# Introduction

## What is an FP17PRW form?

The FP17PRW form is a legal document that's part of a patient's dental records. It forms the basis of any NHS electronic (EDI) FP17W claim that a practice makes. It's a requirement that the FP17PRW form be fully complete and retained as part of the patient's records. By failing to complete this paperwork, a performer wouldn't be claiming in accordance with the regulations, contrary to paragraph 19(1)(a) of the terms of service. There are two language versions of the Welsh FP17PRW form: (1) FP17PRWe (English language); and (2) FP17PRWw (Welsh language).

The electronic version of the form is used by dental system suppliers for the electronic capture of a patient's signature and exemption / remission entitlement.

## When should an FP17PRW form be completed?

An FP17PRW form must be completed for each course of NHS dental treatment where a practice submits their FP17W claims via EDI or the online form in Compass.

## Where can I obtain the FP17PRW form from?

If you're based in Wales you need to contact your Commissioner (Local Health Board).

## What is an FP17PRWeES form?

The FP17PRWeES form is an electronic version of the paper-based FP17PRWe form, both in English language. The equivalent forms in Welsh language are the FP17PRWwES (electronic) and FP17PRWw (paper-based).

## Scope of this guide

This short guide has been produced to:

- ▶ help dental teams support patients to complete the Practice Record (FP17PRW) form
- ▶ signpost to resources that will help patients to:
  - find their NHS number
  - check whether they are eligible for help towards NHS dental treatment
- ▶ address questions around the information required on the form and why this is collected

This guide can also be used as a training tool for individuals new to NHS dentistry.

This guide is to be used for the completion of Practice Record (FP17PRWe) forms for general, urgent and orthodontic courses of NHS dental treatment in Wales.
