

Allocation initial enquiry (AW8/11A)

Membership number (if known)

--	--	--	--	--	--	--	--	--	--

You **must** read the Allocation factsheet before submitting this form.

On receipt of this initial enquiry form we will send you an estimate to help you make a decision about how much pension to allocate if you do wish to proceed.

Please tick all statements below to confirm your understanding:

- I have read the Allocation factsheet; I am in good health and wish to enquire about allocation.
- I am aware that I will need to arrange and pay for a medical examination if I wish to proceed after receiving the estimate.
- I understand that allocation and an adult dependant's pension are separate provisions.
- I am aware that the payment of my own pension would be permanently reduced if I choose to go ahead with an allocation of pension to my beneficiary.
- I understand that the payment of my own pension may be delayed during the allocation process.

About you
