

## NHS Jobs system release communications 23.03.2023

### Continuous improvement

- Edit address of a contract
- Stability improvements

## Continuous improvement

Name	Description	Benefit
Edit address of a contract	We have improved the functionality at contracts stage to allow employers to add addresses which were not included on the job advert.	This means employers have more flexibility with their contracts and can more easily make changes to these documents.
Technical improvements (Stabilisation)	We've made a large number of technical improvements across NHS Jobs, these improvements help increase service performance, reduce errors.	To improve performance and provide better alerts and logs for problem management.
