The screenshot shows the 'Activity Creation Launch' screen with a breadcrumb 'Home > Activity Creation Launch'. It features four input fields: 'Contract ID' (highlighted yellow with a magnifying glass icon), 'Personal ID', 'Location ID', and 'Form Type' (highlighted yellow with a dropdown arrow and asterisk icon). 'Next' and 'Cancel' buttons are at the bottom right.

You can either enter Contract ID manually or click on the magnifying glass to display all the contracts you work on and choose the appropriate contract. Use drop down to choose the form type (FP17OW) and select “next” button.

Orthodontic Data Set

Use this “tab” to record any Orthodontic Data Set details required concerning the appliances or retainers fitted, radiographs/photographs taken or extractions made.

The screenshot shows the 'Orthodontic Data Set' tab in a software interface. At the top, there are navigation tabs: Patient Information, Exemptions, Remissions & Patient Charge, Supporting Evidence, **Orthodontic Data Set**, Orthodontic Assessment & Treatment Start, and Orthodontic Conclusion. Below these are sub-tabs: Ethnic Origin, Clinician Declaration, and Ortho Reg 11 / Appliance Repair.

The main form area contains several sections:

- Aerosol Generating Procedure:** A text input field followed by '(No. of appointments)'.
- Radiograph(s) taken:** A text input field followed by '(Number)'.
- Fixed lower appliance:** A checkbox.
- Removable upper appliance:** A checkbox.
- Functional appliance:** A checkbox.
- Removable lower appliance:** A checkbox.
- Retainer upper:** A checkbox.
- Fixed upper appliance:** A checkbox.
- Retainer lower:** A checkbox.

Below these is the **Extractions** section, which includes a search field with a dropdown menu set to 'Quadrant' and a search icon. To the right is a 'Create' button. Below the search is a table with the following structure:

Quadrant	Tooth	Action

At the bottom left of the table area, it says 'Records 0 to 0 of 0'. At the bottom right, it says 'Page 1 / 1'. Below the table are several action buttons: 'Save as Draft and Create Another Claim', 'Save as Draft and Return to Launch Screen', 'Save and Create Another Claim', 'Save and Return to Launch Screen', and 'Cancel and Return to Launch Screen'.

For extractions each individual tooth must be recorded in a separate transaction by using the “Create” button. Select the Quadrant and Tooth notation from a drop-down list in each case. Select the “Save/Create” button to add further tooth notations or “Save” to return to the Orthodontic Data Set “tab”.

This screenshot is similar to the previous one but shows an 'Extractions' modal window open over the table. The modal has a title bar with a close button (X). It contains two dropdown menus: 'Quadrant' and 'Tooth', both with asterisks indicating they are required fields. Below the dropdowns are three buttons: 'Save', 'Save/Create', and 'Cancel'. The background form is dimmed.
