

How to complete an Inter Authority Transfer (IAT) check in NHS Jobs user guide

This guide gives you instructions for how to complete an Inter Authority Transfer (IAT) check in the NHS Jobs service.

You'll need to check the applicant's IAT consent as part of their pre-employment checks.

An IAT is a process for moving an applicant's information from their old to their new NHS employer.

An IAT is ran between the NHS organisations ESR systems. Both organisations must opt into the automated IAT process in ESR.

To find out which roles can do this, go to the '**Roles and permissions**' link in the '**Help and information**' section of the <u>employer dashboard</u>.
