver vaccination clinics, or to use NHS void and vacant space brokered through the contractor's regional NHSE&I team.
 - the session is not deemed by NHSE&I to create overprovision in a certain area or at a certain time, to ensure provision of offsite vaccinations are evenly spread,
 - in the contractor's professional opinion, the venue is suitable for the provision of pharmaceutical services and the contractor is satisfied that it can meet General Pharmaceutical Council standards and Infection Prevention and Control guidance,
 - the contractor has enough vaccine supplies to run the offsite clinic and vaccinate expected attendees.
21. Claims for payments for this programme should be made monthly, via the webform on the Manage Your Service platform provided by the NHSBSA and available at <https://services.nhsbsa.nhs.uk/nhs-prescription-services-submissions/login>. Claims will be accepted by the NHSBSA within six months of the hire of the venue or by 31 August 2022, whichever date is earlier. Each claim must include the amount being claimed towards unavoidable costs, the reference number(s) from the relevant NHSE&I regional team approving the costs and a declaration that the contractor has met the cost and that they can provide evidence to support the claim if requested by NHSBSA. Payment will be made via the NHSBSA schedule once approved.

ADVANCED SERVICES (PHARMACY AND APPLIANCE CONTRACTORS)(ENGLAND)

NHS Community Pharmacist Consultation Service (CPCS)

22. In England, from 29 October 2019, the following fee will be paid for the provision of the NHS Community Pharmacist Consultation Advanced Service (CPCS). Regardless of whether a medicine/appliance was supplied, a fee of £14.00 will be paid in respect of each referral received and completed by the pharmacy contractor via the NHS 111, IUC CAS or General Practice referral route into CPCS as part of the Advanced Service
23. Other referrals via NHS 111, IUC CAS or General Practice and requests by patients for emergency supplies that are not part of the Advanced Service, do not attract this fee.
24. No further fees will be paid for the CPCS where an urgent medicine is supplied, and any items dispensed will not contribute to the establishment payment and deduction scale calculations.
25. Pharmacy contractors will be reimbursed* the cost of any supplied medicine/appliance following a referral for urgent medicines/appliances supply in accordance with Part II, Clause 8 (Basic Price) of the Drug Tariff. An allowance at the applicable VAT rate will also be paid, where applicable.
26. The fee mentioned in paragraph 22 will be payable only to contractors who have registered for the CPCS scheme and who meet the requirements of the service. The registration for the CPCS scheme will be via the NHSBSA Manage Your Service (MYS) portal.

14. Contractors are however required to meet certain preconditions, set out below in direction 3 Pharmaceutical Services (Advanced Services) (Appliances) (Wales) Directions 2010, ("the Appliances Directions") before their Local Health Board is able to enter into arrangements with them to provide the service - and their ongoing entitlement to provide the service is subject to compliance with the conditions that Local Health Boards are required to impose on them by virtue of direction 4 of the Appliances Directions.

Appliance Use Review

15. In Wales, from 1 April 2010 a fee is payable to all pharmacy and appliance contractors meeting the requirements for this service for each Appliance Use Review they have carried out. The requirements they have to meet are also set out below in the Appliances Directions. - (a) Part VID of the Drug Tariff, for the provision of the DMR service, the Clinical Community Pharmacy Service or Pharmacy Independent Prescribing Service, and
- (b) Part VIE of the Drug Tariff, for the provision of any other service.

Conditions of payment

10.—(1) A payment under these Directions is only payable if an NHS pharmacist, in respect of each person for which a payment under these Directions is claimed in accordance with the arrangements for claiming payments set out in Parts VID and VIE of the Drug Tariff, has supplied the Local Health Board via Choose Pharmacy, NECAF (where the relevant Choose Pharmacy module is not available), or an alternative mechanism agreed between the NHS pharmacist and Local Health Board, with—

**NATIONAL COMMUNITY PHARMACY AND APPLIANCE CONTRACTOR SERVICES
(WALES)**

- (a) the name of the person,
- (b) the date of birth of the person,
- (c) the NHS number of the person, where it is known, and
- (d) the date on which the service has been provided to the person.

(2) The Local Health Board may request from an NHS pharmacist any information which the Local Health Board does not have but needs, and the NHS pharmacist either has or could be reasonably expected to obtain, in order for the Local Health Board to form an opinion on whether the NHS pharmacist is entitled to a payment under these Directions.

(3) The Local Health Board may, in appropriate circumstances, withhold payment of any, or any part of, payments due under these Directions if an NHS pharmacist breaches any of these conditions.

Overpayments and withheld amounts

11.—(1) If a Local Health Board makes a payment to an NHS pharmacist pursuant to these Directions and—

- (a) the NHS pharmacist was not entitled to receive all or part thereof, whether because it did not meet the entitlement conditions for the payment or because the payment was calculated incorrectly (including where a payment on account overestimates the amount that is to fall due);
- (b) the Local Health Board was entitled to withhold all or part of the payment because of a breach of a condition attached to the payment, but is unable to do so because the money has already been paid; or
- (c) the Local Health Board is entitled to repayment of all or part of the money paid,

regulation 57 of the Pharmaceutical Services Regulations applies and the Local Health Board may recover the money paid by deducting an equivalent amount from any payment payable under these Directions or any other payment payable to an NHS pharmacist in accordance with the Drug Tariff and by virtue of its provision of NHS services, and where no such deduction can be made, it is a condition of the payments made pursuant to these Directions that the NHS pharmacist must pay to the Local Health Board that equivalent amount.

(2) Where a Local Health Board is entitled pursuant to paragraph (1) to withhold all or part of a payment because of a breach of a payment condition, and the Local Health Board does so or recovers the money by deducting an equivalent amount from another payment payable under these Directions or any other payment payable to an NHS pharmacist in accordance with the Drug Tariff and by virtue of its provision of NHS services, it may, where it sees fit to do so, reimburse the NHS pharmacist the amount withheld or recovered, if the breach is remedied.

Underpayments and late payments

12.—(1) If the full amount of a payment that is payable under these Directions has not been paid before the date on which the payment falls due, once it falls due, it must be paid promptly unless—

- (a) this is with the consent of the NHS pharmacist, or
- (b) the amount of, or entitlement to, the payment, or any part thereof, is in dispute.

(2) If the NHS pharmacist's entitlement to the payment is not in dispute but the amount of the payment is in dispute, then once the payment falls due, pending the resolution of the dispute, the Local Health Board must—

- (a) pay to the NHS pharmacist, promptly, an amount representing the amount that the Local Health Board accepts that the NHS pharmacist is at least entitled to, and
- (b) thereafter pay any shortfall promptly, once the dispute is finally resolved.

(3) However, if an NHS pharmacist has—

- (a) not claimed a payment to which it would be entitled under these Directions if it claimed the payment, or
- (b) claimed a payment to which it is entitled under these Directions but a Local Health Board is unable to calculate the payment until after the payment is due to fall due because it does not have the information it needs in order to calculate that payment (all reasonable efforts to obtain the information having been undertaken),

that payment is (instead) to fall due on the first working day of the month after the month during which the Local Health Board obtains the information it needs in order to calculate the payment.

Payments on account

13. Where a Local Health Board and the NHS pharmacist agree (but the Local Health Board's agreement may be withdrawn where it is reasonable to do so and if it has given the NHS pharmacist reasonable notice thereof), the Local Health Board must pay to an NHS pharmacist on account any amount that is—

- (a) the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due under these Directions, or
- (b) an agreed percentage of the amount of, or a reasonable approximation of the amount of, a payment that is due to fall due under these Directions, and if that payment results in an overpayment in respect of the payment, direction 11 applies.

Post payment verification

14. Post payment verification⁽¹⁾ applies to the provision of services under arrangements made pursuant to these Directions.

Dispute resolution

15.—(1) In the case of a dispute (other than in relation to an overpayment, in which case regulation 57(1)(b) of the Pharmaceutical Services Regulations applies) arising out of, or in connection with, the provision of services under these Directions, the NHS pharmacist and the Local Health Board must make every reasonable effort to communicate and cooperate with each other with a view to resolving the dispute, before referring the dispute for consideration and determination to the Welsh Ministers in accordance with the dispute resolution procedure (or, where applicable, before commencing court proceedings) specified in paragraphs (2) to (15) below.

(5) The Welsh Ministers may determine the dispute themselves or, if the Welsh Ministers consider it appropriate, appoint a person or persons to consider and determine it.

(6) Before reaching a decision as to who should determine the dispute, under paragraph (5), the Welsh Ministers must, within 7 days beginning with the date on which a matter under dispute was referred to them, send a written request to the parties to make in writing, within a specified period, any representations which they may wish to make about the matter under dispute.

**ENHANCED SERVICES (PHARMACY CONTRACTORS) (ENGLAND) AND ADDITIONAL
CLINICAL SERVICES (PHARMACY CONTRACTORS) (WALES)**

Directions have been issued to the NHSCB in England and LHBs in Wales authorising them to make arrangements for enhanced services. The directions are reproduced in Part VIC and VID.

For enhanced services, the NHSCB and LHBs are the determining authority for the payment arrangements. The NHSCB can commission enhanced service from any pharmacy in England and LHBs can commission enhanced services from pharmacies within its area or the area of neighbouring LHBs. Determinations to allow for this on an England/Wales basis are detailed below.

Determination of payments for enhanced services

In accordance with section 164(3)(b) of the National Health Service Act 2006, the NHSCB is appointed as the determining authority for the purposes of making a determination for the fees and allowances for the provision of the enhanced services referred to in direction 14 of the Pharmaceutical Services (Advanced and Enhanced Services)(England) Directions 2013, by pharmacy contractors based in England.

When making a determination of remuneration in respect of an enhanced service, the NHSCB must

- have consulted the body that is, under section 165(1)(a) of the 2006 Act, the body representative of persons to whose remuneration the determination would relate to, if the service is to be provided on the basis of a service specification that sets standard conditions nationally, OR
- have consulted any Local Pharmaceutical Committee (LPC) (or LPC's) for the area in which the service is to be provided, if the service does not have a national service specification and is only to be provided in the area of the LPC (or LPC's) consulted.
- allow for the making for any deduction that may or must be made from that remuneration by virtue of any provision of, or made under, the 2006 Act

Where the NHSCB makes a determination of the remuneration payable in respect of an enhanced service, it must publish the determination in such manner as it thinks appropriate for bringing it to the attention of persons included in the relevant pharmaceutical lists.

In Wales, in accordance with Regulation 56 of the National Health Service Regulations (Pharmaceutical Services) 2020, each Local Health Board is the determining authority for the purposes of making a determination for the fees and allowances for the provision of the additional services referred to in direction 8 of The Pharmaceutical Services (Clinical Services) (Wales) Directions 2022, by pharmacists included in its pharmaceutical list or in the list of a neighbouring Local Health Board.

Pharmacy Quality Scheme (PQS) 2021/2022

1. Gateway criteria.
 - 1.1 Subject to paragraph 3.2, to qualify for the Pharmacy Quality Scheme (PQS) 2021/22 payment, on the day of the declaration (which must be made between 15:00 on 3 February 2022 and 23:59 on 2 March 2022) pharmacy contractors will have to meet all of the gateway criteria in Table 1.
 - 1.2 Meeting the gateway criteria will not, in and of itself, earn a PQS payment for the pharmacy contractor, as these payments are also subject to the payment conditions relating to the domains, which are made up of the quality criteria set out in section 2.

Table 1. Gateway criteria

Gateway criteria name	Gateway criteria description
Advanced services	New Medicine Service (NMS) – the contractor must have claimed payments for the completion of a minimum of 20 NMS between 1 April 2021 and 5 April 2022.
Safety report and demonstrable learnings from the CPPE LASA e-learning	<p>On the day of the declaration, all registered pharmacy professionals working at the pharmacy must have satisfactorily completed the CPPE reducing look-alike, sound-alike (LASA) errors e-learning¹ and passed the e-assessment².</p> <p>On the day of the declaration, pharmacies must have a new written safety report (new since February 2020 when this criterion was last included in PQS or covering the last two years if not previously claimed), at premises level, available for inspection from the day of the declaration covering analysis of incidents and incident patterns (taken from an ongoing log), evidence of sharing learning locally and nationally, and actions taken in response to national patient safety alerts.</p> <p>Demonstrable learnings from the CPPE LASA e-learning must be incorporated into the safety report. This must include a review of, and subsequent actions, where mitigation taken has failed to prevent a LASA incident or LASA near miss from occurring.</p> <p>Demonstrably, the pharmacy contractor actively identifies and manages the risks at premises level associated with the following LASA medicines combinations identified from the National Reporting and Learning System (NRLS) propranolol and prednisolone, amlodipine and amitriptyline, carbamazepine and carbimazole, rivaroxaban and rosuvastatin, atenolol and allopurinol.</p> <p>Demonstrably, the pharmacy contractor has put in place actions to prevent these risks, for example, physical separation, staff awareness raising, visual warnings, tags or labels on shelving, fatigue reduction strategies or enhanced checking procedures for these.</p> <p>There must be demonstrable evidence of all actions identified in the patient safety report having been implemented.</p>

	<p>Data on the percentage of target population vaccinated by the PCN will not be available until after the day of the declaration. Therefore, contractors who wish to claim for this domain must declare on the day of the declaration that they have demonstrably contributed to the PCN delivery of flu vaccinations to the target population, as stated above. Based on this declaration, contractors will be allocated the maximum number of points available for a pharmacy in their band for this domain. There will be a reconciliation of the payment made to contractors for this domain on 1 June 2022 when final data on the increase to the uptake of flu vaccination to patients aged 65 and over will be available. Pharmacy contractors should be aware that if their PCN wishes to challenge the data underpinning the point allocation, they will be able to do so. However, this will delay the reconciliation payment.</p> <p>When making a declaration for this criterion, the following must be submitted on the MYS application by the non-Pharmacy PCN Lead contractor:</p> <ul style="list-style-type: none"> ● a declaration that the contractor has engaged with the Pharmacy PCN* Lead and agreed to be involved in increasing the uptake of flu vaccinations to patients aged 65 and over by the provision of flu vaccinations; ● the total number of eligible patients vaccinated by the contractor under the community pharmacy seasonal influenza vaccination advanced service between 1 September 2021 and 31 January 2022; ● the name of the PCN* to which they have aligned; ● the name of the appointed Pharmacy PCN* Lead for the PCN*; and ● the pharmacy name and ODS code for the Pharmacy PCN* lead. <p>When making a declaration for this criterion, the following must be submitted on the MYS application by the contractor where the Pharmacy PCN** Lead is based:</p> <ul style="list-style-type: none"> ● a declaration that the Pharmacy PCN*** lead has engaged with the PCN Clinical Director to agree how community pharmacies in the PCN* will collaborate with general practices to increase the uptake of flu vaccinations to patients aged 65 and over; ● the total number of eligible patients vaccinated by the contractor under the community pharmacy seasonal influenza vaccination advanced service between 1 September 2021 and 31 January 2022; ● the ODS codes of the pharmacies who have engaged in the process for increasing the uptake of flu vaccination to patients aged 65 and over; ● a declaration that they are the appointed Pharmacy Lead for that PCN***; ● the name of the PCN*; and ● a declaration that the Pharmacy PCN*** lead has notified the Local Pharmaceutical Committee in which the PCN* lies that they are the appointed Pharmacy Lead for the named PCN*.

	<p>* Where a PCN has disbanded and the pharmacy is no longer able to realign with another PCN, the pharmacy should collaboratively work with the other pharmacies in the disbanded PCN area as agreed with the NHS England and NHS Improvement regional team for that area. In order to receive payment for this domain these arrangements must be agreed in advance of the declaration with the regional team in conjunction with the Local Pharmaceutical Committee.</p> <p>** Where a PCN Lead does not provide a flu vaccination service themselves they will only be entitled to claim for this domain the points related to the PCN leadership (i.e. 10 points for each band); and they will not be entitled to claim for contributing to the increase in uptake of flu vaccinations. For example, a band 4 PCN Lead, who does not provide the flu vaccination service, will only receive 10 points related to the PCN leadership and they will not be entitled to the max 10 points for contributing to the increase in uptake of flu vaccinations.</p> <p>*** For pharmacies in a disbanded PCN area this will be the pharmacy lead for the area, agreed with the NHS England and NHS Improvement contract manager for that area.</p>

Contractors should make a record of the start and end date of the review as they will be required to enter this information into the MYS application when they make their declaration. There must be a follow up of any patient where the prescriber was contacted to identify what actions were taken.</p> <p>Using the 15.04.2021 TARGET Antibiotic Checklist version 2 (rcgp.org.uk)¹², appropriately trained staff must discuss the antibiotic prescribed with the patient or representative to help ensure safe and effective use. Attempts should be made for this discussion to occur with all patients to promote antimicrobial stewardship. It may be appropriate to speak to an identified patient representative, family member or member of care staff.</p> <p>If there is a potential risk of antibiotic related adverse effects (for example, change in allergy status) or concerns about the patient's therapy, the prescriber must be contacted to suggest a review is undertaken and the details of this intervention recorded in the pharmacy PMR. 	<p>Pharmacy teams are also required to complete a weight management action plan of how they would assist a person who would like support with their weight. The weight management action plan should include, but should not be limited to, a list of local and national support or exercise groups (contractors should note that exercise groups should not be recommended on their own but in conjunction with other support groups because exercise on its own has been shown not to lead to weight loss) that the person could be referred to (as appropriate) and support materials/tools they could use, for example, NHS materials such as Better Health, Let's do this²³ (contractors should note that "Let's do this" should not be recommended on its own but in conjunction with other support because exercise on its own has been shown not to lead to weight loss) and the NHS website²⁴. It should also include details of how to refer people to the NHS Digital Weight Management Programme for those with hypertension and/or diabetes or available Local Authority funded tier 2 weight management services (where the individuals meet the criteria for referral).</p> <p>For contractors who claimed for the Prevention domain in the 2020/21 PQS Part 2, an update to their previous action plan will be required to be documented. Pharmacies must weigh people, calculate their BMI, measure their waist circumference and support those who wish to lose weight through advice and referral to Local Authority funded tier 2 weight management services or the NHS Digital Weight Management Programme (where the individuals meet the criteria for referral).</p>

- 2.2 In relation to training requirements within the Respiratory, Digital, Prevention, Addressing unwarranted variation in care and Healthy living support domains, where new staff who have recently joined the pharmacy or staff returning from long term leave, for example maternity leave, have not undertaken the training and assessment by the day of the declaration, the pharmacy contractor can count them as having completed the training and assessment, if the pharmacy contractor has a training plan in place to ensure they satisfactorily complete the training and assessment within 30 days of the day of the declaration. This training plan and demonstrable evidence of completion of the training and assessment, within 30 days of the day of the declaration, must be retained at the pharmacy to demonstrate they are meeting this criterion.

PHARMACY QUALITY SCHEME (ENGLAND)

3. Payment for PQS 2021/22
- 3.1 Pharmacy contractors must claim payment for the PQS 2021/22 during the declaration period which is between 3 February 2022 (opens at 15:00) and 2 March 2022 (closes at 23:59). Subject to paragraph 3.2, contractors must have evidence to demonstrate meeting the gateway criteria and the domains on the day that they make their declaration during the declaration period stated above.
- 3.2 For PQS 2021/22, where due to Covid-19 a pharmacy contractor has been unable to complete the domain(s), which they had intended to complete before the declaration period outlined in paragraph 3.1, the pharmacy contractor can make a declaration that: they will complete the domain(s) before 31 March 2022 and that they will have the evidence to demonstrate compliance with the domain(s) by 30 June 2022. The evidence of completion of the relevant domain(s), must be retained in the pharmacy to demonstrate that the contractor has met the requirements of the domain(s). This evidence may be requested for provider assurance purposes after 30 June 2022.
- 3.3 Pharmacy contractors will need to make a declaration to the NHS Business Services Authority (NHSBSA) using the Manage Your Service (MYS) application. PQS Guidance will be available on the NHS England and NHS Improvement website.
- 3.4 Each domain has a designated maximum number of points dependent on the participating contractor's total prescription volume in 2020/21^{*/**/**} according to the NHSBSA's payment data as shown in Table 3. The maximum number of points that a pharmacy can qualify for is dependent on:
- their total prescription volume in 2020/21^{*/**/**}; and
 - whether they are a PCN lead or non-PCN lead.

* Contractors, who opened part way through 2020/21, will have their total prescription volume determined as the average number of prescriptions dispensed per month during the months, they were open in 2020/21 multiplied by 12. Please note that change in ownership for the purpose of the PQS banding only is not treated as a new contractor.

** Contractors, who opened after 31 March 2021, will be placed in band 2 for PQS 2021/22. Please note that change in ownership for the purpose of the PQS banding only is not treated as a new contractor.

*** Contractors, who are eligible for the 2021/22 Pharmacy Access Scheme (PhAS), are automatically placed in band 4 if according to their prescription volume they would have been in band 1 to 3. Note that PhAS pharmacies which are in band 5 and 6 according to their prescription volume will be paid according to these bands.

In the event that the value of a point will be £135.50, the number of any unused points for the Pharmacy PCN Lead payment (i.e. 10 points per unclaimed Pharmacy PCN Lead) will be equally distributed amongst all pharmacy contractors who are eligible for the PQS payment. This will be achieved through an additional uplift to the value per point.

Table 3. Maximum number of points per domain

Band	Band 1	Band 2	Band 3	Band 4	Band 5	Band 6
Annual Items	0-1,200	1,201-30,000	30,001-60,000	60,001-150,000	150,001-230,000	230,001+

PHARMACY QUALITY SCHEME (ENGLAND)

- 3.5 Pharmacy contractors who participated in the Primary Care Network domain must claim the maximum number of points for this domain (note – the maximum number of points is dependent on the band the contractor is in) in the declaration period.
- 3.6 The total funding for PQS 2021/22 is £75 million. The funding will be divided between qualifying pharmacies based on the number of points they have achieved up to a maximum £135.50 per point. Each point will have a minimum value of £67.75, based on all pharmacy contractors achieving maximum points. Payments will be made to eligible contractors depending on the band they are placed in, how many domains they have declared they are meeting, and hence points claimed.
- 3.7 For example:
- Assuming 11,300 pharmacy contractors (out of these there are approximately 1,250 potential PCN leads) and 80% on average participated in the scheme:
- 80% of 10,050 non-PCN lead contractors are 8,040 contractors; and
 - 80% of 1,250 PCN lead contractors are 1,000 contractors.
- Assuming the number of contractors in each band and the average number of points achieved by each contractor is as set out in Table 4, we can calculate how many points in total were delivered and therefore the value of each point:

Table 4

	Number of contractors		Average points per contractor	
	PCN lead	Non-PCN lead	PCN lead	Non-PCN lead
Band 1	3	23	13.0	3.0
Band 2	42	342	50.0	40.0
Band 3	197	1,583	60.0	50.0
Band 4	660	5,308	70.0	60.0
Band 5	84	674	80.0	70.0
Band 6	14	111	90.0	80.0

The total number of points is 535,539, which means £75 million would deliver a value per point of £140.05.

However, each point is capped at a total of £135.50. So, the contractor would receive £135.50 per point they earned and, in this case, also an additional £0.63 per point (there were 2,500 points unclaimed for PCN leads which at £135.50 per point gives a total value of £338,750).

This would mean that £2.1 million (out of the £75 million) would remain undelivered through the PQS and would be taken into account in the delivery of the overall Community Pharmacy Contractual Framework funding agreement.

4. Aspiration payment
- 4.1 Contractors will be able to claim an aspiration payment. The aspiration payment is optional for pharmacy contractors and not claiming it will not impact on the pharmacy contractor's ability to claim payment for PQS 2021/22.
- 4.2 Pharmacy contractors will need to make a declaration to the NHSBSA using MYS and indicate which domains they intend to achieve before the end of the declaration period. MYS is available at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/dispensing-contractors-information/manage-your-service-mys>. The aspiration payment must be claimed between 09:00 on 04 October 2021 and 23:59 on 29 October 2021.
- 4.3 The maximum number of points for which a pharmacy contractor can be paid an aspiration payment is 70% of the number of points within the band in which they are placed (note that the maximum number of points is different for PCN leads and non PCN leads). The value of each point for the aspiration payment is set at £67.75 (i.e. the minimum value of a point for PQS 2021/22).
-

PHARMACY QUALITY SCHEME (ENGLAND)

4.4 The aspiration payment will be initially reconciled with payment for the PQS 2021/22 on 1 April 2022. A further reconciliation will take place on 1 June 2022, when final data on the increase to the uptake of flu vaccination to patients aged 65 and over in each PCN (PCN domain) will become available. Where there is a change of ownership during the course of 2021/22 which results in a new ODS code for the contractor, and the previous contractor received an aspiration payment and does not make a declaration between 15:00 on 3 February 2022 and 23:59 on 2 March 2022, this aspiration payment will be recovered from the previous contractor. A new contractor cannot rely upon the PQS activities conducted by a previous contractor for PQS payment where a change of ownership has resulted in a new ODS code being issued for the contractor.

4.5 For example:

Example 1

Annual items in 2020/21	100,000
Item band for 2021/22	Band 4
Does the contractor intend to be a PCN lead?	No
Does the contractor intend to participate in the PCN domain?	Yes
Maximum 'aspiration points' which can be paid	70
Points intended to deliver, as per Aspiration payment declaration	100
Aspiration payment (paid at £67.75 per aspiration point)	£4,742.50
Points actually delivered, as per 2021/2022 declaration (made between 15:00 on 3 February 2022 and 23:59 on 2 March 2022)	100
Initial reconciliation payment (1 April 2022)(based on final value of £67.75 per point)	£2,032.50
PCN domain - number of points achieved according to final data	10
Final reconciliation payment (1 June 2022)	£0

The pharmacy's 2020/21 prescription volumes would put them in Band 4 for 2021/22 PQS. They intend to achieve 100 points in 2021/22 (i.e. the maximum available for Band 4 for non-PCN lead pharmacies). They receive an aspiration payment of £4,742.50 (i.e. 70% of 100 points is 70, and 70 multiplied by £67.75 is £4,743).

The pharmacy achieves the 100 points as intended, so in the initial reconciliation payment, the pharmacy contractor receives £2,032.50. Final data for the PCN prevention domain show that the contractor achieved the maximum number of points for this domain hence the final reconciliation comes to £0.

Example 2

Annual items in 2020/21	25,000
Item band for 2021/22	Band 2
Does the contractor intend to be a PCN lead?	Yes
Does the contractor intend to participate in the PCN domain?	Yes
Maximum 'aspiration points' which can be paid	53.67
Points intended to deliver, as per Aspiration payment declaration	40
Aspiration payment (paid at £67.75 per aspiration point)	£2,710.00
Points actually delivered, as per 2021/2022 declaration (made between 15:00 on 3 February 2022 and 23:59 on 2 March 2022)	35
Initial reconciliation payment (1 April 2022)(based on final value of £67.75 per point)	-£338.75
PCN domain - number of points achieved according to final data	4
Final reconciliation payment (1 June 2022)	-£180.89

The pharmacy achieves 35 points in 2021/22 (assuming the maximum number of points for the PCN domain), so in the initial reconciliation payment, the pharmacy contractor is being deducted

PHARMACY QUALITY SCHEME (ENGLAND)

£338.75. Final data for the PCN domain show that the contractor achieved 4 points and not the maximum 6.67 points for this domain and hence the final reconciliation comes to a deduction of £180.89 (2.67 points multiplied by £67.75).

Example 3

Annual items in 2020/21	175,000
Item band for 2021/22	Band 5
Does the contractor intend to be a PCN lead?	Yes
Does the contractor intend to participate in the PCN domain?	Yes
Maximum 'aspiration points' which can be paid	88.67
Points intended to deliver, as per Aspiration payment declaration	110
Aspiration payment (paid at £67.75 per aspiration point)	£6,007.39
Points actually delivered, as per 2021/2022 declaration (made between 15:00 on 3 February 2022 and 23:59 on 2 March 2022)	126.67
Initial reconciliation payment (1 April 2022)(based on final value of £85 per point)	£4,759.56
PCN domain - number of points achieved according to final data	10
Final reconciliation payment (1 June 2022)	-£141.95

The pharmacy achieves 126.67 points in 2021/22 (assuming the maximum number of points for the PCN domain). In addition, the points delivered by all contractors mean the value per point is set at £85. In the initial reconciliation payment, the pharmacy contractor receives £4,759.56 (126.67 points multiplied by £85 is £10,766.95, and the pharmacy has already received £6,007.39). Final data for the PCN domain show that the contractor achieved 10 points and not the maximum 11.67 points for this domain and hence the final reconciliation comes at a reduction of £141.95 (11.67 – 10 points multiplied by £85).

COLLABORATIVE WORKING SCHEME (WALES)

Integrating Community Pharmacy in Primary Care Clusters (Wales)
Purpose

1. The intention of the collaborative working scheme is to encourage community pharmacy contractors in Wales to engage with primary care clusters, and develop and improve collaborative working relationships with healthcare professionals within the cluster and wider multi-disciplinary teams.
2. Funding is being provided to support this through:
 - 2.1 The appointment of a Community Pharmacy Collaborative Lead (the pharmacy lead), in each primary care cluster ("the Pharmacy Lead Element"); and
 - 2.2 Through back filling of pharmacist and where appropriate pharmacy technician time to engage with the pharmacy lead and/or be involved in collaborative working with local healthcare professionals ("the Pharmacy Element").

The Pharmacy Lead Element

3. A pharmacy lead shall be appointed within each cluster, by pharmacies within the cluster. The relevant local health board will ratify appointments.
4. The pharmacy lead must be a pharmacist or pharmacy technician working regularly (i.e. two or more days each week for the period during which they are the pharmacy lead) in a pharmacy or pharmacies within the cluster and with knowledge of the local area and people working within it.
5. Up to four payments each of £500 (£2000 in total) will be payable in respect of the Pharmacy Lead role. Payments will be made to the pharmacy contractor in which the pharmacy lead usually works subject to 6 and 7.
6. In order to qualify for payment, the pharmacy lead must:
 - 6.1 meet, physically or virtually, at least quarterly with the representatives of all pharmacies within the relevant cluster;
 - 6.2 meet regularly with other professional leads within the relevant cluster;
 - 6.3 meet regularly with the nominated representatives of the local health board;
 - 6.4 attend meetings of the relevant cluster; and
 - 6.5 provide feedback on cluster plans, meetings and priorities to all pharmacies in the relevant cluster.
7. The pharmacy lead must maintain evidence of meeting the responsibilities outlined in 6.1 to 6.5 for inspection by the relevant local health board. This may be in an electronic format and must include: the dates and times of meetings; the names and affiliations of the attendees; a summary of the main points of discussion; any actions agreed; and the current status of those actions.
8. The relevant health board shall confirm the cluster lead to the NHS Wales Shared Services Partnership by the 5th of the first month of each quarter (April, July, October and January respectively).
9. Payment will be made at the end of each quarter (June, September, December and March respectively).

The Pharmacy Element

10. Up to two payments each of £250 (£500 in total) and three payments each of £250 (£750 in total) and an additional payment of £250 will be payable to all contractors on the pharmaceutical list at 1 April 2021, who undertake collaborative working in one or more of the areas set out in 12 to 13 respectively subject to the conditions set in 14.1 to 14.6.
11. Contractors included in the pharmaceutical list after 1 April 2021 will not be eligible to claim full payment other than where a contractor is included as a result of a change of ownership, in which case the contractor will be entitled to payments less any made to the previous contractor.
12. A payment of £250 may be claimed for collaborative working in the following priority areas:
 - 12.1 Promotion and establishment of repeat dispensing/batch prescribing;

COLLABORATIVE WORKING SCHEME (WALES)

- 12.2 Improving the operation of repeat prescribing systems (other than repeat dispensing/batch prescribing) with a particular focus on waste reduction;
 - 12.3 Ensuring the benefits of NHS community pharmacy services, including but not limited to the common ailment service and smoking cessation service, are maximised for patients and the NHS;
 - 12.4 Developing arrangements for maximising the uptake of influenza vaccination within the community;

BASIC PRICES OF DRUGS

**BASIC PRICE OF DRUGS
COVERED BY PART II CLAUSE 8A**

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug

1. All drugs listed in this Part have a pack size and price which has been determined by the Secretary of State for Health as respects England and the Welsh Ministers as respects Wales.
2. Categories A, C and M of the drugs (appearing in Col.4) are as under:
 - 2.1 Category A - Drugs which are readily available. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary. The prices listed in this Part of the Drug Tariff are indicative of the prices determined by the Secretary of State for Health. The following pack sizes are considered when calculating Category A prices:
 - for tablets and capsules, all prescription only medicine pack sizes up to and including 120 unit doses;
 - for liquids and some creams (including special containers) up to and including 500ml/500g.

Where a pack size for a product listed in this Part exceeds the quantities stated above, the listed pack size is the only pack size considered when calculating the price. The Secretary of State determines the prices for Category A drugs to be the average of the price calculated for the pack size listed in the Drug Tariff weighted by the following four manufacturers and suppliers; A A H Pharmaceuticals Ltd, Alliance Healthcare (Distribution) Ltd, Teva UK Ltd and Accord Healthcare Ltd on or before the 8th of the month being reimbursed. In the weighted formula, A A H Pharmaceuticals Ltd and Alliance Healthcare (Distribution) Ltd prices have a weighting of 2, the prices from the other suppliers have a weighting of one.
 - 2.2 Category C - Drugs which are not readily available as a generic, where the price is based on a particular proprietary product, manufacturer or as the case may be supplier. Endorsement of pack size is required if more than one pack is listed. Broken Bulk may be claimed, if necessary. Where the price of the product is based upon a non-proprietary product the price listed in this Part of the Drug Tariff is indicative of the price determined and in this case the Secretary of State determines the price to be the price listed by the manufacturer or as the case may be supplier on or before the 8th of the month being reimbursed.
 - 2.3 Category M - Drugs which are readily available. Broken Bulk may be claimed for those products whose smallest pack size has a price greater than or equal to £50, if necessary. The Secretary of State determines the price based on information obtained under the Health Service Products (Provision and Disclosure of Information) Regulations 2018. The following pack sizes are considered when calculating Category M prices:
 - for tablets and capsules, all prescription only medicine pack sizes up to and including 120 unit doses;
 - for liquids and some creams (including special containers) up to and including 500ml/500g.

Where a pack size for a product listed in this Part exceeds the quantities stated above, the listed pack size is the only pack size considered when calculating the price.
3. Recommended International Non-proprietary Names

With effect from 1 December 2003 drugs will be listed in this Part by their recommended International Non-proprietary Name (rINN), with the exception of Adrenaline and Noradrenaline (which will be listed by their BAN). Where such products are ordered by the former BAN, reimbursement will be made whether the manufacturer of those products is using the former BAN or the rINN to name them. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers as a former BAN or as a rINN.

BASIC PRICES OF DRUGS

4. NHS dictionary of medicines and devices (NHS dm+d)
 The drugs listed in this Part will reflect the naming convention used in the NHS dictionary of medicines and devices. Where such products are ordered by another naming convention, reimbursement will be made using the Part VIII dm+d naming convention. Where prices are calculated for Category A products such prices will be included in the calculation whether they are listed by suppliers using the NHS dm+d naming convention or as other naming conventions. Products are displayed as Name, strength, modification (when present), presentation and 'freeness' (when present e.g. sugar free, gluten free).
 eg Aciclovir 400mg/5ml oral suspension sugar free.
 A salt will only be displayed if more than one clinically significant salt exists in that presentation.
 eg Calcium carbonate and Calcium gluconate.
 Please note that the NHS dm+d uses the European Directorate for the Quality of Medicines & Healthcare (EDQM) List of Standard Terms e.g. gastro-resistant is used to describe enteric coated.

- 6.1 "Methylated Spirit", "Spirit", "Spt. Vini. Meth.", "SVM", "IMS", is ordered alone or as an ingredient of a preparation for external use, or
- 6.2 A liniment, lotion, etc., in the preparation of which Methylated Spirit is permitted, is ordered and the prescriber has not indicated to the contrary.
7. Rectified Spirit
- 7.1 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed alone or as an ingredient in a medicament for external application, payment will be made for supply of Industrial Methylated Spirit unless the prescriber has indicated that no alternative may be used.
- 7.2 Where Alcohol (96%), or Rectified Spirit (Ethanol 90%), or any other of the dilute Ethanol is prescribed as an ingredient of a medicine for internal use, the price of the duty paid to Customs and Excise will be allowed, unless the contractor endorses the prescription form "rebate claimed".
8. Purified Water (Exclusive of ordinary potable water)
 Payment for Purified Water will be made:
- 8.1 where it is ordered; or
- 8.2 where the NHSCB for England and LHB for Wales, after consultation with the Local Medical Committee and Local Pharmaceutical Committee, has decided that the water ordinarily available is unsuitable for dispensing purposes, and has notified the contractor accordingly, the pharmacist should use purified water and will be paid at the Drug Tariff rate, through local arrangements specified in the notice.
9. Actuation

10. A "Bulk" prescription is an order for two or more patients, bearing the name of a school or institution in which at least 20 persons normally reside, for the treatment of at least 10 of whom a particular doctor is responsible. Such a prescription must be an order for a drug which is prescribable under the NHS and which is not designated a "Prescription Only Medicine" (POM) under Section 58(1) of the Medicines Act 1968, or for a prescribable dressing which does not contain a product which is designated POM.

**ARRANGEMENTS FOR PAYMENT FOR SPECIALS AND IMPORTED UNLICENSED
MEDICINES WITH A PRICE PER UNIT ABOVE A MINIMUM QUANTITY**

The arrangements laid out in this Part cover specials and imported unlicensed medicines to be priced per unit above a minimum quantity.

Basic price of certain Specials and Imported unlicensed medicines

The price listed in respect of a drug specified in the following list is the basic price on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug.

Drugs listed in this Part have a minimum quantity and price for that quantity and a price per subsequent ml/g/tab/cap unless in a special container.

The Secretary of State determines the price based on information of manufactured specials or imports submitted by suppliers that hold a Manufacturer 'Specials' Licence or Wholesale Dealer Licence issued by the Medicine and Healthcare products Regulatory Agency (MHRA).

Formulations - The Tariff covers the formulations specified. The following symbols are used in Part VIII B.

STD	Standard formulation including standard flavours
SF	Sugar free
AF	Alcohol free
CF	Colour free
FF	Flavour free
LF	Lactose free
PF	Preservative free
NSF	Non standard flavours
■	Special Container
§	Selected List Scheme (SLS)

Price - All unlicensed medicines in this Part are listed with a minimum quantity and corresponding price, which is payable for any amount prescribed up to the minimum quantity. Unless in a special container, subsequent quantities will be payable at the additional price per ml/g/tab/cap up to the total quantity prescribed. The price of each product listed in this Part covers the formulations specified and this price will be paid regardless of how the product was sourced.

Endorsement requirements above Part II Clause 9

It is not necessary to endorse prescription forms for unlicensed medicines listed in this Part other than with the endorsement requirements outlined in Part II Clause 9.

If the unlicensed medicine is obtained from a supplier holding a MHRA Manufacturer 'Specials' Licence or Wholesale Dealer Licence, the contractor shall endorse the prescription with the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines.

The 'ED' endorsement would only apply if the unlicensed medicine has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party. In this case, the contractor shall endorse the names, quantities and cost of ingredients used in preparing the special.

Arrangements for payment for all other Specials and Imported unlicensed medicines

Prescriptions for specials not listed in the Drug Tariff Part VIII B and Part VIII D will be paid depending on how the special was sourced and the price endorsed on the prescription form.

- Where the unlicensed medicine is manufactured under a Manufacturer 'Specials' Licence or Wholesale Dealer Licence issued by the MHRA, the contractor shall endorse the:
 - initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines
 - pack size from which the order was supplied
 - invoice price per pack size from which the product was supplied **less** discount/rebates
 - manufacturer's/wholesaler's licence number
 - batch number of the unlicensed medicine.
- Where the special has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party, the contractor shall endorse the names, quantities and cost of the ingredients used in preparing the special and endorse the prescription form with the initials 'ED' to claim the additional fees payable for dispensing unlicensed medicines prepared using this exemption.

**ARRANGEMENTS FOR PAYMENT FOR SPECIALS AND IMPORTED UNLICENSED
MEDICINES WITH A PRICE PER UNIT ABOVE A MINIMUM QUANTITY**

Further requirements when supplying unlicensed medicines

- a Keep the following records for 5 years:
 - The source of the special or imported unlicensed product
 - The person to whom and the date on which the special or imported unlicensed product was sold or supplied
 - The prescriber's details

For imported unlicensed products not listed in the Drug Tariff Part VIII B and Part VIII D, the contractor or his representative shall make every reasonable effort to obtain a Certificate of Analysis (COA)/Certificate of Conformity (COC) for each imported product sourced and retain the COA/COC for 5 years.

- Where a COA/COC is available, the contractor must stamp, date, initial and endorse the COA/COC with the invoice price less discount and prescribers details.

ARRANGEMENTS OF PAYMENT FOR PRODUCTS WITH A NOMINAL PRICE (ENGLAND)

The price listed in respect of a drug specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I Clause 5B.1 for the dispensing of that drug.

The products listed in this Part are products that the Secretary of State is on notice are available from a manufacturer or supplier at a nominal price that is significantly below the NHS list price for the product because of a commercial arrangement between NHS England and NHS Improvement and the manufacturer or supplier of the product. In these circumstances, reimbursing pharmacy contractors at the NHS list price (which would ordinarily be reflected in the Category C price) would not represent value for money. Accordingly, the Secretary of State determines a basic price for products in this Part that is based on the nominal price of the listed pack size, and so takes account of the commercial arrangement between NHS England and NHS Improvement and the manufacturer or supplier, although the Secretary of State will not have been privy to the detail of the commercial arrangement.

Contractors who are unable to source the products listed at or below the basic price listed in this Part, or who are subjected to additional charges when purchasing the products listed in this Part, may request a review of the basic price and repayment of any additional costs incurred. The review requires the following steps to be taken. If there are any issues with the supply, ordering and pricing of the product, contractors must first contact the suppliers of the product for notification and resolution. Should no resolution be identified by the suppliers within 5 working days of receipt, then contractors should escalate to the Pharmaceutical Services Negotiating Committee (PSNC). To support the handling of the review, contractors are required to submit evidence of any difficulties experienced including issues with pricing or supply. Any claims and supporting evidence will then be referred by the PSNC to the Department of Health and Social Care. Following a successful review, where pricing issues are identified, any adjustments will be applied by the Pricing Authority to the contractors account at the earliest possible payment date

**ARRANGEMENTS FOR PAYMENT FOR SPECIALS & IMPORTED UNLICENSED MEDICINES
WITH PRICES DETERMINED RELATIVE TO A COMMONLY IDENTIFIED PACK SIZE**

The arrangements laid out in this Part cover specials and imported unlicensed medicines to be paid relative to a commonly identified pack size.

Basic price of certain Specials and Imported unlicensed medicines

All unlicensed medicines listed in this Part have a pack size and a price which has been determined by the Secretary of State, based on information submitted by suppliers that hold a Manufacturer 'Specials' Licence or Wholesale Dealer Licence as issued by the Medicine and Healthcare products Regulatory Agency (MHRA). The price listed in respect of a drug specified in the following list is the basic price on which payment will be calculated pursuant to Part I Clause 5B 1 for the dispensing of that drug. In calculating Part VIID reimbursement prices, for tablets and capsules, pack sizes up to and including 250-unit doses will be considered.

Formulations - The Tariff covers the formulations specified. The following symbols are used in Part VIID.

STD	Standard formulation
SF	Sugar free
AF	Alcohol free
CF	Colour free
FF	Flavour free
LF	Lactose free
PF	Preservative free
■	Special Container
§	Selected List Scheme (SLS)

The price of each product listed in this Part covers the formulations specified and this price will be paid regardless of how the product was sourced.

Endorsement requirements above Part II Clause 9

It is not necessary to endorse prescription forms for unlicensed medicines listed in this Part other than with the endorsement requirements outlined in Part II Clause 9. Broken Bulk may be claimed if necessary, unless the unlicensed medicine is classed as a special container. To claim for Broken Bulk, contractors should refer to Clause 11, Part II and contractors should endorse the prescription with 'BB'.

If the unlicensed medicine is obtained from a supplier holding a MHRA Manufacturer 'Specials' Licence or Wholesaler Dealer Licence, the contractor shall endorse the prescription with the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines.

The 'ED' endorsement would only apply if the unlicensed medicine has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party. In this case, the contractor shall endorse the names, quantities and cost of ingredients used in preparing the special. However, it is unlikely that products listed in this Part would be prepared using this exemption.

Arrangements for payment for all other Specials and Imported unlicensed medicines

Prescriptions for specials and imported unlicensed medicines not listed in the Drug Tariff Part VIIB and Part VIID will be paid depending on how the special was sourced and the price endorsed on the prescription form.

- Where the unlicensed medicine is manufactured under a Manufacturer 'specials' Licence or Wholesale Dealer Licence issued by the MHRA, the contractor shall endorse:
 - the initials 'SP' to claim the additional fees payable for dispensing unlicensed medicines
 - pack size from which the order was supplied
 - invoice price per pack size from which the product was supplied **less** discount/rebates
 - manufacturer's/wholesaler's licence number
 - batch number of the unlicensed medicine.
- Where the special has been prepared under the manufacturing part of the Section 10 exemption from the Medicines Act 1968, by the contractor or by a third party, the contractor shall endorse the names, quantities and cost of the ingredients used in preparing the special and endorse the prescription form with the initials 'ED' to claim the additional fees payable for dispensing unlicensed medicines prepared using this exemption.

Contractors should follow the requirements on record-keeping as set out in Part VIIB.

APPLIANCES (APPROVED LIST OF APPLIANCES - NOTES)

APPROVED LIST OF APPLIANCES
See Part II, Clause 8A (page 18)

The price listed in respect of an appliance specified in the following list is the basic price (see Part II, Clause 8) on which payment will be calculated pursuant to Part I, Clause 5B in respect of the dispensing of appliances.

NOTES

1. **Definition** - The appliances that may be supplied against orders on Forms FP10 are listed below and must conform with the specifications shown. See Part 1, Clause 2 (page 4). These specifications include published official standards ie BP, BPC or relevant British, European or International Standards or the Drug Tariff Technical Specification. It should be emphasized that any appliance must conform with the entry in this part of the Tariff as well as the official standard or technical specification quoted therein. Other dressings and appliances which may be necessary will normally be provided through the Hospital Services.
2. **Sealed Packets** - These are those which are "tamper-evident" - sealed with an easily detachable device that prevents removal of the contents without the seal being broken. Additionally in the case of sterile products: once a sealed package has been opened it should not be possible to re-seal it easily. Where an appliance, other than a bandage, required by the Tariff to be supplied in a sealed packet is ordered of a quantity or weight not listed in the Tariff, the quantity ordered should be made up as nearly as possible with the smallest numbers of sealed packets available for the purpose. Where the quantity ordered is less than the smallest quantity/weight, supply the smallest pack. The quantity of material in each packet supplied should be recorded on the prescription form.
3. **Quality** - Any medical device placed on the market in the UK has to be CE marked by the manufacturer in accordance with the safety, quality and performance requirements laid down in the EC Medical Devices Directive 93/42/EC and the Medical Devices Regulations 2002 (as amended) which transposes the Directive in to UK law. Manufacturers are required to obtain certification from a third party conformity assessment organisation known as a notified body for all but the lowest risk devices. Notified bodies have been designated as competent to undertake this function by the regulatory authority in the registering member state. In the UK this is the Medicines and Healthcare products Regulatory Agency (MHRA). There are a number of conformity assessment routes that the manufacturers can adopt to demonstrate conformity with the requirements of the Directive but the majority use a quality system approach. More details of the CE marking process can be obtained from the MHRA, 151 Buckingham Palace Road, Victoria, London. SW1W 9SZ or from their website <http://www.mhra.gov.uk/Howweregulate/Devices/index.htm>.
4. **Weights** - All weights specified in the Tariff in respect of appliances are exclusive of wrappings and packing material.
5. **Invoice price** - This is the price chargeable for the appliance to the contractor by the manufacturer, wholesaler or supplier.
6. **Technical Specifications** - Numbered Technical Specifications for the items in Part IXA/B/C were published separately in 1981 in loose leaf volume and a revised list was published in 1983. The Specifications will not be reprinted annually but individual specifications will be introduced, amended and reprinted, or withdrawn, as necessary. A list of Technical Specifications is given on page 398. CE marked Devices have shown that they meet the essential requirements of the Medical Devices Regulations 2002 and there is no further need for them to demonstrate compliance with other specifications, such as those referred to above.
7. **Nurse Prescribing** - See Part XVIIIB for details of Nurse Prescribing.

- If a balloon size is not stated by the prescriber when ordering a Foley catheter, a 10ml balloon catheter should be supplied - a 5ml balloon in the case of a paediatric catheter.
- Where the brand is not stated by the prescriber, the basic price of each listed catheter Basic Price p supplied must not exceed:

Nélaton (Male)	44
Nélaton (Female)	40
Nélaton (Paediatric)	40
Foley (Male) short/medium term	227

INCONTINENCE APPLIANCES

INCONTINENCE APPLIANCES

1. Prescribers and suppliers should note that products not included in the list are not prescribable (See Part 1 Clause 2). Attention is drawn particularly to the information on the average life-in-use of each type of product which, together with the pack size, should enable prescribers to calculate their patients' requirements with reasonable accuracy.
2. Only basic information on each product has been provided and prescribers may on occasions wish to seek further information about certain products eg when assessing a patient for the first time. If so, this is always available from the manufacturers (addresses and telephone numbers are given at the end of the entry). Information may also be sought from community nurses and community pharmacists. Where possible manufacturers'/suppliers' order code numbers have been shown but prescribers should note that the order numbers shown are not necessarily the full codes for the appliances they wish to order. This is particularly true of urinal systems where additional code numbers are usually necessary to denote variations from the basic design and individual sizes.
3. Prescribers are reminded that incontinence pads (including products not necessarily described as such but using the absorption principle), incontinence garments, skin wipes and occlusive devices such as female vaginal devices and male penile clamps are not prescribable under the Drug Tariff provisions.

All products in Part IXB receive a home delivery fee of 340p.

LEG BAGS

The leg bags listed are suitable for collection of urine from indwelling catheters or incontinence sheaths. They are intended for daytime use although the larger bags may have adequate capacity for overnight use by some patients. The bags may be worn in different positions on the leg and the intended position (eg thigh, knee or calf) will determine the length of the inlet tube. The bags are attached to the leg by means of straps (included with each pack) which are generally either latex or foam with velcro fasteners.

Note: Plastic leg bags identified in the list with an asterisk* may on average be used for 5-7 days. With proper care and cleansing rubber leg bags are re-usable for 4-6 months.

Symbols used in this section

S These leg bags are supplied sterile. This does not affect the guidance given in the note at the beginning.

* Plastics

W Due to the size and weight of these bags when full, this capacity of bag should be prescribed only for wheelchair-bound patients.

All products in this category must be dispensed with a supply of wipes and disposal bags.

HOME OXYGEN THERAPY SERVICE

1. HOME OXYGEN

- 1.1. Clinical best practice guidelines advise that oxygen therapy should be provided for patients in the home only after careful evaluation and never on a placebo basis. Oxygen may be supplied depending on the type of therapy required by a patient - for example, short burst (or intermittent) or long term therapy. The British Thoracic Society has issued updated clinical best practice guidelines for the assessment and provision of oxygen therapy. See the BTS website at <http://www.brit-thoracic.org.uk>
- 1.2. Extracts from the guidelines are included below.

Home Oxygen Service Arrangements from December 2010

- 1.3. On 3 December 2010, the Department of Health and Social Care and the Welsh Government appointed five companies to the National Framework Agreement (NFA) for the delivery of an integrated (cylinder, concentrator, liquid) and standardised home oxygen service in England and Wales. Appointment to the NFA allowed these companies to bid for the regional contracts.
- 1.4. Four companies for England and Wales now meet all the home oxygen needs in all regions. Contact details for each supplier providing the service in each oxygen service region in England and in Wales are included at section 5. There is a free phone arrangement
- 1.5. Although the South West region is supplied by one of the four suppliers the service specification they operate on is based on the 2008 specification.

Home Oxygen Order Form (HOOF)

- 1.6. The supplier will provide the oxygen ordered by clinical staff on a Home Oxygen Order Form (HOOF) and comes in 2 parts:
Part A: Before Oxygen Assessment - Non-Specialist or Temporary Order
Part B: After Specialist / Paediatric Oxygen
Part A can be downloaded from:
http://www.pcc-cic.org.uk/sites/default/files/articles/attachments/new_hoof_form_v7.pdf
Part B is available from the Regional/CCG HOS Lead

Ordering Home Oxygen Services

- 1.7. All registered health care professionals may order home oxygen for delivery direct to patients at home. Clinical staff should indicate the service(s) required on the form, together with details of the patient's oxygen flow rate and hours of use. Where a patient is awaiting referral for clinical assessment, advice is that a flow rate of 2l/min might be specified when ordering home oxygen. On assessment, the clinical specialist team will determine whether a patient's flow rate and hours of use require adjustment.
- 1.8. The supplier will provide the equipment as listed on the HOOF, provided it poses no risk to the patient or surrounding areas. In such cases the supplier will escalate to the health care professional. The supplier is also responsible for arrangements for the payment of patient's electricity costs associated with use of equipment supplied.
- 1.9. These services, including advice to clinical staff, patients and their carers on the use of oxygen equipment supplied, are available on a 24 hour, 7 day a week basis. There is a free phone arrangement for patient use.
- 1.10. Details of the service specification, including requirements to support the discharge of patients from hospital and the response times for the delivery of each service, are available on the website listed at paragraph 1.6.

HOME OXYGEN THERAPY SERVICE

2. EMERGENCY HOME OXYGEN SERVICE

- 2.1. Where a clinician decides that a patient requires oxygen at home as soon as possible, the supplier may be requested to deliver this to the patient's home within four hours. This service carries a higher service cost than a standard 3 working day installation and should only be used for urgent new orders. It is inappropriate to order home oxygen on an emergency basis where a patient or carer has forgotten to order supplies - particularly if the patient has access to a back up cylinder to meet his/her immediate needs. Each oxygen supplier operates a 24 hour, 7 day a week helpline.

Assessment for home oxygen

- 2.2. Patients should be assessed by a competent and qualified health care professional for all their oxygen therapy; long term, short burst and ambulatory, according to national clinical guidelines.

3. CHANGES TO A PATIENT'S REQUIREMENTS**A Patient's Oxygen Needs**

- 3.1. If for any reason, a clinician wishes to alter the patient's oxygen supply, he will need to inform the patient and complete a new order for home oxygen and send this to the supplier. The supplier will make the necessary arrangements to adjust or provide new equipment, as appropriate. **The supplier will not be able to make these changes until a revised order for home oxygen has been received.**

Holiday Arrangements and Attendance at School or Workplace

- 3.2. A clinician may also wish to make arrangements for a secondary order for oxygen therapy - that is, for delivery to a location other than the patient's home. For example, where a patient remains able to attend school or the workplace or where a patient wishes to go on holiday within England and Wales
- 3.3. In these circumstances, the clinician will need to complete a secondary order, providing details of the address for delivery of the equipment. In the case of holidays, the patient can arrange this directly with their home supplier provided no changes are needed to their current mode of supply. The supplier will make the necessary arrangements to install and remove this equipment, subject to prior agreement by those concerned (for example, school, employer, hotel etc).
- 3.4. The supplier is not responsible or required to secure agreement to provide home oxygen equipment in a location other than a patient's home. This will need to be obtained by the patient or patient's family in relation to holiday accommodation or the patient's workplace. Agreement to the provision of oxygen equipment in schools may be arranged through the School Health Service. **The supplier will be unable to provide oxygen equipment in a location other than the patient's home unless prior agreement has been obtained.**
- 3.5. The arrangements set out in paragraph 3.3 do not apply to patients wishing to take holidays outside the UK. In these circumstances, patients should seek advice on reciprocal arrangements for health care between the United Kingdom and other countries (this is available in a Department of Health and Social Care leaflet and on the Department of Health and Social Care website - <http://www.dh.gov.uk>). Patients may also wish to discuss any private arrangements for the provision of oxygen supplies that may be available from their local oxygen service supplier.
- 3.6. Current arrangements for the provision of oxygen therapy to patients at home will continue in Scotland - that is, pharmacy contractors providing a cylinder service and the concentrator service delivered under contract with a separate supplier. CCGs for England/LHBs in Wales will be advised as to arrangements for patients wishing to visit Scotland - for example, for holidays or to stay with friends or relatives.

HOME OXYGEN THERAPY SERVICE

Patient's Use of Oxygen

- 3.7. It is for clinical staff to counsel patients on the need for oxygen therapy and the regime to be followed to achieve the benefits. The supplier will provide equipment to deliver the required flow rate and hours of use specified on the HCOF. However, if a patient or carer continues to adjust equipment to change the flow rate, the supplier will inform the clinician so that the patient can be advised further as to flow rate or for review of oxygen therapy needs. The supplier cannot change the flow rate specified by a clinician. If a clinician is concerned that a patient may persist with over use of oxygen, he may wish to put in place monitoring arrangements and discuss these with the supplier, as necessary.

Withdrawal of Home Oxygen Service

- 3.8. The supplier is contracted to provide the service ordered until he is informed otherwise and, thus, will continue to make a charge for the service until notified that it should be withdrawn. Therefore, it is essential that the supplier is informed as soon as possible where oxygen therapy is no longer required by a patient - for example, due to the death of a patient or, following assessment or review of a patient's needs, that the patient no longer requires oxygen therapy.

Death of a Patient

- 3.9. Where a patient receiving home oxygen therapy dies, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant CCG for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the CCG for England, LHB for Wales.

Where a Patient discontinues oxygen therapy

- 3.10. Where, following review of need, home oxygen therapy is no longer required by a patient, his GP practice or a member of the clinical specialist team treating the patient, as appropriate, should advise the relevant CCG for England, LHB for Wales, so that arrangements can be made for withdrawal of this service by the CCG for England, LHB for Wales.

Removal of Oxygen Equipment from a Patient's Home

- 3.11. A supplier may be requested to remove equipment from a patient's home by
- 3.11.1 the patient's GP practice or a member of the clinical specialist team treating the patient or
 - 3.11.2 a person authorised by the relevant CCG for England, LHB for Wales or
 - 3.11.3 a patient or patient's relative or carer. Where a patient, a patient's relative or carer requests removal of equipment, the supplier is required to inform the clinician who has ordered the service and the relevant CCG for England, LHB for Wales immediately of the details and date of receipt of the request.
- 3.12. The CCG for England, LHB for Wales should inform the Pricing Authority of withdrawal of the service where
- 3.12.1 a GP practice or a member of a specialist team has informed the CCG for England, LHB for Wales that a patient has died or has discontinued oxygen therapy and/or where the GP practice or member of the specialist team has informed the CCG for England, LHB for Wales that the supplier has been requested to remove equipment from the patient's home or
 - 3.12.2 the supplier has informed the CCG for England, LHB for Wales that he has received a request from the patient, the patient's relative or carer to remove equipment from the patient's home or
 - 3.12.3 where a person authorised by the CCG for England, LHB for Wales has requested the supplier to remove equipment from the patient's home.
- 3.13. When informing the Pricing Authority of the withdrawal of the service, the CCG for England, LHB for Wales, should include the date of any request to the supplier to remove equipment from a patient's home.
- 3.14. The supplier is required to remove the equipment within 14 days of receiving a request for removal.
-

HOME OXYGEN THERAPY SERVICE

4. CLAIMS FOR PAYMENT

Each oxygen service supplier listed at section 5 will be able to access the Pricing Authority website and submit oxygen payment claims at any time within the first 10 calendar days of the month following that in which the home oxygen service has been provided.

In Wales, claims should be submitted to the relevant LHB or the LHB's nominated representative body.

PHARMACY ACCESS SCHEME (ENGLAND)

1. Premise
 - 1.1 The aim of the Pharmacy Access Scheme (PhAS) is to ensure that a baseline level of patient access to NHS community pharmaceutical services in England is protected. Qualifying pharmacies will receive an additional payment.
 - 1.2 The PhAS has been designed to capture the pharmacies that are most important for patient access, specifically those pharmacies where patient and public access would be materially affected should they close.
 2. PhAS until 31 December 2021
 - 2.1 The following pharmacies will be excluded from the scheme:
 - (i) Pharmacies in areas with dense provision of pharmacies.
 - (ii) Pharmacies, which dispense a high number of prescription items per year (109,012 or more items per year).
 - (iii) Distance selling pharmacies.
 - (iv) Local pharmaceutical services (LPS) pharmacies¹.
 - 2.2 The scheme will include a review process to deal with any inaccuracies in calculations, or any unforeseen circumstances or exceptional geographical factors affecting access, like a road closure. The review process will also include cases where there may be a high level of deprivation, and pharmacies are 0.8 to 1 mile from another pharmacy, but critical for access.
- ¹ If a pharmacy with an LPS contract would have qualified for the PhAS were it on the pharmaceutical list, and then is included in the pharmaceutical list after 1 September 2016 because of a right of return or other contractual change, that pharmacy will be treated for the purposes of the PhAS as if it actually were on the pharmaceutical list on 1 September 2016.

3. Entitlement
 - 3.1 From 1 December 2016 a pharmacy contractor will be eligible for the PhAS if it meets all of the following criteria:
 - (a) The pharmacy is more than a mile away from its nearest pharmacy as at 1 September 2016 (measured by road distance); and,
 - (b) The pharmacy is on the pharmaceutical list as at 1 September 2016; and,
 - (c) The pharmacy dispenses less than 109,012 prescription items per year².
 - 3.2 The list of eligible pharmacy contractors is published at <https://www.gov.uk/government/publications/community-pharmacy-reforms>. The list will be fixed for the length of the scheme as set out in 3.1³.

² Contractors, who were not open for a full year in 2015/16, will have their payments capped if they exceed 109,012 items in the financial year.

³ Pharmacy contractors, who will be subject to temporary arrangements as per section 29 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, will be kept on the list of eligible contractors. However, any permanent changes, which result in the contractor not fulfilling the PhAS criteria as per paragraph 3.1, will result in the contractor being deleted from the list.

4. Payment
 - 4.1 The payment calculation for PhAS is calculated in the following way:

- 4.1.1 December 2016 to March 2017 –

Step 1 – take the 2015/16* remuneration (total fees and allowances plus 80p per item indicative for medicine margin) for a contractor and apply to it 1% efficiency savings.

Step 2 – calculate contractor's estimated remuneration for 2016/17 based on dispensed items in 2015/16* using fees and allowances for the first eight months of the year as at April 2016 and fees and allowances for the last four months of the year as at 1 December 2016 plus 77p per item indicative for medicine**.

PHARMACY ACCESS SCHEME (ENGLAND)

Step 3 – take the difference between Step 1 and Step 2 to obtain the full payment.

Step 4 – divide by four the number obtained in Step 3 to obtain a monthly payment.

4.1.2 April 2017 to March 2018 –

Step 1 – take the 2015/16* remuneration (total fees and allowances plus 80p per item indicative for medicine margin) for a contractor and apply to it 3% efficiency savings.

Step 2 – calculate contractor's estimated remuneration for 2017/18 based on dispensed items in 2015/16* using fees and allowances as at 1 April 2017 plus 76p per item indicative for medicine margin***, and £6,400 Pharmacy Quality Scheme Payment****.

Step 3 – take the difference between Step 1 and Step 2 to obtain the full payment.

Step 4 – divide by twelve the number obtained in Step 3 to obtain a monthly payment.

4.1.3 Payments from April 2018, until otherwise determined, will be the monthly payment determined for April 2017 - March 2018.

4.2 Eligible PhAS pharmacy contractors will receive a fixed monthly payment based on the calculation outlined in paragraph 4.1.

4.3 Eligible PhAS pharmacy contractors will not be required to make a claim.

4.4 Eligible PhAS pharmacy contractors will receive the Pharmacy Quality Scheme reconciliation payment if appropriate as outlined in Part VIIA.

*Payments to pharmacy contractors, for which we have less than twelve months' worth of data and, as appropriate, former LPS pharmacies, will be adjusted accordingly.

**£800 million divided by a volume increase of 2.0%

***£800 million divided by a volume increase of 4.04%

****This calculation assumes pharmacy contractors achieve 100 points at £64 per point.

In 2019, the name of the Quality Payment Scheme was changed to Pharmacy Quality Scheme.

5. Review Process

5.1 A review process is included in the scheme to allow for consideration of extenuating circumstances which may mean that access is not being protected in the way intended by the scheme. The cases that will qualify for a review are as follows:

5.1.1 Inaccuracies (for example if the pharmacy postcode is incorrect or the distance from the next pharmacy is calculated incorrectly).

5.1.2 Physical feature anomalies (such as a semi-permanent roadblock meaning two pharmacies are then more than 1 mile from each other) and where the pharmacy is critical for access.

5.1.3 "Near miss" pharmacies (i.e. located 0.8 miles or more from another pharmacy) in areas of the top 20% (of Lower Layer Super Output Areas (LSOAs), when ranked by the Index of Multiple Deprivation) most deprived areas in England and who are critical for access.

5.2 Pharmacies, which dispense more than 109,012 items per annum, will not be considered for the review process.

5.3 Applications for review must be made within three months of the start of the scheme (1 December 2016) and NHS England will accept applications for review from 1 November 2016. Reviews will be administered and completed by NHS England; including the assessment of and decisions taken on all applications for review. Applications for review in cases relating to physical feature anomalies will be considered beyond this three month period, but only if the application relates to a change in circumstances which occurs after the end of the three month period. In such cases, the application for review must be brought within three months of the change in circumstances. Details of where to send requests for reviews are available at <http://www.nhsbsa.nhs.uk/PrescriptionServices/5827.aspx>. NHS England will aim to complete a review within six weeks of receiving a request.

PHARMACY ACCESS SCHEME (ENGLAND)

6. PhAS from 1 January 2022

- 6.1 The following pharmacies will be excluded from the scheme:
- (i) Distance selling pharmacies.
 - (ii) Local Pharmaceutical Services (LPS) pharmacies¹.
 - (iii) Pharmacies in areas with dense provision of pharmacies.
 - (iv) Pharmacies, which received less than 1,200 or more than 104,789 Single Activity Fees (SAFs) in 2019/20.
- 6.2 If a pharmacy with an LPS contract would have qualified for the PhAS were it on the pharmaceutical list, and then is included in the pharmaceutical list after 31 March 2021 because of a right of return or other contractual change, that pharmacy will be treated for the purposes of the PhAS as if it were on the pharmaceutical list on 31 March 2021. LPS pharmacies returning to the pharmaceutical list, if meeting eligibility criteria outlines in paragraph 6.1, will receive backdated payments from 1 January 2022 or the date they returned to the pharmaceutical list: whichever is later.
- 6.3 The scheme will include a review process to deal with any inaccuracies in calculations, or any unforeseen circumstances or exceptional geographical factors affecting access, like a road closure.

7. Entitlement

- 7.1 From 1 January 2022 a pharmacy contractor will be eligible for the PhAS if they meet all of the following criteria:
- (i) Physical distance from other pharmacies:
 - (a) The pharmacy's postcode is not in the 20% most deprived areas of England (according to the Index of Multiple Deprivation 2019) and the pharmacy is more than a mile away from its nearest pharmacy as at 31 March 2021 (pharmacy to pharmacy distance is measured using Ordnance Survey¹); or
 - (b) The pharmacy's postcode is in the 20% most deprived areas of England and the pharmacy is more than 0.8 mile away from its nearest pharmacy as at 31 March 2021 (pharmacy to pharmacy distance is measured using Ordnance Survey Road¹); or
 - (c) The pharmacy was more than a mile away from its nearest pharmacy in 2016 (prior to the review process) and the new distance determination calculated in 2021 is the only reason precluding that pharmacy from PhAS eligibility (i.e. there was no change in geographical location since 2016 for the pharmacy premises and its next nearest pharmacy and / or the algorithm shows that a different pharmacy is the nearest one in comparison to the 2016 data); or
 - (d) The pharmacy was deemed eligible for PhAS scheme in 2016 via the "near miss" criteria in the review process and the new distance determination calculated in 2021 is the only reason precluding that pharmacy from PhAS eligibility (i.e. there was no change in geographical location since 2016 for the pharmacy premises and its next nearest pharmacy).
 - (ii) The pharmacy is on the pharmaceutical list as at 31 March 2021.
 - (iii) The pharmacy received between 1,200 and 104,789 SAFs in 2019/20 (to note – for pharmacy contractors, who opened part way through 2019/20, their number of paid SAFs for the months they were opened were scaled up to 12 months and for pharmacy contractors, who opened during 2020/21, their number of paid SAFs during 2020/21 were scaled up to reflect a full year and used as proxy for 2019/20).
 - (iv) Pharmacy premises must be directly accessible to the public.

¹ The analysis to establish walking distances between pharmacies is underpinned by the UK national mapping agency, Ordnance Survey (OS) mapping products for official addressing (Ordnance Survey AddressBase) to locate pharmacies from address details, and for highways routing networks (Ordnance Survey MasterMap Highways Network Roads and Paths) datasets to create the walking routes. The respective datasets were the versions

PHARMACY ACCESS SCHEME (ENGLAND)

extracted on 31 March 2021 according to OS product revision cycle for each dataset. The analysis to generate the walking routes between pharmacies was undertaken using the ESRI ArcGIS software products ArcGIS Pro and related Network Analyst Extension.

- 7.2 The list of eligible pharmacy contractors is published at <https://www.gov.uk/government/publications/community-pharmacy-contractual-framework-2019-to-2024>.
- 7.3 A condition of the first (January) PhAS payment, which will be paid out with the reconciliation payment on 1 April 2022, is that the pharmacy contractor must be registered on the Manage Your Service (MYS) platform to provide the Community Pharmacist Consultation Service (CPCS) on 31 December 2021. For the pharmacy contractor to continue to receive the monthly PhAS payment as part of their reconciliation payment, they must have been registered to provide the CPCS on the MYS platform for greater than or equal to half of the number of full days in the relevant month.
- 7.4 Pharmacy contractors, who will be subject to temporary arrangements as per section 29 of the NHS (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013, will be kept on the list of eligible contractors. However, any permanent changes, which result in the contractor not fulfilling the PhAS criteria as per paragraph 6.1 (i) and (iv), will result in the contractor being deleted from the list.
8. Payment
- 8.1 Eligible PhAS pharmacy contractors will not be required to make a claim and they will receive a monthly payment with their reconciliation payment as per Table 1 providing they meet the eligibility criteria outlined in paragraph 6.1 and the requirement in paragraph 6.3.

PHARMACY ACCESS SCHEME (ENGLAND)

9. Review Process

- 9.1 A review process is included in the scheme to allow for consideration of extenuating circumstances which may mean that access is not being protected in the way intended by the scheme. The cases that will qualify for a review are as follows:
- 9.1.1 Inaccuracies (for example if the pharmacy postcode is incorrect or the distance from the next pharmacy is calculated incorrectly).
 - 9.1.2 Physical feature anomalies (such as a semi-permanent roadblock meaning two pharmacies are then more than 1 mile from each other).
- 9.2 Pharmacies, which were paid fewer than 1,200 or more than 104,789 SAFs in 2019/20 will not be considered for the review process.
- 9.3 Applications for review must be submitted between 4 January and 4 March 2022. Reviews will be administered and completed by NHS England and NHS Improvement (NHSE&I), including the assessment of and decisions taken on all applications for review. All pharmacy contractors will be informed of the outcome of the review process by the end of May 2022.
- 9.4 Contractors must apply for the review process through a portal commissioned by NHSE&I. The detail of how to apply will be communicated to contractors prior to 1 January 2022. Applications for review must contain evidence of how the contractor meets the eligibility criteria (for example, proof of their correct address, a physical anomaly along the mapped route or distance from another pharmacy). Only distance data from Ordnance Survey Road network mapping will be accepted as evidence for the purpose of the review process.
- 9.5 Contractors, who are deemed to be eligible for PhAS through the review process, will have their payments backdated to 1 January 2022.
- 9.6 Appropriate review processes will be adopted for relevant pharmacies with LPS contracts that return to the pharmaceutical list.

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

In Wales:

ESPS arrangements for those pharmacy contractors qualifying for ESPS payments from April 2014 are as follows:

1. Interpretation

In this Part -

"Authority" means the LHB for Wales in whose locality the premises are located;

"Contractor" means only the pharmacy contractor whose name is included in a pharmaceutical list of the Authority;

"pharmacy" means a pharmacy at premises from which the contractor supplies pharmaceutical services;

"premises" means the premises from which the contractor provides pharmaceutical services;

"year" means the period from 1 April in any one year to 31 March of the following year.

2. Entitlement

2.1. Where, in any year -

2.1.1 the pharmacy dispenses fewer than 35,160 prescriptions; and

2.1.2 that pharmacy is more than 1 kilometre by the nearest practicable route available to the public on foot from the next nearest pharmacy or is less than 1 kilometre but previously qualified as a special consideration case and the circumstances of the pharmacy remain unchanged; and

2.1.3 in the case of pharmacy which has, in the year immediately preceding that year, dispensed fewer than 6,000 prescriptions, the authority certifies in writing at the beginning of that year that the pharmacy is essential to the proper provision of pharmaceutical services, the contractor shall, subject to the following subparagraphs, be entitled to ESPS payments calculated in accordance with paragraph 3 below.

(Note. No new special consideration cases will be entertained).

2.2. A contractor shall be entitled to claim ESPS payments in any year if, on or before 31 January of that year, he estimates, on the basis of the number of prescriptions dispensed in the preceding twelve months or having regard to any special circumstances, that the number of items to be dispensed in the next year will be less than 35,160.

2.3. The contractor shall apply to the Authority for ESPS payments, in the form specified (Form ESPS1 for contractors on the list not less than 10 months at 31 January of the financial year to which the application relates and Form ESPS2 for those on list less than 10 months) on or before 31 January of the financial year to which the application relates.

2.4. Before any payment is made, the contractor shall declare to the Authority his estimate of the number of prescriptions dispensed by the pharmacy in the previous year, if the Authority is satisfied that -

2.4.1 that number is less than 35,160

2.4.2 that the number of prescriptions to be dispensed in the year to which the claim relates is unlikely to exceed 35,160 and

2.4.3 the conditions set out in sub-paragraph 2.1.2 and 2.1.3 above are met, payments shall be made by the Authority in accordance with paragraph 3, subject to the conditions in sub-paragraphs 2.5 and 2.6.

2.5. The Authority, will as soon in the current financial year as they have available the Pricing Authority figure of prescriptions dispensed by the contractor during the preceding financial year, compare this with the contractor's declared estimated figure (sub-paragraph 2.4 above) and if the PA figure of prescriptions dispensed in the previous financial year is 35,160 or more,

ESSENTIAL SMALL PHARMACIES SCHEME (ESPS)(WALES)

the ESPS payments made so far in the current financial year shall be recovered from the contractor in the 3 months following that in which the last ESPS payment was made.

- 2.6. Where, at any time in any year during which ESPS payments are made to the contractor in respect of a pharmacy:
- 2.6.1 the number of prescriptions dispensed by that pharmacy exceeds 35,160 the contractor shall be deemed not to have been entitled to ESPS payments for that year in respect of that pharmacy, and any such payment made to him in that year shall be recovered from the remuneration due to him in the 3 months immediately following the month in which the number of prescriptions dispensed reached 35,160.
 - 2.6.2 a second contractor begins to provide pharmaceutical services from a pharmacy at premises which are less than 1 kilometre by the nearest practicable route available to the public on foot from the premises of the first contractor, payment to the first contractor shall continue at the full rate for the remainder of the year and will then cease.
 - 2.6.3 in a case to which sub-paragraph 2.1.3 applies, the Authority decides that the pharmacy is no longer essential, it shall notify the contractor and after the date of that notification no further ESPS payments shall be paid in that year in respect of that pharmacy.
- 2.7. Where the provision by the contractor of pharmaceutical services from any premises has just begun, the preceding sub-paragraphs shall be modified as follows:
- 2.7.1 the contractor may apply to the Authority for ESPS payments, in the form specified (Form ESPS2) at any time during the year;
 - 2.7.2 he shall be entitled to ESPS payments if -
 - 2.7.2.1 in the case of a contractor who is providing services from premises from which, immediately before the day on which he began to provide those services, those services were provided by another contractor, the number of prescriptions dispensed in the twelve months immediately preceding that day was less than 35,160;
 - 2.7.2.2 in any other case, he estimates, and the Authority is satisfied that, less than 35,160 prescriptions will be dispensed in the first twelve months of the provision of pharmaceutical services, and
 - 2.7.2.3 in any case the condition in sub-paragraph 2.1.2 is satisfied;
 - 2.7.3 any entitlement shall begin -
 - 2.7.3.1 if the claim is made within 3 months of the entry on the list in question, from the date of entry;
 - 2.7.3.2 in any case, from the date on which the application is made.

3. Payments

- 3.1. From 1 April 2014, ESPS payments shall be the difference between one-twelfth of the target payment (£78,505) and the remuneration due (i.e. professional fees as in Part IIIA and any payments made under Part VIA but excluding payments made under Part IIIA 2.F and Part VIA 6), subject to para 3.3 below. See worked example.
- 3.2. Payments shall be made in arrears.
- 3.3. From 1 April 2014, the maximum monthly payment shall be £5,692. If in any month the contractor is entitled to more than the maximum payment, the amount due shall be carried forward and paid in the following month, again subject to the maximum monthly payment applicable to that second month.
- 3.4. Any over, or any under, ESPS payment shall be if necessary, corrected in the remuneration paid in the first month of the following year.
- 3.5. Where a contractor normally provides pharmaceutical services at a pharmacy for less than 35 hours a week, any ESPS payment shall be calculated by reference to the following formula:
- 3.5.1 Average hours/35 x payments appropriate to a full-time pharmacy with the same prescription volume, as determined by the Welsh Ministers.

4. Worked Example

4.1. Month 1.

April calculate 1/12 of target payment £78,505

make ESPS payment of the difference between calculated amount and remuneration due.

4.2. Month 2.

May calculate 2/12 of target payment £78,505

make ESPS payment of the difference between calculated amount and sum of total payment of remuneration due plus ESPS made in month 1 and remuneration due in month 2.

4.3. Month 3.

June calculate 3/12 of target payment £78,505

make ESPS payment of difference between calculated amount and sum of total payments made in months 1 and 2 and remuneration due in month 3.

PAYMENTS IN RESPECT OF PRE-REGISTRATION TRAINEES

England

1. From 1 October 2008 a grant of £18,440 per year is payable to pharmacy contractors who provide the pre-registration training experience needed by pharmacy graduates and certain undergraduates for admission to the General Pharmaceutical Council's Register of Pharmacists. The grants are payable at annual rates in respect of each pre-registration training place filled by a pharmacy graduate or an undergraduate on a sandwich course recognised by the General Pharmaceutical Council as pre-registration training.
2. Pharmacy contractors who have undertaken to provide pre-registration training should submit a claim to the NHSCB at the start of the training period. The NHSCB will arrange for the payment to be made monthly in arrears. Contractors **MUST** notify the NHSCB immediately in writing if the arrangement to provide pre-registration training ceases.

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

Payments to chemists who claim a payment under Regulation 97(1) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 for England and under Regulation 18B of The National Health Service (Pharmaceutical Services) Regulations 1992 (as inserted by SI 1999/696) for Wales.

The Scheme allows chemists to claim a financial reward where they have identified a fraudulent prescription form and thereby either prevented fraud or contributed with valuable information to the investigation of fraud. A reward is payable where:

- fraudulent activity can be proven
- the conditions for the scheme are met as set out below.

Slightly different versions of the Scheme apply in England and Wales.

PART I: ENGLAND

The NHS Counter Fraud Authority (NHSCFA)(Referred to below as the Authority) is responsible for receiving and considering claims for reward payments in England.

The Scheme applies to all claims which are received by the Authority on or after 7 May 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for either the retention element of the reward or the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the NHS Commissioning Board has been informed as soon as practicable, in accordance with Regulation 97(1)(a) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013;
- ii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed and returned to the Authority, along with the original prescription form, normally within 28 days of the form having been presented; and
- iii the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist has reason to believe at the time or subsequently comes to have reason that the order is not genuine;
 - ii the chemist has notified the NHS Commissioning Board as soon as practicable, in accordance with Regulation 97(1)(b) of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013;
 - iii a claim is made by contacting the Authority as soon as practicable, normally within 7 days of the form having been presented. A claim form provided by the Authority must be completed
-

REWARD SCHEME - FRAUDULENT PRESCRIPTION FORMS

- and returned to the Authority along with the original prescription form, normally within 28 days of the form having been presented;
- iv a detailed explanation of why the chemist felt it necessary to dispense must be included on the claim form. A reward will only be payable where the Authority is satisfied that the chemist had good and sufficient reasons to dispense; and
 - v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Authority and the NHS Commissioning Board or for returning a claim form to the Authority, as specified above, are exceeded, the Authority will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

PART II: WALES

Individual Local Health Boards are responsible for receiving and considering claims for reward payments in Wales.

The Scheme applies to all claims which are received by Local Health Board Local Counter Fraud Teams on or after 1 February 2003.

Retention and Reporting Reward: claims where a chemist -

- (a) has not provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form,
or
- (b) has provided the drugs, medicines or listed appliances ordered on the fraudulent prescription form, but had reason to believe at the time or subsequently came to have reason to believe that the form is fraudulent,

and reports this to the relevant authorities as laid out below.

The chemist will be eligible for a payment of £70, where all the conditions for either the retention element of the reward or the reporting element of the reward are met. Only one reward will be payable for each dispensing occasion.

The conditions for the retention element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have not been provided, the prescription form has been retained by the chemist, and the Local Health Board has been informed immediately, in accordance with regulation 44 of the National Health Service (Wales) (Pharmaceutical Services) Regulations 2013;

An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

The conditions for the reporting element of the reward are:

- i the drugs, medicines or listed appliances specified on the fraudulent prescription form have been dispensed, but the chemist believes at the time or subsequently comes to believe that the order is not genuine;
- ii the chemist has notified the Local Health Board as soon as practicable, and in any case within 14 days of the order being presented to the chemist, in accordance with regulation 44 of the National Health Service (Wales) (Pharmaceutical Services) Regulations 2013;
- iii a claim is made by contacting the Local Health Board as soon as practicable. A claim form provided by the Local Health Board (available from:

- v the form presented as a prescription form was not a genuine order for the person named on the form. An order would not be a genuine order if, for example, it had been stolen or counterfeited and not signed by an authorised prescriber; or had been altered otherwise than by the authorised prescriber by whom it was issued.

Where the time-limits for either contacting the Local Health Board or for returning a claim form, as specified above, are exceeded, Local Health Board will nevertheless consider a claim if there are exceptional circumstances justifying the delay.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS**For the period 1 April 2011 to 31 March 2012**

For England only:

Since the introduction of the capacity improvement programme (CIP) by the NHS Business Services Authority (NHSBSA) it has become apparent that the number of errors in pricing is at a level where a scheme to acknowledge this situation is appropriate. Considerable work has been undertaken to quantify the cost of the errors to contractors and whether it can be established which contractors payments may have been affected the most. While it is possible to quantify the errors, it is not possible to identify which contractors may have been particularly affected.

Previously, arrangements were made to cover the periods up to 31 March 2009 and 1 April 2009 to 31 March 2011. Further arrangements as outlined below will be made to cover from 1 April 2011 to 31 March 2012.

All contractors who are open on 1 October 2012 will receive a payment based on the extent to which they were open for business during the reference period from 1 April 2011 to 31 March 2012. This is in recognition of the levels of errors and any inconvenience caused by the new processing system for the period 1 April 2011 to 31 March 2012. That period will be divided into bands of three months and each band will be worth £150. A contractor will receive a payment based on the number of bands during which they were, at some point, open eg a contractor who was open for the entire period will receive a payment of £600 while a contractor who opened for the first time at some point between 1 January and 31 March 2012 will receive a payment of £150.

Table 1

Payment band (during which the contractor must have been open at some point for business)	Payment to recognise the increase in errors and any inconvenience caused by CIP (accumulated)(£)
1 January 2012 - 31 March 2012	150
1 October 2011 - 31 December 2011	300
1 July 2011 - 30 September 2011	450
1 April 2011 - 30 June 2011	600

Contractors who have purchased a business during this period will only be paid in respect of the payment bands when they owned the business unless they have purchased the business with liabilities and the account code has remained unchanged. Contractors who have ceased trading on or before 1 October 2012 will not receive a payment, even if they were trading for the entirety of the reference period.

The Table 1 payment will be made automatically in October's advance payment, which is made in December 2012 to all the contractors referred to in the previous paragraph and no claim needs to be submitted to qualify for the payment.

Any contractor who thinks their payments from 1 April 2011 to 31 March 2012 have been significantly affected has until 31 December 2012 to ask in writing for a recheck of a month or months' prescriptions directly to the NHSBSA. After this time, no further requests for rechecking of prescriptions pre 31 March 2012 will be accepted.

To request a check:

- Contractors must submit their request for a check to NHSBSA in respect of particular month(s) using the appropriate form available from NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk. A separate form needs to be completed for each month they wish to have checked. Contractors with more than one pharmacy need to complete separate request forms for each pharmacy, and for each month, they wish to have checked.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS

- NHSBSA will select an equal number of months to check. Using the results from all the months reprocessed:
 - Where a net underpayment is revealed, the contractor will be paid the value of the underpayment;
 - Where a net overpayment is revealed, the NHSBSA will recover the value of the overpayment.
 - Where a net underpayment is revealed in excess of £500, the contractor will be paid an additional payment of £400 to recognise that they have been significantly affected by the new payment system.

This means that contractors who seek a check will risk losing any underpayment owed when balanced with any overpayment revealed by NHSBSA, even if there was an underpayment in the months for which the contractor has requested a check.

Following 31 December 2012, the deadline for contractors to request a recheck of their account, any contractor who has chosen not to request a recheck will receive an additional payment. This payment will be split into the same bands as in table 1 (each band worth £100) and contractors will be paid the table 2 payments according to the number of bands during which they were open for business at some point during the reference period. It will only be payable if the contractor is still open on 1 January 2013. For example, a contractor who is open the entire reference period will be paid £400 while a contractor, which first opened during January 2012, will be paid £100. This additional payment will be paid in January's advance payment made in March 2013.

Table 2

Payment band (during which the contractor must have been open at some point for business)	Additional payment value for contractors who choose <u>not</u> to request a recheck (accumulated)(£)
1 January 2012 - 31 March 2012	100
1 October 2011 - 31 December 2011	200
1 July 2011 - 30 September 2011	300
1 April 2011 - 30 June 2011	400

For the purposes of both Table 1 and Table 2 payments, contractors are treated as being open on a particular day if that day falls within a period when they are providing pharmaceutical services, even if under their terms of service they are not required to be open on that particular day.

From 1 April 2012

For England only:

From April 2012, a contractor who thinks there is an issue with their monthly payment can ask the NHSBSA, in writing, to recheck a month or specific months' prescriptions.

All contractors who provide NHS pharmaceutical services can request a month or specific months' prescriptions to be rechecked. Contractors who have purchased a business since 1 April 2012 can only request a recheck for the months where they owned the business, unless they have purchased the business with liabilities and the account code has remained unchanged. Those contractors who ceased trading after 1 April 2012 and not sold the business with liabilities can request a recheck for any month where they owned the business, subject to the normal limitation periods.

To request a recheck from NHSBSA,

- A contractor must submit their request using the appropriate form available from NHS Prescription Services of the NHS Business Services Authority or at www.nhsbsa.nhs.uk.
- All requests must be submitted no later than 18 months from the end of the month of dispensing eg for prescriptions dispensed in April 2012; a contractor must submit their request for a check by 31 October 2013.
- A separate form needs to be completed for each month they wish to have checked. Contractors with more than one pharmacy need to complete separate request forms for each pharmacy and month, they wish to have checked.

ARRANGEMENTS FOR CONTRACTORS CONCERNING PRESCRIPTION PRICING ERRORS

To ensure that adjustments fairly reflect both underpayments and overpayments, the NHSBSA will select an equivalent number of additional months to check, where appropriate. Using the results:

- Where a net underpayment is revealed, the contractor will be paid the value of the underpayment:
- Where a net overpayment is revealed, the NHSBSA will recover the value of the payment.

Once the 18 month deadline for requesting a check has elapsed eg 31 October 2013 for prescriptions dispensed in April 2012, no further requests can be made for that particular month.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

For England only:

If prescribers systematically increase prescription duration on all or a significant percentage of their prescription items, this could lead to dispensing contractors facing increased supplier bills in certain months (as more medicines are dispensed per prescription than usual) and then decreased prescription item volume in subsequent months. Where a contractor's dispensing business is affected in this way, the contractor may be entitled to make one or both of the following claims under temporary safeguarding arrangements.

Claim 1 - To provide support to pay an increase in supplier's bill

For a month where the prescription item duration has increased compared to that seen previously, as the contractor will have dispensed significantly more medication per prescription item than usual, the 100% advance (which is based on a historic net ingredient cost) is likely to be insufficient to cover the contractor's supplier bill for the month.

In these circumstances, the contractor is able to claim for that month, for an increase in their 100% advance (Claim1). The amount that can be claimed should reflect the amount by which the contractor's supplier bill has increased solely due to the increase in prescription item duration and no other reason.

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/drug-tariff/drug-tariff-part-xiv>.
- Be signed by the contractor using an advanced electronic signature.
- Be submitted via email to nhsbsa.contractorpayments@nhs.net at the same time as the FP34C is submitted for that month to the NHS Prescription Services of the NHS Business Services Authority.
- Include a declaration that to the best of the contractor's knowledge there is no reason apart from increased prescription duration, directly or indirectly instigated by a CCG, that would have contributed to the larger than normal suppliers bill e.g. not because of a new GP operating in their area who typically prescribes for a longer duration than other local GPs or because the contractor has dispensed higher than usual high cost drug prescription items.
- Be substantiated for example with a copy of the previous three months supplier bills and the current increased bill - or where this is inconclusive, some other rationale.

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid an increase in their 100% advance in line with the claim
- The increased advance will be taken into account in the usual way the following month when the final accurate payment for the month is paid.

Claim 2 - Remuneration

For the months following an increase in prescription duration, contractors may experience a drop in items dispensed and as a result earn fewer fees.

In these circumstances, the contractor is able to claim for an affected month, for any lost fees and allowances (Claim 2).

The claim will need to -

- Be made on the appropriate form available from the NHS Prescription Services of the NHS Business Services Authority at <https://www.nhsbsa.nhs.uk/pharmacies-gp-practices-and-appliance-contractors/drug-tariff/drug-tariff-part-xiv>.
- Be signed by the contractor using an advanced electronic signature.
- Be submitted via email to nhsbsa.contractorpayments@nhs.net at the same time as the FP34C is submitted for that month to the NHS Prescription Services of the NHS Business Services Authority.
- Include a declaration that to the best of the contractor's knowledge there is no reason apart from increased prescription duration, directly or indirectly instigated by a CCG, that would have contributed to a decrease in fees earned e.g. a new pharmacy opened nearby.

DEVOLVING THE GLOBAL SUM - TEMPORARY SAFEGUARDING PAYMENTS

On receipt of a valid claim at the NHS Prescription Services of the NHS Business Services Authority

- The contractor will be paid on the volume of prescription items for same month of the previous year, but at the current value of fees and allowances.
- Where a contractor makes a claim, for the month in which they are claiming they will be paid on the volume of the previous year's prescriptions regardless of whether this volume is lower than the prescription volume submitted for the month claimed.

Claim 1 and 2 - In general,

- Claim 1 would not normally be expected to be made in the same month as Claim 2.
- Because of the nature of Claim 1 it would not normally be appropriate to claim it in consecutive months, but it may be appropriate to claim it more than once.
- Typically, Claim 2 would follow a Claim 1, but Claim 2 could be made where a Claim 1 has not been made in a previous month, for example, where prescription duration has increased slowly. In these cases, the usual 100% advance may have been sufficient, but the contractor is experiencing a reduction in fees and allowances for which they wish to claim.
- Because of the nature of Claim 2, it may be appropriate to claim it in consecutive months, but it is unlikely to be appropriate for it to be claimed every month.

For Claim 1 and 2, in situations where the claim is outside conditions agreed by Department of Health and Social Care (DHSC) and Prescription Services Negotiating Committee (PSNC), the claim will be subject to joint verification by the NHSCB and the contractor's Local Pharmaceutical Committee (LPC), subject to agreement with the contractor on LPC involvement.

Where a contractor makes one or more valid claims in the previous three months, they will be entitled to an "amendment allowance" of £30 for the quarter (regardless of how many claims made), in recognition of the administrative time required to make claims.

RESCINDED - INTENTIONALLY BLANK

BORDERLINE SUBSTANCES

Borderline Substances

In certain conditions some foods and toilet preparations have characteristics of drugs and the Advisory Committee on Borderline Substances advises as to the circumstances in which such substances may be regarded as drugs. The Advisory Committee's recommendations are listed below. Prescriptions issued in accordance with the Committee's advice and endorsed "ACBS" will normally not be investigated.

Manufacturers wishing to notify changes to their products should contact the ACBS by post:

LIST A

This is an alphabetical index of products which the ACBS has recommended for the management of the conditions shown under each product.

General Practitioners are reminded that the Advisory Committee on Borderline Substances recommends products on the basis that they may be regarded as drugs for the treatment of specified conditions. Doctors should satisfy themselves that the products can be safely prescribed, that patients are adequately monitored and that, where necessary, expert hospital supervision is available. Prescriptions for products recommended by the Committee should be endorsed "ACBS".

Note: The Committee has recommended a number of products as complete feeds for certain conditions. They may be prescribed both as sole sources of nutrition and as necessary nutritional supplements prescribable on medical grounds.

Definitions

1. The Committee has defined proven lactose or sucrose intolerance as "A condition of intolerance to an intake of the relevant disaccharide confirmed by:

- (i) demonstrated clinical benefit of the effectiveness of the disaccharide free diet;
and
- (ii) the presence of reducing substances and/or excessive acid (1.00pH) in the stools, a low concentration of the correspondent disaccharidase enzyme on intestinal biopsy, or by breath tests or lactose tolerance tests."

2. The Committee has defined proven whole protein sensitivity as "Intolerance to whole protein, proven by at least two withdrawal and challenge tests, as suggested by an accurate dietary history."

3. The Committee has defined dysphagia as that associated with "Intrinsic disease of the oesophagus, eg. oesophagitis; neuromuscular disorders, eg. multiple sclerosis and motor neurone disease; major surgery and/or radiotherapy for cancer of the upper digestive tract; protracted severe inflammatory disease of the upper digestive tract, eg. LIST C

The products which have been considered by the ACBS and may not be prescribed on Form FP10, are now included in Part XVIII.

NOTES ON CHARGES

NOTES ON CHARGES FOR DRUGS AND APPLIANCES PAYABLE UNDER REGULATIONS MADE UNDER SECTION 172(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT 2006 AND SECTION 121(1) AND (2) OF THE NATIONAL HEALTH SERVICE ACT (WALES) ACT 2006

- (i) Information about the number of charges payable is in paragraph 11 - with examples of the application of the charging arrangements in paragraph 12.
- (ii) Where the arrangements or charge rates differ between England and Wales, provisions for England (ie set out in regulations made in England) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with NHS Commissioning Board (NHSCB) in England. Provisions for Wales (ie set out in regulations made in Wales) apply to prescriptions dispensed by community pharmacists, appliance contractors and dispensing doctors in agreement with Local Health Boards (LHB) in Wales. The cost of prescription prepayment certificates (PPCs) will apply in accordance with the normal address of the patient. Details are in paragraph 6.
- (iii) Any PPC or exemption certificate issued in England, Northern Ireland, Scotland or Wales is valid across the UK.
- (iv) In the following paragraphs, where no separate provision for Wales is noted, the same provisions apply in England and Wales.

1. CHARGES PAYABLE

£9.35 (England) for each prescription item, preparation or type of appliance including each ankle, legging, knee-cap, below-knee, above knee or thigh stocking. In Wales from 1 April 2007 there will be no prescription charge for a patient (or the patient's representative) who presents a Welsh prescription form (WP10, or another in that series) or for a patient (or a person on a patient's behalf) who presents an English prescription form (FP10) with a valid Entitlement Card. No charge is payable for Oxygen concentrators from 1 April 1992.

2. PHARMACY AND APPLIANCE CONTRACTORS

Unless a completed declaration of entitlement to exemption or remission (see sections 4 and 5) is made on the prescription form or EPS Token, a charge is payable for each drug or appliance supplied, including each piece of elastic hosiery.

In order to secure exemption or remission from prescription charges, when presenting a prescription form to a pharmacy, or appliance contractor, the patient, or their representative, must complete the declaration on the back of the prescription form or EPS Token. The regulations require them to do so, unless the exemption is for those aged under 16, or 60 and over and the date of birth is printed on the prescription form (see section 5). Patients and their representatives are also not required to make a declaration or sign the back of the form or EPS Token if the item prescribed is provided free-of-charge as provided by legislation i.e. contraceptives (see paragraph 10.1) or treatment for a sexually transmitted infection (see paragraph 10.2). Patients and their representatives are not required to make a declaration or sign the back of the form or EPS token if a real time exemption check by the pharmacy or appliance contractor of electronic records that are managed by the NHSBSA for the purposes (amongst other purposes) of providing advice, assistance and support to patients or their representatives in respect of whether a charge is payable under these Regulations has confirmed that no charge is to be made and recovered.

Patients, or their representatives, are required to sign the prescription form or EPS Token to declare that a charge has been paid. Patient charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 to be exempt from paying a prescription charge. However, if a patient presents an FP10 for dispensing in a Welsh pharmacy and it is not accompanied by a valid Entitlement Card then the declaration must be signed in the usual way or a charge paid in accordance with the English regulations made under section 121(1) and (2) of the National Health Service Act 2006.

NOTES ON CHARGES

3. DISPENSING DOCTORS

Unless a completed declaration of entitlement to exemption or remission (see sections 4 and 5) is made on the prescription form, the charges set out at (1) above are payable in respect of each item supplied by a dispensing doctor. In order to secure exemption or remission from prescription charges when presenting a prescription form to a dispensing doctor, the patient, or a person on his behalf, must complete the declaration on the back of the prescription form. The regulations require them to do so, unless the exemption is for those aged under 16, or 60 and over and the date of birth is printed on the prescription form (see section 5). Patients and their representatives are also not required to make a declaration or sign the back of the form if the item prescribed is provided free-of-charge as provided by legislation i.e. contraceptives (see paragraph 10.1) or treatment for a sexually transmitted infection (see paragraph 10.2). Patients and their representatives are not required to make a declaration or sign the back of the form or EPS token if a real time exemption check by the doctor of electronic records that are managed by the NHSBSA for the purposes (amongst other purposes) of providing advice, assistance and support to patients or their representatives in respect of whether a charge is payable under these Regulations has confirmed that no charge is to be made and recovered.

Patients, or their representatives, are required to sign the prescription form to declare that a charge has been paid. Charges are retained by the dispensing practitioner whose payment for provision of pharmaceutical services is adjusted accordingly.

In Wales: From 1 April 2007 there is no longer any requirement for a patient or their representative to sign the declaration on the reverse of a WP10 in order to secure exemption from paying a prescription charge.

When an item dispensed by a dispensing doctor is delivered to a patient outside the surgery, every reasonable effort should be made to obtain a signed declaration from the patient that they have either paid the charge or are exempt (except for any patients aged under 16, or 60 and over).

However, there will be occasions when repeat prescriptions are delivered to points outside the surgery, or for example for collection from village shops in rural areas. Where a patient is exempt from charges and it is not practical for the patient to sign the form, a dispensing doctor or responsible member of the practice team should mark the reverse of the form as "remote delivery" and sign the form.

4. PEOPLE ENTITLED TO EXEMPTION

Provided that the appropriate declaration is made by a patient or their representative (apart from those aged under 16, or 60 and over as detailed in section 5), a charge is not payable to the pharmacist, appliance contractor or dispensing doctor for drugs or appliances, including elastic hosiery, supplied for:

- 4.1 Children aged under 16;
- 4.2 Young people aged 16, 17 or 18 in qualifying full-time education;
- 4.3 People aged 60 and over.
- 4.4 People holding a valid exemption certificate, which is issued to:

- 4.4.1 expectant mothers*;
- 4.4.2 women who have given birth to a child (including a still-born child) in the last 12 months*;

*From 16 January 2017 the NHSBSA are running a small pilot scheme in the North East to test a digital process for the application, processing and issuing of Maternity Exemption Certificates. As part of this pilot patients may be issued with a digital certificate in place of a plastic card. This digital certificate will take the form of an email sent to the patient by the NHSBSA. Patients may present this certificate either in hard copy (where they have printed off the email) or digitally (e.g. using a smart phone).

If you have any feedback on this process please send it to nhsbsa.matexdigitisationteam@nhs.net. This feedback will then be considered as part of the evaluation of this pilot.

- 4.4.3 people suffering from the following specified conditions who have a valid exemption certificate:
 - permanent fistula (for example, caecostomy, colostomy, laryngostomy or ileostomy) requiring continuous surgical dressing;
 - a form of hypoadrenalism (for example, Addison's Disease) for which specific substitution therapy is essential;

NOTES ON CHARGES

- diabetes insipidus and other forms of hypopituitarism;
- diabetes mellitus, except where treatment is by diet alone;
- hypoparathyroidism;
- myasthenia gravis;
- myxoedema (that is, hypothyroidism requiring thyroid hormone replacement);
- epilepsy requiring continuous anti-convulsive therapy;
- a continuing physical disability which means they cannot go out without the help of another person;
- for further information about the exemption for cancer please see 4.9.

4.5 War pensioners holding a War Pension exemption certificate or Prescription exemption certificate issued by the Ministry of Defence for prescriptions needed for treating their accepted disablement;

4.6 People who have purchased a Prescription Prepayment Certificate (PPC), which is valid at the point of dispensing.

4.7 From 1 April 2013 released prisoners and those released from secure accommodation (secure accommodation is defined as a court, a secure training centre or a secure children's home) who present an FP10 or FP10 (MDA) will not have to pay a prescription charge for any item on that form if the following applies:

'HMP', and the prison or secure accommodation address and telephone number is printed in the box provided for the practice address on the front of the form, with the prescribing code and the cost centre code for the organisation.

The patient does not have to sign the declaration but should print their name and address if their address is different from the front of the form or EPS Token. Should the patient be homeless the use of 'No Fixed Abode' is acceptable in Part 3 of the FP10 form (version 0515). The back of the new version of the FP10 (version 1219), does not have a requirement for a patient address.

4.8 Prescription Forms from Devolved Administrations

Dispensed in Wales: From 1 April 2007 all patients (including temporary residents) who have prescriptions issued by prescribers contracted to a Local Health Board or Welsh NHS Trust (WP10), or those patients in possession of a valid Entitlement Card (issued by NHS Shared Services Partnership on behalf of a Local Health Board) and a prescription written by a prescriber contracted to the NHS Commissioning Board or an English NHS Trust (FP10), are eligible for free prescriptions. In all other cases the English charge will apply unless the patient is entitled to an exemption as specified in 4.1 to 4.7 above.

Dispensed in England: From 1 April 2007 patients (including temporary residents) who have been issued a WP10 and meet the entitlement criteria as specified in 4.1 to 4.7, are eligible for free prescriptions. In all other cases the English charge will apply.

From 1 April 2011 any patient who presents a Scottish prescription form (GP10) in England will pay an English prescription charge for items dispensed unless the person is entitled to exemption as specified in 4.1 to 4.7.

From 1 August 2010, any patient who presents an NHS prescription form originating from Northern Ireland (coded HS21CS) will not pay a prescription charge for any items on that form that are dispensed in England.

Following the abolition of prescription charges in Northern Ireland on 1 April 2010, a new prescription form (coded HS21CS) has been produced in Northern Ireland and this is now in circulation. The form does not include a tick box and declaration section on the reverse of the form, but does include a signature box for those collecting any Schedule 2 and 3 Controlled drugs.

The previous version of the Northern Ireland prescription form may be in circulation for the time being. Both versions of the forms must be dispensed without collecting prescription charges. A patient or patient representative signature is not required on either version of the form (except in the case of Schedule 2 and 3 Controlled drugs when a collector's signature is still required).

NOTES ON CHARGES

4.9 EXTENSION OF THE LIST OF MEDICAL CONDITIONS GIVING EXEMPTION FROM NHS PRESCRIPTION CHARGES: GUIDANCE FOR DOCTORS**ALL CONDITIONS**

We ask all doctors to advise patients of their entitlement to medical exemption from prescription charges and give them a form FP92A once a relevant diagnosis is made. Application for an exemption certificate should only be made once the diagnosis of one of the medical conditions listed on the FP92A is confirmed. The exemption certificate will be backdated one month from the date the application is received.

Exemption certificates only apply to charges for NHS prescriptions, but they cover all prescriptions, not just those for the exempting condition.

Pending receipt of an exemption certificate, patients should ask the dispenser for an NHS receipt (FP57 Receipt and Refund claim for NHS prescription charges) when they pay a prescription charge. A FP57 form must be issued at the time prescription charge(s) are collected by the dispenser and cannot be provided at a later date.

Patients diagnosed with one of the qualifying conditions for medical exemption, who are aged 60 and over are exempt from NHS prescription charges on age grounds and do not need to apply for a medical exemption certificate. However, patients who are exempt because they are receiving a relevant benefit, for example income support, may wish to apply for a medical exemption certificate so they are covered if their financial circumstances change.

Regulations are changed so that only the version clearly marked 1 January 2009, should be used. Old versions of FP92A should be destroyed securely.

CANCER

The National Health Service (Charges for Drugs and Appliances) Regulations 2015 ("the Charges Regulations") provide for the medical exemption criteria to include cancer patients. They will give exemption from charges for cancer patients in respect of all prescription items (not just those for cancer) dispensed on or after 1 April 2009. The new version of the FP92A must be used. Exemption certificates for cancer patients will last for 5 years and can be used to their end date even if the patient's cancer treatment finishes during that period. At the end of 5 years a new application may be made if the patient still meets any of the conditions in (i) – (iii) below.

The regulations set out that:

"No charges shall be payable by a person with a valid exemption certificate issued by the Secretary of State on the ground that the person is undergoing treatment for –

- (i) cancer;
- (ii) the effects of cancer; or
- (iii) the effects of cancer treatment".

The words used are intended to have the following meanings but interpretation is a matter for the doctor's clinical judgement in deciding whether or not to confirm the patient's statement and sign the application form.

The new medical exemption is not intended for patients who have been treated and are now apparently clear of cancer where no further treatment is planned. In these cases, treatment does not include routine follow ups with planned discharge later.

Advisory sunscreen because of risk of skin cancer is not a qualifying condition for exemption. This does not preclude prescribing sunscreens (per drug tariff) where clinically appropriate.

"Cancer": means diagnosed cancer (any cancer), not suspected cancer, e.g. skin lesion where no biopsy (or diagnostic test) has been carried out, nor pre-cancerous cells, e.g. following smear test.

"Undergoing" means continuing treatment not just one episode such as nitrogen freezing of a skin lesion with no further treatment planned.

"Treatment" for diagnosed prostate cancer is in accordance with NICE guidelines as at: www.nice.org.uk

"Treatment" includes a course of tamoxifen following diagnosed cancer or similar drug to like effect. It also includes the prescription of lymphoedema garments needed as an effect of cancer or its treatment. These are listed in the Drug Tariff and can be prescribed on an FP10.

NOTES ON CHARGES

“**The effects of cancer**” includes palliative care if treatment for cancer itself has ceased (e.g. pain relief). It also includes effects directly related to cancer that did not exist before the diagnosis, for example change in mental health. The effects of cancer (and cancer treatment) would also include “ostomies” although these patients could apply for an exemption certificate if they have a permanent fistula.

“**The effects of cancer treatment**” may be in respect of current treatment or previous treatment and could arise some time after the treatment. They include all the side-effects of cytotoxic drugs listed in chapter 8 of BNF and includes prevention of side effects of these drugs. This is an example, not exhaustive, and effects of treatment also include late effects of radiation, including the need for camouflages, and secondary lymphoedema.

4.10 EXPENSES INCURRED AS A CONSEQUENCE OF PILOTING SOFTWARE FOR REAL TIME EXEMPTION CHECKING

A number of pharmacy contractors are assisting the Department and NHS England with the piloting of software for Real Time Exemption Checking to establish whether or not a patient is entitled to a prescription charge exemption. Part of the intention of the pilot scheme is to discover if there are any problems with the RTEC process and IT systems so that any necessary changes can be made in advance of any wider roll out. Where problems do emerge, there is a risk that pharmacy contractors may incur expense as a result of making incorrect claims. Any such issues need to be reported to the NHS Business Services Authority, evidence provided to demonstrate that these were caused by the pilot processes and systems, and modifications made or agreed to be made to correct the issue/s going forward.

In such a scenario the pharmacy contractor may claim a payment of actual expenses incurred from the NHS Business Services Authority (likely to be multiples of the prescription charge only), reflecting the loss to them attributable to participating in the pilot scheme, by submitting an expenses claim, with any additional information needed to support it.

The contractor will be contacted by the NHS Business Services Authority to discuss the claim with a view to agreeing an amount that reflects the actual loss to the pharmacy contractor, and accordingly paying that amount. If agreement cannot be reached, the NHS Business Services Authority may pay an amount that it, in the absence of agreement, nevertheless considers to be reflective of the pharmacy contractor’s actual loss. The NHS Business Services Authority may also pay an amount that is lower than the amount considered to be reflective of the pharmacy contractor’s loss, or make no payment, if the loss is wholly or partly attributable to failings on the part of the pharmacy contractor, and those failings are such that NHS Business Services Authority considers that any payment, or any greater payment, would be an inappropriate use of public money.

All requests for an expenses payment under this clause are to be submitted to nhsbsa.RTECLRS@nhs.net.

5. NO PRESCRIPTION CHARGE EXEMPTION DECLARATION NEEDED FROM CERTAIN PATIENTS

- 5.1. In England from 1 April 2005 certain patients exempt on age grounds (aged under 16 in England or aged 60 and over) are no longer required to make a declaration of entitlement to claim exemption from prescription charges. This means that certain patients do not have to complete any part of the exemption declaration or sign the declaration. In such cases pharmacists will not have to complete any part of the patient declaration.
- 5.2. This easement applies only to patients (and representatives acting on behalf of patients) whose date of birth is automatically printed out on a hard copy paper prescription or inserted into an electronic prescription by an appropriate computer system that stores the patient’s NHS care record. This easement also applies to repeat prescriptions (both electronic and paper) in the same way.
- 5.3. Patients who are given hand-written prescription forms where the date of birth is inserted manually, and who claim exemption from prescription charges on age grounds, must complete the declaration of exemption.

6. PEOPLE ENTITLED TO REMISSION

- 6.1 People, who are included in an award of Income Support, Income based Jobseeker’s Allowance, Income Related Employment and Support Allowance or Pension Credit Guarantee Credit (PCGC);

NOTES ON CHARGES

6.2. Universal Credit. From 1 November 2015, people who are included in an award of Universal Credit and:

- (i) Have no earnings or net earnings** not exceeding £435 in the Universal Credit assessment period***;
- (ii) Have no earnings or net earnings** not exceeding £935 in the Universal Credit assessment period***, and also have a child element included in their Universal Credit award or have been assessed as having limited capability for work, or limited capability for work related activity.

People who are getting Universal Credit and who meet the criteria above, should tick box K (*get income based Jobseekers Allowance) on the reverse of the prescription form, unless a box for Universal Credit is available on the form. The new suite of FP10 forms (version 1219), due for release in early 2020, will have a dedicated Universal Credit tick box, box 'U'.

** Earnings of a couple. From 1 December 2016, the relevant earnings to be considered, in respect of a person who is a member of a couple, are the combined earnings of the couple.

*** Eligibility for remission of a charge at the point of dispensing is based on the claimant's last complete assessment period. Universal Credit is assessed monthly, based on the date of claim of an individual. The assessment period will run for a calendar month from the effective date of claim for Universal Credit (which will be shown on the award notice), and between the same dates each month, thereafter.

Recipients of Universal Credit will be given an award notice that can be used as evidence of entitlement to remission of charges. It should be noted that whether a person has limited capability for work may not be identified on the Universal Credit award notice. A patient may not receive/have access to an updated award notice where there has been a relevant change in circumstances (e.g. change in amount of earnings). It is the patient's responsibility to consider whether they meet the criteria, including having limited capability for work and whether they meet the relevant earnings threshold.

6.3 People, whose family income for tax credits is £15,276 or less (the limit is valid from 6 April 2009) and:

- 6.3.1 they get Working Tax Credit (WTC) and Child Tax Credit (CTC); or
- 6.3.2 they get WTC with a disability or severe disability element; or
- 6.3.3 they are not eligible for WTC but get CTC.

6.4 HM Revenue & Customs send information to the NHSBSA, Help with Health Costs about people getting tax credits who are entitled to remission from charges. Help with Health Costs send exemption certificates to these people. The certificate can be used as evidence of their entitlement to remission.

6.5 From 27 October 2008 people who are included in an award of Income Related Employment and Support Allowance should tick box H *gets Income Support or Income-related Employment and Support Allowance, on the reverse of the prescription form to claim free prescriptions.

Evidence should be provided in the form of an Employment and Support Allowance award notice. Note: receipt of the contribution based Employment and Support Allowance alone does not entitle a person to free prescriptions.

6.6 People and their partners who are named on an NHS Charges certificate HC2 because they are entitled to full help through the NHS Low Income Scheme.

6.7 Leaflet HC11 and the equivalent HC11W in Wales provides information for patients about help with health costs within the respective countries. HC11 is on the NHSBSA website at www.nhsbsa.nhs.uk/help-nhs-prescription-costs.

6.8 Leaflet HC12 and the equivalent HC12W in Wales provides information for patients about NHS charges and optical voucher values within the respective countries. HC12 is on the NHSBSA website at www.nhsbsa.nhs.uk/help-nhs-prescription-costs.

6.9 Copies of the HC12 (HC12W and HC11W in Wales) should be made available to patients. They may be ordered free of charge directly from:

7. PRESCRIPTION CHARGE REFUND PROCEDURE

- 7.1. This guidance applies to refunds of prescription charges in England only. Patients enquiring about getting a refund paid in Scotland should call the following number
Scotland - 0131 275 6076
Or they can write to: Practitioner Services (Pharmacy Repayments), 1 South Gyle Crescent, Edinburgh, EH12 9EB, Scotland

Security of FP57 Prescription receipt and refund forms

- 7.2. FP57 Prescription receipt and refund forms are secure items and should not be left in locations where they may be accessed by the public. They should be locked away when not required. Only authorised staff may process prescription refunds. If a pad or a form disappears, or cannot be accounted for, report this urgently to your local NHS Commissioning Board Area Team (in England) or Business Services Centre (in Wales). Pharmacists should be alert to the possibility of misuse of the forms.

When to issue FP57 Prescription receipt and refund forms

- 7.3. Only issue a FP57 Prescription Receipt and Refund claim form when the patient (or their representative) requests this (but see section 8 below) or is in genuine doubt about whether they might be exempt from prescription charges, or they have applied (or are thinking about applying) for a prescription charge exemption certificate or prepayment certificate.
- 7.4. When a patient (or their representative) states they do not have to pay prescription charges because they are in an exempted group or hold a pre-payment certificate, they are not required to pay a charge simply because they do not have any evidence of entitlement. If they are prepared to sign to say they are exempt, they should complete and sign the declaration on the reverse of the prescription form. The "Evidence Not Seen" box should be crossed, as per normal Point of Dispensing check procedures.
- 7.5. Only issue a FP57 Prescription Receipt and Refund claim form at the time the prescription charge is paid. If the patient or their representative is persistent in their request and they have grounds why they do not have a prescription refund and receipt, they should be advised to write to NHSBSA, Help with Health Costs, Bridge House, 152 Pilgrim Street, Newcastle Upon Tyne, NE1 6SN or ring 0300 330 1343, to explain why they were unable to obtain an FP57. Their Review Section will examine the claim and will either send a payment directly to the patient or advise the patient why they do not qualify.
- 7.6. If a receipt is required by a carer or representative, for example to show that the charge was paid, a till receipt may be sufficient proof. Only if a refund may be required should the patient be issued with a prescription refund and receipt form.

Issuing FP57 Prescription receipt and refund forms

- 7.7. Part A must be fully completed by the dispenser or an authorised member of staff. There must be no alterations to the amounts or the quantities in Part A. If a mistake is made, then start again with a new form and cross through the discarded form in such a way that it cannot be used and write, "CANCELLED" diagonally across it. The dispenser can initial any other alterations elsewhere on the form. Any forms which have been discarded due to alterations or mistakes in Part A should be kept for audit purposes.
- 7.8. The dispenser's stamp and date of payment must be on the form with the patient's name and address, the rate of prescription charge paid per item, the number of charges paid and the total paid.
-

NOTES ON CHARGES

Pharmacies processing forms for refunds

- 7.9. Patients should preferably return the prescription refund and receipt form to the community pharmacy that issued it. However, if this is not possible they may take the form to the most convenient pharmacy (normally in the country where the charge was paid.)
- 7.10. Community pharmacists should accept the claim even if the form was issued by a hospital or other NHS organisation. If a dispensing doctor or appliance contractor has taken a payment and the patient requires a refund, the dispensing doctor or appliance contractor must provide the patient with a prescription refund and receipt form. The patient should go to a community pharmacy to obtain the refund.
- 7.11. Pharmacists in England may make refunds for prescription refund and receipt forms issued in England, Scotland or Wales. The paid form will be sent to the NHSBSA, NHS Prescription Services (in England). Pharmacists in Wales may make prescription refunds on Welsh receipt and refund forms (WP57) only. The paid form should be sent to Powys LHB via the Business Services Centre local offices (in Wales) in the normal way.
- 7.12. When a patient presents a prescription refund and receipt form for payment, the pharmacist (or any member of staff who would normally collect a prescription charge) should check the following:
- serial number on the form to ensure it is in the same format as the forms held by that pharmacy;
 - that there are no alterations to the amounts or quantities in Part A and the form appears genuine, e.g. there is no white border indicating that it is a "home produced" copy.
- 7.13. If the form is not in order the pharmacist should phone the NHS Counter Fraud Authority (NHSCFA) fraud line number 0800 028 4060 (in England) and CFS Wales on 01495 745844 (in Wales).
- 7.14. If the form is in order, take the following steps:
- For patients claiming a refund based on the Universal Credit exemption arrangements:
 - (i) Where the prescription charge was paid on or after 1 December 2016, check if the patient was included in an award of Universal Credit and, on the day the charge was paid:
 - had no earnings or net earnings** not exceeding £435 in the relevant Universal Credit assessment period***. Or
 - had no earnings or net earnings** not exceeding £935 in the relevant Universal Credit assessment period*** and had a child element included in the Universal Credit award or if they have been assessed as having limited capability for work, or limited capability for work related activity.

** Earnings of a couple. From 1 December 2016, the relevant earnings to be considered, in respect of a person who is a member of a couple, are the combined earnings of the couple.

*** Universal Credit is assessed monthly, based on the date of claim of an individual. The assessment period will run for a calendar month from the effective date of claim for Universal Credit (which will be shown on the award notice), and between the same dates each month, thereafter.

Eligibility for a refund of a charge paid is based on either the last assessment period before the charge was paid or the same assessment period in which the charge was paid. This allows a person to claim a refund of a charge paid during the period their Universal Credit was being determined, where it is subsequently confirmed that they qualify for Universal Credit and they meet the eligibility criteria.
 - (ii) Where a charge was paid before 1 December 2016, the earnings threshold amounts applied to the individual earnings of either member of a couple. This treatment of earnings on an individual basis remains relevant for determining entitlement to a refund of charges paid between 1 November 2015 and 30 November 2016 only. (Examples of treatment of earnings on an individual basis, one member of a couple earns £300 in the relevant assessment period and the other earns £200, and assuming the relevant threshold is £435, each meets the criteria, even though jointly their earnings would exceed the threshold. Alternatively, one member of a couple earns £500 and the other earns £200, again assuming the relevant threshold is £435, the partner with the higher earnings would not

NOTES ON CHARGES

meet the criteria (as the earnings are above the threshold) but the partner with earnings of £200 would do so.)

If they were included in a qualifying award of Universal Credit they should tick box 11, the patient was included in an award of income based Jobseekers Allowance.

- Check that the claim is being made within three months of the date the charge was paid, or the patient has an authorised form (LIS04(P)) from NHSBSA, Help with Health Costs
- Request evidence of entitlement to exemption or sight of form LIS04(P) authorising payment
- Check that the evidence relates to the patient
- Check that the evidence covers the date the charge was paid
- Note on the form what was produced, e.g. tax credit exemption certificate
- Note on the form the reference number on the exemption document (where applicable) e.g. 1234365
- Note on the form the LIS04(P) form reference number and date
- The person claiming the refund must print their name and address (i.e. the representative's details where appropriate)
- Pay the amount shown in Part A of the form
- Obtain signature of patient, or representative, and date for the cash
- Ensure that you, or the member of staff authorised to make refunds sign and print their name on the FP57/WP57 form.

Time Limit for making claims

- 7.15. A refund must be claimed within 3 months of the date on which the prescription charge was paid (e.g. if charge is paid 1 January, the refund must be claimed by 31 March). If more than 3 months have elapsed between the time the charge was paid and the prescription refund and receipt form is presented for payment, the refund may not be paid unless the patient has a form LIS04(P).
- 7.16. In the event of a late claim, patients will need to send the prescription refund and receipt form to NHSBSA, Help with Health Costs, Bridge House, 152 Pilgrim Street, Newcastle Upon Tyne, NE1 6SN and explain why they did not claim the refund within the 3 month time limit. Their Review Section will examine the claim and either authorise a refund by sending form LIS04(P) or advise the patient why they do not qualify.

Old style forms

- 7.17. You may be presented with the FP57/WP57 (0403) version of the form. If a patient does produce a 0403 form, the refund may be paid as long as either the form is presented within three months of the charge being paid, or the patient has an authorised form LIS04(P).

8. PRESCRIPTION PREPAYMENT CERTIFICATES (PPCs)

In England, a patient can buy a PPC:

- 8.1 Over the internet, using their debit or credit card, at www.nhsbsa.nhs.uk/ppc;
- 8.2 Over the telephone, using their debit or credit card, by calling 0300 330 1341;
- 8.3 By post, making payment by cheque, postal order, or their debit or credit card by completing the PPC application form (FP95);
- 8.4 By 10 monthly direct debit instalments of £10.81. These PPCs are available by post, by completing the PPC application form (FP95), by telephone, by calling 0300 330 1341 or internet, at www.nhsbsa.nhs.uk/ppc. This applies from 1 July 2007 and for 12 month PPCs only.
- 8.5 At a pharmacy registered to sell PPCs on behalf of the NHSBSA. A list of pharmacies registered to sell PPCs can be found at www.nhsbsa.nhs.uk/ppc.

PPCs may start up to one month earlier or one month later than the date on which the application is received by the NHSBSA, Help with Health Costs.

NOTES ON CHARGES

Doctors and pharmacists could greatly assist any patient who makes frequent payments for prescriptions by drawing attention to the availability of PPCs. These certificates cost £108.10 (England) for one year or £30.25 (England) for three months.

They are worthwhile for anyone requiring 13 or more items in 12 months or 4 or more items in three months. For the convenience of patients, pharmacists are asked to hold PPC application forms FP95 which can be ordered via the PCSE portal. In the case of queries about an order please contact PCSE by email at PCSE.enquiries@nhs.net or telephone by calling 0333 0142 884.

9. BULK PRESCRIPTION

Charges are not payable in respect of "bulk" prescriptions for schools or institutions supplied in accordance with the Regulations See Note 9, Part VIII A (page 246).

10. CONTRACEPTIVE SERVICES AND SEXUAL HEALTH RELATED TREATMENT

- 10.1. No charge is payable for contraceptive substances and listed contraceptive appliances for women prescribed on FP10 or any of its variants.

The great majority of family planning prescriptions will be for contraceptive devices (See Part IXA) spermicidal gels, creams, films, pessaries and aerosols; or those systemic drugs promoted as contraceptives which are listed below: prescriptions for those products will not be specially marked and a prescription charge should not be levied.

Prescriptions for other drugs - If the prescription is for contraceptive purposes the prescriber should mark the item with the symbol ♀ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes e.g. CC) and a prescription charge should not be levied for any items so marked. In the absence of such an endorsement by the prescriber, the normal prescription charge will apply to that item.

Where a dispensing doctor paid on the Drug Tariff basis supplies for contraceptive purposes a drug which is not on the list he or she should mark the item with the symbol ♀ (or endorse the item in another way which makes it clear that the prescription is for contraceptive purposes e.g. 'CC') on the prescription form before it is submitted for pricing.

NOTES ON CHARGES

- 10.2. No charge is payable for NHS treatment for Sexually Transmitted Diseases (STDs) - see section 173 of the National Health Service Act 2006 and regulation 10(2) of the Charges Regulations.

To be consistent with professional and other guidance (e.g. the National Institute for Clinical Excellence and the British Association for Sexual Health and HIV) we will refer to Sexually Transmitted Infections (STIs) rather than STDs, reflecting that many conditions are asymptomatic so an individual cannot be said to have a disease, and that an infection implies the condition is transmissible whereas a disease does not. The management of STIs in any setting, including primary care, should conform to national standards. Further guidance on STIs that may be suitable for managing in primary care can be found in the guidelines section of the British Association for Sexual Health and HIV (BASHH) website (<https://bashh.org/guidelines>) and in BASHH's Standards for the management of sexually transmitted infections (<https://www.bashh.org/about-bashh/publications/standards-for-the-management-of-stis/>).

If the prescription is for the treatment of an STI the prescriber should endorse each item with 'FS' for free supply of sexual health treatment to make it clear that the prescription is for the treatment of an STI and a prescription charge should not be levied for any items so marked. In the absence of such an endorsement by the prescriber, the normal prescription charge will apply to that item.

11. NOTES ON THE NUMBER OF CHARGES PAYABLE
11.1 SINGLE PRESCRIPTION CHARGE PAYABLE

Unless the patient claims exemption a single prescription charge is payable where:

- 11.1.1 The same drug or preparation is supplied in more than one container.
- 11.1.2 Different strengths of the same drug are ordered as separate prescriptions on the same prescription form (see also paragraph 12.4.2).
- 11.1.3 More than one appliance of the same type (other than hosiery*) is supplied.
- 11.1.4 A set of parts making up a complete appliance is supplied.
- 11.1.5 Drugs are supplied in powder form with the solvent separate for subsequent admixing.
- 11.1.6 A drug is supplied with a dropper, throat brush, or vaginal applicator.
- 11.1.7 Several flavours of the same preparation are supplied.

11.2 MULTIPLE PRESCRIPTION CHARGES PAYABLE

**NON-MEDICAL INDEPENDENT PRESCRIBING (NURSES, PHARMACISTS,
OPTOMETRISTS, PHYSIOTHERAPISTS AND CHIROPODISTS/PODIATRISTS)**

Nurse and Pharmacist Independent Prescribers are able to prescribe any medicine for any medical condition within their competence. This includes any controlled drug listed in Schedules 2-5, except diamorphine, cocaine and dipipanone for the treatment of addiction (Nurse and Pharmacist Independent Prescribers are able to prescribe other controlled drugs for the treatment of addiction).

Optometrist Independent Prescribers can prescribe any licensed medicine for ocular conditions affecting the eye and surrounding tissue, but cannot prescribe any controlled drug independently.

Physiotherapist Independent Prescribers can prescribe any licensed medicine for any condition within their competence within the overarching framework of human movement, performance and function. With effect from June 2015, this includes the following controlled drugs: temazepam (oral), lorazepam (oral), diazepam (oral), dihydrocodeine (oral), morphine (oral and injectable), fentanyl (transdermal) and oxycodone (oral).

Podiatrist Independent Prescribers can prescribe any licensed medicine within their competence and relevant to the treatment of disorders affecting the foot, ankle and associated structures. With effect from June 2015, this includes the following controlled drugs: temazepam (oral), lorazepam (oral), diazepam (oral), dihydrocodeine (oral).

Nurse, Pharmacist, Optometrist, Physiotherapist & Chiropodist/Podiatrist Independent Prescribers:

- must work within their own level of professional competence and expertise;
- are recommended to prescribe generically, except where this would not be clinically appropriate or where there is no approved generic name;
- can prescribe licensed medicines independently for uses outside their licensed indications (so-called 'off-licence' or 'off-label'). They must accept clinical/legal responsibility for that prescribing, and should only prescribe off-licence/off-label where it is accepted clinical practice. In general, the General Optical Council discourages optometrists from prescribing 'off-licence' or 'off-label'. Further guidance is provided in the College of Optometrists Clinical Management Guidelines;
- may prescribe any appliances/dressings that are listed in Part IX of the Drug Tariff. Optometrist, Physiotherapist and Chiropodist/Podiatrist Independent Prescribers can only prescribe appliances/dressings for the treatment of conditions relevant to their respective areas of professional practice;
- must not prescribe drugs and other substances listed in Part XVIII A of the Drug Tariff at NHS expense;
- may prescribe drugs listed in Part XVIIIB of the Drug Tariff at NHS expense, but only in the specified circumstances, for the specified patient groups listed in the Drug Tariff and where this is within their scope of professional practice;
- Nurse and Pharmacist Independent Prescribers can prescribe unlicensed medicines for their patients, on the same basis as doctors and supplementary prescribers. Optometrist, Physiotherapist and Chiropodist/Podiatrist Independent Prescribers cannot prescribe unlicensed medicines;
- may prescribe borderline substances, which have been approved by the Advisory Committee on Borderline Substances (ACBS). A list of ACBS approved products and the circumstances under which they can be prescribed, can be found in Part XV of the Drug Tariff. Although this is a non-mandatory list, Nurse and Pharmacist Independent Prescribers should normally restrict their prescribing of borderline substances to items on the ACBS approved list. Optometrist, Physiotherapist and Chiropodist/Podiatrist Independent Prescribers should not need to prescribe any items on the ACBS list.

**DRUGS, MEDICINES AND OTHER SUBSTANCES NOT TO BE ORDERED UNDER A
GENERAL MEDICAL SERVICES CONTRACT**

Part XVIII A informs of the drugs, medicines and other substances that may not be ordered under the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004 and the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) (Wales) Regulations 2004. The different provisions as they apply to England and Wales are as follows:

In England only

Food marketed as gluten-free or very low gluten may not be ordered under the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) (Amendment) Regulations 2018, unless they are gluten-free breads or gluten-free food mixes.

In England and Wales

Note: Some of the references to products listed in Schedule 1 to the National Health Service (General Medical Services Contracts) (Prescription of Drugs etc.) Regulations 2004, and reproduced below in Part XVIII A, are to their British Approved Name (BAN). For the purposes of this list, reference to a generic product's British Approved Name also includes any corresponding generic medicine which is now known by the recommended International Non-proprietary Name. For example, there is an entry in Part XVIII A of the Drug Tariff for Guaiphenesin Syrup (any strength), but Guaifenesin is now the rINN. Neither product should be ordered under a general medical services contract.

CRITERIA NOTIFIED UNDER THE TRANSPARENCY DIRECTIVE

Criteria notified to the European Commission under Article 7 of the Council Directive relating to the transparency of measures regulating the pricing of medicinal products for human use and their inclusion in the scope of national health insurance schemes (89/105/EEC)

The following six criteria have been separately notified by the UK Government to the European Commission since 1989 to comply with Article 7 of the Transparency Directive.

First, under the Selected List Scheme, medicinal products in seventeen therapeutic categories which are excluded from prescription on the grounds that, on expert advice, they had no clinical or therapeutic advantage over other, cheaper, drugs in the following categories:-

- mild to moderate painkillers
- indigestion remedies
- laxatives
- cough and cold remedies
- vitamins
- tonics
- benzodiazepine sedatives and tranquillisers
- anti-diarrhoeal drugs
- drugs for allergic disorders
- hypnotics and anxiolytics
- appetite suppressants
- drugs for vaginal and vulval conditions
- contraceptives
- drugs used in anaemia
- topical anti-rheumatics
- drugs acting on the ear and nose
- drugs acting on the skin

Second, products may be considered as "borderline substances" which are not truly medicinal products with clinical or therapeutic value and are excluded from NHS prescription on that ground.

Third, as well as being freely available on sale over the counter to the general public the cost to the NHS if the product(s) were to be supplied on prescription could not be justified at any price likely to be economic to the manufacturer and that the supply of the product is not considered a priority for the use of the limited resources available to the NHS.

Fourth, that products which nonetheless may meet a legitimate clinical or therapeutic need when properly prescribed, are subject to misuse by drug misusers, and such misuse, or the manner in which the product is administered by drug misusers, gives rise to the risk of physical or mental morbidity and alternative products are available to meet all legitimate clinical or therapeutic needs.

Fifth, a medicinal product or a category of medicinal products may be excluded entirely from supply on NHS prescription. It may alternatively be excluded except in specified circumstances, or except in relation to specified conditions or categories of condition, or specified categories of patient. A medicinal product or a category of them may be so excluded where the forecast aggregate cost to the NHS of allowing the product (or category of products) to be supplied on NHS prescription, or to be supplied more widely than the permitted exceptions, could not be justified having regard to all the relevant circumstances including in particular: the Secretary of State's duties pursuant to the NHS Act 1977 and the priorities for expenditure of NHS resources.

Sixth, products which comprise an injection device prefilled with a drug may be excluded from supply on NHS prescription if the same drug is available and can be used more economically in a container which may be used in conjunction with a refillable injection device.

 - (ii) the appellant does not bring it within 30 days of that date (the day on which the notification was received being treated as day zero); or
- (b) if it is of the opinion that the notification of the appeal from the appellant to the Authority contains no valid grounds of appeal (for example, because it amounts to a challenge to the legality or reasonableness of these Directions, the 2013 Regulations or the Drug Tariff).

Flexibility with regard to the manner of determining appeals

5.—(1) Except in so far as these Directions provide to the contrary, the Authority is to determine the appeal against the decision in such manner (including with regard to procedures) as the Authority sees fit.

Oral hearings

6.—(1) Subject to paragraph (2), the Authority may determine the appeal without hearing any oral representations.

(2) Before the appeal is finally decided, the appellant may ask to make oral representations, and if such a request is made, a hearing must be arranged, unless the Authority is satisfied that—

- (a) a hearing is unnecessary; or
- (b) it must dismiss the appeal by virtue of direction 4.

(3) If a hearing is arranged—

- (a) the hearing must be before a committee established under direction 3(1); and
- (b) the Authority must give not less than 14 days notice of the time and place at which the oral representations are to be heard to—
 - (i) the NHSCB, and

 and they (or their duly authorised representatives) are to be the only persons entitled to make oral representations at the hearing.

Decisions of the Authority

7.—(1) On deciding an appeal against a decision, the Authority may—

- (b) substitute for the decision any decision that the NHSCB could have taken when it took the decision; or
- (c) quash the decision, with or without remitting the matter to the NHSCB for it to take the decision again subject to such directions as the Authority considers appropriate.

(2) Once the Authority has determined the appeal, the Authority must notify the following of its decision—

- (a) the NHSCB; and
- (b) the appellant,

and must include with that notification a statement of the reasons for the Authority's decision and the Authority's findings of fact.

(3) For the purposes of the 2013 Regulations and the Drug Tariff, the Authority's decision becomes the NHSCB's decision on the matter (but no further appeal to the Authority on that decision is possible), unless the Authority's decision is overruled by a court.

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

Payments to a suspended contractor

3.—(1) Subject to the following provisions of this determination, the NHSCB must pay to each contractor (SC) suspended from a pharmaceutical list in accordance with Chapter 6 of Part 7 of the National Health Service Act 2006(a) (pharmaceutical services and local pharmaceutical services – disqualification) a suspended contractor monthly payment (SCMP) of—

- (a) as regards each complete calendar month for which SC is suspended, an amount equal to SC's reference remuneration; or
- (b) if SC is only suspended for part of a calendar month, an amount calculated by multiplying SC's reference remuneration by the fraction produced by dividing the number of days for which SC was suspended during that month (including weekends and bank holidays) by the total number of days in that month.

(2) For the purposes of sub-paragraph (1) but subject to the following provisions of this determination, the "reference remuneration" of SC is the total of the relevant fees and allowances to which SC is entitled in respect of relevant listed premises during the relevant period, divided by the duration of the relevant period (which may differ for different elements of the reference remuneration if more than one set of premises are listed in relation to SC and those premises are listed in relation to SC for different periods).

(3) For the purposes of paragraph (2), the "relevant fees and allowances" means the following fees payable to SC during the relevant period—

- (a) fees (for pharmacy contractors) payable under clause 1 of Part IIIA;
 - (b) fees (for pharmacy contractors) payable under clause 2 of Part IIIA;
 - (c) fees (for appliance contractors) for dispensing appliances payable under Part IIIB;
 - (d) payments (for pharmacy contractors) payable under Part VIA;
 - (e) payments (for appliance contractors) payable under Part VIB;
 - (f) payments for advanced services (for pharmacy and appliance contractors) payable under Part VIC;
 - (g) payments for enhanced services (for pharmacy contractors) payable under Part VIE; and
 - (h) payments in respect of pre-registration trainees payable under Part XIII.
- (4) For the purposes of paragraphs (2) and (3), the duration of the "relevant period" is—
- (a) in the case of any relevant listed premises that have been listed in relation to SC for at least 12 complete calendar months prior to the suspension of SC, the 12 complete calendar months that preceded SC's suspension; or
 - (b) in the case of any relevant listed premises that have been listed in relation to SC for less than 12 complete calendar months prior to the suspension of SC—
 - (i) if the premises have been listed in relation to SC for at least one calendar month prior to the suspension of SC, the number of complete calendar months prior to that suspension during which the premises were listed in relation to SC, or
 - (ii) if the premises have not been listed in relation to SC for at least one calendar month prior to the suspension of SC, the portion of that month, expressed as a fraction, prior to the suspension of SC during which the premises were listed in relation to SC.

Adjustments to suspended contractor monthly payments to take account of premises closures or changes of ownership

4.—(1) Subject to paragraph (3), where premises cease to be listed in relation to a contractor (SC) after SC has been suspended from a pharmaceutical list, as respects the period after those premises cease to be so listed, no account is to be taken of pharmaceutical services provided by SC at those premises prior to SC's suspension in the calculation of a SCMP.

(a) 2006 c. 41.

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

(2) For these purposes, where the premises cease to be listed in relation to SC after the start of a calendar month, SC remains entitled to a proportion of—

- (a) the element of the SCMP; or
- (b) the SCMP,

that related to those premises, calculated by reference to the number of days in that month during which the premises were listed in relation to SC divided by the total number of days in that month.

(3) Paragraph (1) does not apply in circumstances where premises cease to be listed in relation to SC as a consequence of the relocation of the business at those premises to new premises.

(4) For the avoidance of doubt, no payments are payable under this Determination in respect of any period when SC no longer has any premises listed in relation to SC on a pharmaceutical list.

Additional payments: increasing turnover

5.—(1) If the NHSCB is satisfied that a suspended contractor (SC) to whom it is required to pay a SCMP would, but for the suspension, have been entitled to receive payments under Part VIA or VIB for a particular month in respect of particular premises that in total are higher than the amount in respect of payments under that Part that was included in the calculation of SC's SCMP for that month, it must make an additional payment to that contractor.

(2) The amount of the additional payment is to be the difference between the contractor's SCMP and the amount the SCMP would have been if the higher total referred to in sub-paragraph (1) had instead been the total of payments under Part VIA or VIB in respect of the particular premises that had been used in the appropriate place in the calculation of SC's SCMP.

Additional payments: temporary cover

6.—(1) If—

- (a) a person (X) other than a suspended contractor (Y) has been listed in relation to relevant listed premises; and
- (b) the NHSCB is satisfied that Y is paying X a payment (in addition to any agreed share of the payments under paragraphs 3 and 5) in respect of the provision of professional services by a chemist (Z),

the NHSCB must make an additional payment to Y in respect of that provision of professional services.

(2) The amount of the additional payment is to be the cost to X of the professional services provided by Z, up to a maximum of £150 per day.

Arrangements for claims and making payments

7.—(1) Payment of an SCMP, or of an additional payment under paragraph 5 or 6, is to be made in arrears as soon as is practicable after the end of the month to which the payment relates, but—

- (a) in the case of SCMPs, they are only payable if, before the first monthly payment, by the end of the month after the first month in respect of which a suspended contractor (SC) wishes to claim SCMPs, SC has notified the NHSCB that SC wishes to claim SCMPs; or
- (b) in the case of additional payments under paragraph 6, they are only payable if, by the end of the month after the month in respect of which SC wishes to claim the additional payment, SC has notified the NHSCB that it wishes to claim an additional payment.

(2) Where it is reasonable to do so, payments under this determination may be withheld, temporarily or permanently, if SC does not provide the NHSCB with the information that it reasonably requires in order to establish entitlement to, or the correct level of, payments under this determination.

(3) If SC's first SCMP is due but the NHSCB is only able to make a reasonable estimate of the amount that is due, it must pay a reasonable estimate of the amount that is due, and thereafter

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

adjust (where it is able to do so) future SCMPs to take account of any underpayment or overpayment that has arisen because of the use of that estimate.

(4) For the avoidance of doubt—

- (a) sub-paragraph (3) is without prejudice to the NHSCB's powers to recover overpayments under regulation 98(6) of the 2013 Regulations (payments to suspended chemists); and
- (b) the payments to be made under this determination are the payments to be made by the NHSCB to SC and not the payments to be made by the NHSCB to any person who is providing pharmaceutical services instead of SC because of SC's suspension from a pharmaceutical list.

Revocations and transitional arrangements

8.—(1) The Payments to Suspended NHS Chemists (England) Determination 2012 is revoked.

(2) Paragraph 13(8)(a) of Schedule 9 to the 2013 Regulations (transitional provisions – service provision issues: NHS chemists) applies in relation to payments to a suspended contractor in respect of a period of suspension that preceded 1st September 2012 (as a consequence of which, decisions on payments in respect of the period of suspension that preceded 1st September 2012, and any appeals relating to those decisions, are to be in accordance with the 2005 Regulations and with the determinations mentioned in paragraph 8(1) of the Suspended NHS Chemists (England) Determination 2012).

(3) Paragraph 13(8)(b) of Schedule 9 to the 2013 Regulations applies in relation to payments to a suspended contractor in respect of a period of suspension between 1st September 2012 and 31st March 2013 inclusive (as a consequence of which, decisions on payments in respect of the period of suspension between 1st September 2012 and 31st March 2013 inclusive, and any appeals relating to those decisions, are to be in accordance with the 2012 Regulations and with the Suspended NHS Chemists (England) Determination 2012).

(4) Where a matter is to be dealt with in accordance with the determinations mentioned in sub-paragraphs (2) and (3) by virtue of paragraph 13(8) of Schedule 9 to the 2013 Regulations, in dealing with that matter, the NHSCB (or where appropriate on appeal the Secretary of State) is to treat those determinations as provisions of the Drug Tariff for the purposes of the continuity principles (as defined in paragraph 1(8) of Schedule 9 to the 2013 Regulations), whether or not those determinations continue to be included in the Drug Tariff.

Department of Health

EXPLANATORY NOTE

The following example is intended to illustrate the method of calculation of suspended contractor monthly payments under this Determination.

A pharmacy contractor is suspended by the NHSCB after close of business on 14th February 2014 and on that date has three sets of premises listed in relation to them on a particular pharmaceutical list: one (premises X) has been listed for two years; the second (premises Y) has been listed since the 15th May 2013; and the third (premises Z) has been listed since the start of February 2014.

In the 12 months prior to 1st February 2014, the contractor's income from the relevant fees and allowances at premises X was £120,000; in the eight months prior to 1st February 2014, the contractor's income from the relevant fees and allowances at premises Y was £96,000; and in the

**PAYMENTS TO CHEMISTS SUSPENDED BY THE NHS COMMISSIONING BOARD OR BY
DIRECTION OF THE FIRST-TIER TRIBUNAL**

first two weeks of February 2014, the contractor's income from the relevant fees and allowances at premises Z was £4,000. Accordingly, the reference remuneration for the contractor is $(£120,000 \div 12 = £10,000) + (96,000 \div 8 = £12,000) + (£4,000 \div 0.5 = £8,000) = £30,000$. For February 2014, the amount due will be $£30,000 \times (14 \div 28) = £15,000$, and from March 2014 onwards, the amount will be £30,000 – unless any or all of the premises close or are sold. So for example, if, with effect from 16th June 2014, premises Z are sold to another contractor, the reference remuneration for June 2014 is adjusted to £26,000 and from July 2014 to £22,000.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

Following the Government's response to the Fourth Report of the Shipman Inquiry (Safer Management of Controlled Drugs), the requirements for requisitions and private prescriptions for controlled drugs have changed.

For EnglandPrivate Prescriptions for Controlled Drugs

From 1 July 2006 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (FP10PCD).

Following dispensing, the original FP10PCD prescription forms must be submitted to the NHS Business Services Authority (NHSBSA) for audit purposes.

Requisitions for Controlled Drugs

From 30 November 2015 the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 (as amended) must be requisitioned using the new FP10CDF form. This can be accessed from the NHS Business Services Authority website: <http://www.nhsbsa.nhs.uk/PrescriptionServices/1120.aspx>

The requirement to use the mandatory form applies to the professionals listed at regulation 14(4), which now includes paramedics and the person in charge or acting person in charge of an organisation providing ambulance services, and only when stocks of the relevant controlled drugs are to be obtained in the community, including from wholesalers but outside settings such as hospitals.

From 1 June 2015, hospices and prisons are exempt from the requirement to use the mandatory form when requisitioning supplies of Schedule 2 and 3 controlled drugs. They can continue to use the old version of the FP10CDF form while stocks last.

Once the supply has been issued, the requisition form must be marked in accordance with the regulations before being submitted to the NHS Business Services Authority for audit purposes. Hospitals and wholesalers are exempt from this requirement.

Submission of Forms

One FP34PCD submission document must be completed and submitted with each monthly submission of original FP10PCD prescription forms/FP10CDF requisition forms. The submission document is available at <http://www.nhsbsa.nhs.uk> along with guidance on how to complete the document.

The original prescriptions/requisitions should be sorted separately, packed securely and dispatched to the NHS Business Services Authority by no later than the fifth day of the month following that in which they were supplied.

The FP34PCD submission document and original FP10PCD prescription forms/FP10CDF requisition forms must be submitted to the following address:

**NHSBSA, NHS Prescription Services
Division 3 Newcastle
Goods Entrance (off Dean Street)
Bridge House
152 Pilgrim Street
Newcastle upon Tyne
NE1 6SN**

Please ensure that original FP10PCD prescription forms/FP10CDF requisition forms are only sent with the relevant FP34PCD submission document and are not included in the monthly submission of NHS prescription forms.

REQUISITIONS AND PRIVATE PRESCRIPTIONS FOR CONTROLLED DRUGS

For WalesPrivate Prescriptions for Controlled Drugs

From 1 January 2007 all private prescriptions issued for controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using the prescription form designed specially for this purpose (WP10PCD (Pad) or WP10PCDSS (Single Sheet)).

Following dispensing, the original WP10PCD or WP10PCDSS prescription forms must be submitted to NHS Wales Shared Services Partnership (NWSSP) – Primary Care Services for audit purposes.

Requisitions for Controlled Drugs

From 30 November 2015 requisitions used for the supply of controlled drugs in Schedule 2 or 3 of the Misuse of Drugs Regulations 2001 must be ordered using a WP10CDF requisition form. The requirement to use the mandatory form applies to the professionals listed at regulation 14(4) of the Misuse of Drugs Regulations 2001 as amended.

Since 1 June 2015, hospices and prisons have been exempt from the requirement to use the mandatory form when requisitioning supplies of Schedule 2 and 3 controlled drugs.

Once the supply has been issued the requisition must be submitted to NHS Wales Shared Services Partnership (NWSSP) – Primary Care Services for audit purposes. Supplies of the WP10CDF form can be obtained from local Business Service Centre stores. Requisitions for supplies by hospitals and wholesalers are exempt from this requirement.

Submission of Forms

The supplier must submit all CD requisitions that they have processed to NHS Wales Shared Services Partnership (NWSSP) – Primary Care Services using the WP34C form which can be downloaded from - <http://www.hsw.wales.nhs.uk/page.cfm?orgid=166&pid=9848>.

The WP34C submission document and original WP10PCD/WP10PCDSS prescription forms and WP10CDF requisition forms must be submitted to the following address:
